HON. A. S. HARDY IN SCOTLAND VILLAGE. SCOTLAND, May 19.—A heavy, leaden sky and drizzling rain were the atmospheric conditions in this village this evening, but a darker sky and a heavier rain would not have kept the electors of Oakland and Burford at their homes when it was made known that the Hon. A. S. Hardy was to be at Foster's Hall to give an account of his stewardship. This the Minister did in a very clear and comprehensive manner, giving a careful review of the record of the Mowat Administration. Mr. C. Heyd, exmayor of Brantford, was present and spoke for an hour upon the principal topics of the day. He referred to the success of Mr. Mowat's municipal loan fund scheme and to his masterly treatment of the the several constitutional questions. He told of the workings of the Crown Lands Department and clearly explained the relation of the Educational Department to the public school system of this country, and he deemed it a pleasure to congratulate the Mowat Government on the efficient and clean administration of the finances of the country. The chair was occupied by Mr. Jas. Malcolm, of Northfield Center. Mr. C. Daniels, of the Expositor, represented the press.

CONSERVATIVE MEETING AT GUELPH.
GUELPH, May 21.—The Conservatives held a public meeting in the City Hall last night. Col. Macdonald spoke for an hour on the Meredith platform, but failed to create enthusiasm. However, when he made reference to Mr. Lettridge turning Reformer for his own interests he was heartily applauded by Mr. T. Goldie, Wm. Bell and Chas. Raymond, who were on the platform. Mr. H. E. Clarke, ex-M.P.P., Toronto, spoke for over an hour and a half, Sufferent master, and should recreate methods a public meeting in the City Hall last shight. Col. Macdonald spoke for an hour on the Meredith platform, but failed to create enthusiasm. However, when he made reference to Mr. Lottridge turning Reformer for his own interests he was heartily applied by Mr. T. Goldie, Wm. Bell and Chas. Raymond, who were on the platform. Mr. H. E. Clarke, ex.M.P.P., Toronto, spoke for over an hour and a half, his chief theme being the separate school question. He handled it in such a manner that one of the most pronounced Tories' in the city characterized his atterances as "insulting and scandalous to the Roman Catholic Church and the clergy"

Dr. Nunan rose and contradicted his statements to the effect that the laity of the Roman Catholic Church and the clergy

were divided on the question of ballots for separate school elections, and denied also that the Roman Catholics were under the dictation of their priests as to how they should vote, and finally asked the question of the speaker why Roman Catholics should be singled out of all other denominations for ridicule and insult. After Mr. Clarke had disposed of the school question, he approached the finances of the Province. This was too much for the forbearance of a large portion of the audience, the time now being 11:30, and they left the hall with rousing cheers for Mr. Guthrie and Mr. Mowat. The meeting was brought to a close immediately afterwards. One thing was noticeable, vir., that no resolution in favor of the Colonel or the party which he upholds was put to the meeting.

WEST LAMETON TORIES.

PETROLEA, May 21.—The West Lambton Conservative Convention was not held today owing to the secretary not having issued the notice, and it will now meet at Sarnia on Tuesday, 27th.

THE EASTERN CAMPAIGN.

CORNWALL, May 21.—The Government candidates are meeting with surprising success in the East. Mr. Evanturel is unopposed in Prescott. He has been addressing the people in the West for some two weeks, and is now in Stormont, Dundas and Russell till nomination. Mr. Robillard will likely be also elected by acclamation. Mr. Mack had enthusiastic meetings all over Stormont. He spoke with Mr. Evanturel in Chrysler, Moose Creek and Cornwall. His majority over that of Mr. Leitch will probably be double that of last election. Mr. Monk is opposed to Castleton by his own friends. The same with Mr. French in Grenville. Mr. Caldwell is likely, also to have a walk-over in Lanark. The Meredith platform is deserted by the wise Protestants of Eastern Ontario.

A FARMER CANDIDATE FOR DUFFERIN.

SHELEURNE, May 21.—A large and enthusiastic meeting of the farmers of Dufferin was held here to-day for the purpose of selecting a practical farmer to contest the riding in the interest of agriculture at the approaching Ontario elections, and it was unanimously resolved that Mr. R. McGhee, ex.M.P.P., of Horning's Mill, be the candidate in the interest above described.

ex-M.P.P., of Horning's Mill, be the candidate in the interest above described.

CENTER BRUCE.

