The Youth's Companion's Seventy-Fifth Year.

The new volume of The Youth's Companion for 1901 will mark the paper's seventy-fifth year of continuous publication—seventy years during which it has had the approval of three generations of readers. The constant aim of The Companion is to carry into the home reading that shall be helpful as well as entertaining—reading that shall contribute to the pure happiness of all the family. Strong in the assurance that every reader gained is a friend won, the publishers offer to send The Companion free for the remaining weeks of 1900 to those who subscribe now for the new volume for 1901. There will not be an issue from now until 1902 that will not be crowded with good and value. Diplomats, Explorers, Sailors, Trappers, Indian Fighters, Story-Workers, and Self-Made Men and Women in Many Vocations, besides the most popular writers of fiction, will write for The Companion not only next year, but during the remaining weeks of this year.

The new subscriber will also receive The Companion's new "Puritan Girl" Calendar for 1901, lithographed in 12 colors. Illustrated announcement of the volume for 1901 will be sent free to any address, with sample copies of the paper.

A Finnish Attack. An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at W. T. Strong & Co.'s drug store.

—Dr. Barrie, the Y. M. C. A. secretary with the first Canadian contingent, has cabled from the Cape Verde Islands to the effect that he expects to arrive in Halifax on the 30th. The telegram was dated last Thursday, and is an evidence that the Idaho was there by that date.

—The local police have been notified that Edward McKenna, alias Graham, and better known as Chicago Red, has been sentenced at Montreal to five years in the penitentiary for burglary. McKenna is known here, having been sent down for two and a half years for burglarizing the residence of Mr. Dale, of Westminster. OPERA HOUSE FOR KINGSTON. It is stated that Mr. A. J. Small, manager of the Toronto Opera House, offers to build a \$25,000 opera house in the city of Kingston, if he is given the land on which the old house stood, and if the taxes be restricted as already pledged by the city council to \$100 per year, and the license fee abolished. It is stated that the company will meet on Friday or Saturday, but unless the stock be increased from \$10,000 to \$20,000, so as to leave the property free of encumbrance, they cannot, of course, give away a large part of it. We hope at no distant day that something on the same lines will be done for London, in order to secure a public hall and opera house suitable for its requirements. If London is to be a place of public meetings, a musical center and a home of conventions, a large hall is necessary.

MRS. SWARTS' FUNERAL.

The funeral of the late Mrs. Swarts, mother of Mrs. (Ald.) Cooper, took place from the family residence, con. 8, London township, yesterday afternoon. The ceremonies were very impressive. The services were conducted at the house by Rev. J. P. Morden; at the St. John's Methodist Church by Rev. Mr. Cooper, and at the graveside by Rev. Canon Richardson. The pall-bearers were Messrs. Scott, R. Jackson, Miller, J. Cranston, Morrow and Cummings. Rev. J. W. Mitchell and Mrs. Mitchell, daughter of Mrs. Swarts, were present from Linden, Mich. The attendance of friends of the bereaved family was very large.

ANNIVERSARY CONCERT.

A largely attended and highly successful anniversary tea and concert was given in the First Congregational Church last night, under the auspices of the Ladies' Aid Society of the church. The tea was served in the basement from 6:30 to 8 o'clock. At the concert which followed Rev. E. C. Oakley presided, and introduced the programme, which included vocal solos by Miss Williams, Mr. J. T. Dalton, Miss Sylvia Warren, Mr. Galpin, Miss Brown; a recitation by Mr. Dalton, duet by Messrs. Dalton and Galpin, and brief addresses by Rev. W. H. Clark, Rev. Dr. Smith and Mr. C. R. Sayre. The opening and closing choruses were rendered by the choir of the church. Mr. W. H. Bleuthner was the accompanist.

COURT OF REVISION.

Nearly one hundred appeals were heard yesterday afternoon and evening by the court of revision for assessments. One-half of the appeals in have still to be considered. The number is large, but they are of a generally unimportant nature. The complaints were mostly based upon the usual grounds of dissatisfaction—one man being willing to sell for less than he was assessed, another having been assessed higher, while his neighbor was not, and so on. No decisions were made, but all the cases will be considered at a special meeting. Those present were Mr. J. W. Jones, who presided; Mr. McMahon, Sheriff Cameron, City Clerk Kingston, Assessment Commissioned Grant, Assessors Toll and Andrus, and Clerk Jolly.

Where to Get Shoe Bargains

Boots and Shoes are being sold at the Bargain Shoe Store, 143 Dundas street, at less than manufacturers' prices. If you will require any new footwear this fall or winter, it will certainly pay you to purchase at that establishment now. The price you would have to pay for one pair of shoes at other stores would very nearly buy two such pairs at the Bargain Shoe Store. We are advised that while the present stock lasts, boots and shoes will be sold at lower prices than ever known in London before for such goods. It is not old, shelf-worn stock one is getting when purchases are made at that store, but new, up-to-date, reliable footwear. We would advise our readers to not let this opportunity pass. A good supply of superior footwear may be produced at the Bargain Shoe Store now for a very small outlay. The proprietor, F. A. Brown, is selling at extremely low prices in order to make a complete clearance before moving into his new shop adjoining Strong's Drug Store.

