Facts About Fit

GEMI-READY is made up to the "trying on" stage only.

The sleeves, shoulders, fronts and linings are "basted" so that a coat can be taken in, and let out before it is finished at any point where the fit requires.

The whole garment is conformed to your individual shape -not merely to a part alone. If a collar is altered, the shoulder is also readjusted so that balance will be restored. Whether you are portly, tall,

stout or thin, you can rely upon getting exact fit in Semi-ready a few hours after your selection. You can judge the pattern of the cloth and the expression of the coat-after it is made up, and before you pay a farthing.
