

CARNEGIE DONATES A \$10,000,000 FUND TO PENSION TEACHERS OF U. S. AND CANADA

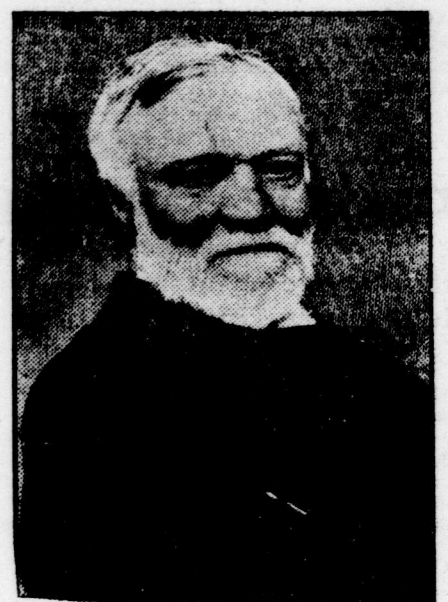

\$500,000 Per Year in Annuities for Incapacitated College Professors.

New York, April 27. — A gift of \$10,000,000 by Andrew Carnegie to provide annuities for college professors who are not able to continue in active service, was announced today by Frank A. Vanderbilt, vice-president of the National City Bank, of New York. Professors in the United States, Canada and Newfoundland will share in the distribution of the income of the fund.

It is Mr. Carnegie's belief that this fund will not only provide a dignified pension system for a body of most worthy, self-sacrificing and poorly paid men, but that it will be of distinct value to the cause of education in offering an opportunity to the trustees of a college to retire members of the faculty who have faithfully served the institution for many years, and to replace such men with young, vigorous and efficient professors. The bonds which Mr. Carnegie has so generously donated have a market value of \$11,000,000, and will produce an annual income of \$500,000.

Amongst the trustees of the fund are Principal Peterson, of McGill, and the heads of Harvard, Yale, Princeton, Cornell and most of the American universities.

Mr. Carnegie's letter to the trustees

ANDREW CARNEGIE, Who Has Donated \$10,000,000 as a Pension Fund for Incapacitated Professors of United States and Canadian Colleges.

is dated April 18, and is as follows: "I have reached the conclusion that the least rewarded of all the professions is that of the teacher in our higher educational institutions. New York City generously, and very wisely, provides retiring pensions for teachers in her public schools, and also for her policemen. Very few indeed of our colleges are able to do so. The consequences are grievous. Able men hesitate to adopt teaching as a career and many old professors whose places should be occupied by younger men cannot be retired.

"I have, therefore, transferred to you and your successors as trustees, \$10,000,000 5 per cent first mortgage bonds of the United States steel corporation, the revenue from which is to provide retiring pensions for the teachers of universities, colleges and technical schools in our country, Canada and Newfoundland, under such conditions as you may adopt from time to time. Expert calculation shows that the revenue will be ample for the purpose.

"The fund applies to the three classes of institutions named, without regard to race, sex, creed or color. We have, however, to recognize that state and colonial governments which have established or mainly support universities, colleges or schools, may prefer that their relations shall remain exclusively with the state. I cannot, therefore, presume to include them.

EPIGRAMMATIC BILL

Kaiser Says 'The Whole World is in Trouble When I Travel.'

New York, April 27. — The Hamburg-American steamer, which arrived here late last night, came direct from Italy, after landing Emperor William and his party at Naples. The officers say the Emperor apparently enjoyed every moment of his trip. When the ship reached Tangier and a heavy sea prevented the royal party from landing, a large quantity of correspondence for the Emperor was brought on board. In it were several telegrams which referred to comment on the French invasion of Morocco. He read them the Emperor remarked: "The whole world is in trouble when I travel."

MRS. COVELL AGAIN FAILED TO IDENTIFY ALEX. WILLIS

Aldboro Farmer Brought Before the Old Woman at the Rodney Inquest—Several Witnesses Called.

[Special to The Advertiser.]

Rodney, April 27. — The announcement that there would be in all probability sensational disclosures at the continuation of the inquest into the death of Elizabeth Lowry, who was murdered on Tuesday, April 18, drew a great crowd to McCallum's Hall this morning. All the jurors were present. It was decided not to take any evidence here, but to adjourn to the Covell home at Old Rodney. Nearly every farmer in the neighborhood gave up work for the day and came to the village, but when they reached the Covell place, they were not allowed in the house, and they left the place, leaving only the two witnesses, Mrs. Covell, who though quite weak, was able to sit up and listen to the evidence. She eyed every witness closely, and paid close attention to the evidence.

"Major" Robinson was the first witness, and he recounted seeing Alex. Willis, D. D. Campbell and the McPhersons in the Blinder House on the night of the murder. They were drinking, and he had a drink with them. Alex. Willis, he said, wore a dark overcoat. He had a black hat, which he thought was a soft hat. He wore boots and rubbers. He said that D. D. Campbell inquired from Willis how long since Charles Head died. Robinson said he noticed Willis was under the influence of liquor. The witness said he reached home about 10 o'clock. He did not meet or see anyone on his way home.