GOOD SPORT AND FAIR WEATHER

Make the University Field Day a Splendid Success.

All the Events on the Programme Keenly Contested—Divinity and Arts Win the Championship—The Results.

The field day of the Western University is always a pleasant affair. It has seldom been viewed with unkindly eyes by the goddess who controls the winds and rains, and all the elements that make or mar a day. In her efforts to bring success to the sports, this fair inhabitant of ephemeral domains, was given much assistance by the feminine admirers of the collegians. The charm of their presence and their eager enthusiasm were not the least likeable factors in a most enjoyable afternoon. In their restrained animation they differed noticeably from the boys, who greeted the triumph in race or jump, or any feat of agility, with exuberant and noisy good-will. When the contests were ended, and the company went to the convocation hall to see the prizes given, the atmosphere continued to show the strength of their valours, in song and cheers, and in heaping ridicule upon comrades who rashly allowed the beautiful eyes and low voices of their fairer sex to tempt them from the merry companionship of the healthy-lunged crowd in the rear of the hall. All the events were keenly contested, and when the results were totalled it was shown that the divinity and arts triumphed in their representative, Mr. Hodgins, had excelled the medicals

STRUCK IT RICH

When They Needed It Bad.

"When a two months old baby refuses to nurse and cannot digest any one of the 'baby foods' or cow's milk prepared in different ways, we must do something or lose the baby. That was the condition of our little one about a year and a half ago. We tried every baby food on the market, beside the cow's milk, but nothing seemed to agree with him. He suffered from indigestion, until by the time he was nine months old, he had grown so weak and emaciated that we didn't think he could live. At last his stomach refused to take anything, and for three days the little fellow was actually starving for something, and could digest."

"I happened to have a box of Grape-Nuts in the house and getting a teaspoonful, poured a little on the water over it, letting the food stand a few minutes, then gave the baby the brown water which had the strength of the Grape-Nuts in it. He could take but two spoonfuls at a time and then rest a while. The next day he weighed 23 pounds, and now at 18 months, he is a great, fat, jolly baby, climbing and going everywhere, full of fun, rosy cheeks, and bright eyes. "During all this time his food has been Grape-Nuts; just the water at first, then later on he had the food itself. He is the best advertisement Grape-Nuts could have in this town, for every one knows his condition and no one thought he could possibly live. We give all the praise to this most valuable food, and never lose an opportunity to recommend it to persons suffering from indigestion and lack of nourishment." Mrs. C. D. Johnston, Greendale, Ind.

Actual proof is better than all theory, yet it is well to know that Grape-Nuts food is made scientifically and made for a purpose. The most powerful elements in wheat and barley are used and so prepared as to furnish the human body with those food elements, predigested in a natural manner; that is, turned from starch into grape sugar. The food is powerful enough for athletes and easy enough of digestion (as shown by the above experience) for the weakest babe.

DECIDED UPON A BANQUET

As the Chief Feature of the Celebration for the Returning Soldiers.

At last night's meeting of the reception committee it was finally decided that the welcome to the members of B company on the Idaho shall be in the form of a banquet, at which 400 or 500 people will gather. This number will comprise the local militia out of parade, the reception committee, members of all civic boards, members of parliament, the county judges, the warden of Middlesex, the mayors of towns and cities in the military district, commanding officers of regiments of No. 1 district, city officials and chiefs of the departments of fire and police.

The W. C. T. U., Short Bros., and G. W. Kent tendered for the banquet, the price of the two first-named being 50 cents per head, and that of the latter 40 cents. The matter was not settled.

During the discussion the suggestion was made that ale be supplied to the men. Ald. Wray strenuously urged that this be not done. He exhorted the committee to do nothing that would

tend to destroy the manliness of the boys. He asked that London's action in refraining from offering them anything that would send the boys to their mothers after a year spent so close to death, in any but a manly state, should be a keynote for the whole Dominion.

Ald. Pritchard said that there was enough manhood in the boys to go to a banquet without making beasts of themselves. He, too, suggested that ale be on the menu.

Ald. Wray denied having charged any soldier with not being able to conduct himself as a man. He contended that the committee ought not to influence a soldier by putting before him anything that would destroy that manliness.

Mr. E. J. MacRobert and ex-Ald. Reed were added to the committee.

Dyspepsia is difficult digestion, due to the absence of natural digestive fluids. Hood's Sarsaparilla restores the digestive powers.

Temperance is corporal piety; it is the preservation of divine order in the body.—Theodore Parker.

NO ONE NEED FEAR CHOLERA or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all the looseness of the bowels promptly and causes a healthy and natural action. The Bad Is All Out. To be sure you can't take the bad out of everything. But you can out of some things, at any rate. Take cod liver oil, for instance, with its disagreeable odor and taste; in Scott's Emulsion all the bad has been taken out, and you have just the oil without anything disagreeable. It is called "Cod liver oil made easy."