PAISLEY, May 21.—The Liberals of Center Bruce never entered on a fight with greater energy, spirit and enthusiasm than on the present campaign. They are united, and with effective work Mr. Dack's return will be sure and his majority will be splendid. An effort was made to divide the party by introducing equal rights into the contest, but Mr. Shaw's nomination settled that effectively. The course pursued by the Tories here is to circulate false stories regarding the numbers of Reformers who are going to vote for Mr. Shaw. It is in this way that they keep up the courage of the party. In a report sent from here, and which appeared in the Empire on Monday, the names of certain Reformers are given who are alleged to be going to vote for the Equal Rights platform. Among them are those of Archibald Fasher and John Coulter. Both of these gentlemen are avowed supporters of Mr. Dack, and they are indignant that they should be misrepresented to bolster up a hopeless cause. As to Duncan Fasher, he was a Conservative in 1878. Mr. Dack has gained a number of Conservative friends, who will more than counter-balance any slight losses in the Liberal ranks.

## FALSE PROFESSIONS.

A London Township Farmer on the Tory Cries.

"Solid Votes" and Their Significance-Schools, Churches and the State.

Schools, Churches and the State.

To the Editor of the ADVERTENBE.

Meredith's plank, "Unite, unite against the common enemy," is still doing service. He indorsed it at Toronto, Macklin and Elilior re-chocod the battle cry against the "solid voto" of the Roman Catholice. But on the question being pressed Mr. Macklin admitted that Sir John had at least ome-half of the Casholic vote. The Liberals, of course got the other half. Is that solid voto: This fact must be and is known to the very men who impudently repeated the cry against the solid vote. I believe the Catholic vote is rore divided than any of the other who impudently repeated the cry against is more solid, being largely Liberals, but the English Church is almost a solid Conservatives. The Presbyterian is more solid, being largely Liberals, but the English Church he right to vote if or whom they choose? Shall the Presbyterian the English Church the right to vote if the more divided Methodist and Catholic churches with an appeal to unjte together, and unite with the Presbyterians to crush the English Church is almost as common enemy? Would that be either Christian or statesmanilke? "Whatsoever ye would that men should do unto you, do ye even so to them." I wonder Meredith and his party did not find that verse when critically searching het "Ross Dible." Such a statemont by Premienship of Ontario, in simply monstrous. Howling over the French language in the schools, shoung of the province it now is.

More of the Catholic of the Catholic of the premain and the Administration, and shall as y unjuit. Cut and the present of the same and platform, and shall as y pulpit. Cut and the present of the premain and the catholic? What danger to the State if the children should ask, "What means that and Catholic? What danger to the State if the children should ask, "What means that and Catholic? What danger to the State if the children should ask, "What means that and Catholic? What danger to the State if the children should ask, "What means that the present of the state

State rests at the door of Meredith and his supporters.

Another complaint is that Mr. Mowat refused to give the ballot to the separate schools. No supporter of "separate schools" has asked for it. Mr. Meredith has asked it to be made compulsory, not having a petition from a single supporter of separate schools. Should Mr. Mowat grant it because Meredith asks for it. The party is now trying to make capital grant it because Meredith asks for it?
The party is now trying to make capital out of the "Equal Rights" cry. That has now got boiled down to complete separation of Church and State. Is the Meredith party prepared to accept that? Young men can yet remember when that party lay snugly in the lap of the State, gorging themselves at its expense till choaked off by the Liberal party, and though now scarcely out of their wallowing condition for the sake of office they suddenly blossom out into exponents of equal rights. Give them office and their natural affinity for dirt will soon land them again in the mire. When the Dominion election comes these same equal right advocates will support Sir John in taxing the consumer 20, 30 and even 50 per cent. to enrich binding twine, sugar and all other monopolies. Yea, verily, you will not wait to be washed till you are back into the wallowing feed pens.

Montreal, May 22.—A newspaper re-

Grain Men Gloomy.

Montreal, May 22.—A newspaper reporter interviewed a number of grain shippers as to the prospects of grain shipments. They all take a gloomy view of the situation. One shipper, after pointing out that Montreal had lost her position as a grain shipping port, said: "What we need is free trade, and until we get it we must expect our grain men to gradually go to the wall." Another shipper said: "The outlook is anything but bright." The head of a large shipping firm said there was no Canadian wheat being shipped. It was all American. A fourth shipper said: "Never in the history of Canada has the outlook been so gloomy. Montreal should be one of the finest shipping ports on this side of the ocean, yet, thanks to the fact that we are not affree tradecounty, Montreal is fast losing ground. It may not seem right for a citizen of Montreal to talk this way, yet it is the truth, and sooner or later it must be known. As things stand now, the American has every advantage over us, and what the end will be God only knows. American has every advantage over us, and what the end will be God only knows.