D. D. Campbell, a former witness, was recalled, and said he could not tell that the McPhersons or Willis were worse of liquor by their actions.

Willis Changes Time.

Alex. Willis, the much-talked-of man in connection with the tragedy, was then called. He left Hughes' Hotel on the night of the murder between 5 and 10 minutes after 10. He first said that he left about 9:30. He changed his mind about the time, because John McPherson had told him that he did not leave until after 10. He has learned that he had a bottle of whisky with him when he left, but he did not remember bringing it. He didn't recollect leaving the bottle with Mr. Flater, but he believed what Mr. Flater said. He did not know how many drinks he had. He said he drank beer principally, but he had a drink of Scotch whisky. He would not deny Flater's statement that he had a few drinks out of the bottle. Willis said he was dressed as he now appeared—a dark blue coat, striped trousers, and a soft black hat. The black overcoat he wore was at home. Willis said if he left Mr. Flater at 11 o'clock, it must have been between 11:30 and 12 o'clock when he got home. He went right to bed.

RUSSIANS STILL OFF KAMRANH BAY

Rojestvensky's Big Fleet Outside French Port.

WATCHED BY FRENCH SQUADRON

Reported That the Russians Have Cut Cable Between Hainan and the Mainland.

Kamranh Bay, via Saigon, April 27. — The only ships remaining in Kamranh Bay are four German transports. All the rest of the transports and the Russian hospital ship Orel and other vessels left behind by Admiral Rojestvensky left the bay yesterday morning. The fleet is now assembled outside the bay and forms an extended line, stretching from Cape Varela to the head of the Kamranh Peninsula. Torpedo boats are scouting in all directions. The ships seem to be awaiting Vice-Admiral Nebogoff's divisions. The French cruiser Des Cartes, with Admiral de Jonquieres, the French commander in these waters, returned to Nhatrang (near Kamranh Bay), after steaming round the Russian squadron, and subsequently returned to Saigon.

The freight-laden steamers captured by Admiral Rojestvensky were under German flag. It is presumed that they are suspected of having contraband on board.

Tsingtau, Shantung Peninsula, April 27. — A private telegram received here says that Admiral Rojestvensky's fleet has joined Nebogoff's detachment.

London, April 27. — The correspondent at Hong Kong of the Daily Mail states that the cable to Hainan has been cut, presumably by the Russian squadron, to conceal the movement of the vessels there.

Y. M. C. A. CONFERENCE

Over 1,000 Representatives From All Parts Gather at Paris.

Paris, April 26. — The world's conference of the Young Men's Christian Associations, which is celebrating the semi-centennial of the International Alliance of the associations, was opened today in the Charity Bazaar building. Over a thousand delegates, representing twenty nations, were present. The Japanese delegates held credentials from their Government. The American delegation represents various churches in the United States and Canada. Dean Hall, of Christiania, Norway, called the conference to order. The following officers were elected: President, Count Jacques de Portlands; vice-presidents, Prince Bernadotte, Lord of King Oscar of Sweden and Norway; Count Bernadotte, of Germany; Lord Kilmuir, of England, and James Stott, of the United States. The opening address was made by President Bernadotte, who is president of the Scandinavian associations.

BIGELOW'S DEFALCATIONS

Ex-Milwaukee Bank President Debtor to Many United States Institutes.

Milwaukee, Wis., April 27. — Frank G. Bigelow, the defaulting bank president, has confessed an indebtedness to banks, commercial institutions and estates, of which he had charge, which aggregate between \$2,000,000 and \$3,000,000 and, based on his confession, a voluntary petition in bankruptcy has been filed in the United States district court, which contains the names of as many of Mr. Bigelow's creditors as he can remember, together with a list of assets on which Mr. Bigelow's value is \$1,416,000. By his own admission, his creditors extend all over the United States. His indebtedness to the Board of estate is placed at \$100,000. The debt is unsecured. It is also believed other trusts held by Bigelow have suffered.

The straits leading to the Sea of Japan, which the Mikado's ships are reported to have mined, are indicated in the map, and it is deemed improbable that the Russians will attempt to reach Vladivostok by this route. Hainan, where the Russian main fleet is now said to be, is an island in the Gulf of Tong King. Rojestvensky has cut the cable between Hainan and the mainland. Unofficial dispatches say the fleet is gathered south of Formosa.

Conservatives to Cease Opposing Autonomy Bill

Now Pretty Well Satisfied That School Clauses of Measure Mean Practically National Schools for the New Territories

—Whip Taylor's Proposition.

Ottawa, April 26. — There are numerous signs that the Conservatives are inclined to cease opposing the autonomy bills. This is the unmistakable inference to be drawn from their views, not only as expressed in the House, but in private conversation. Leading members of the Opposition are urging that the debate should be expedited, and, if necessary, morning sittings of the House should be held. Last night, in his speech, Mr. George Taylor, a prominent Orangeman and the chief Conservative Whip, said that if the school clauses of autonomy bills meant what Mr. Sifton and Mr. Fielding said they did no opposition would be offered to them.

Here are Mr. Taylor's remarks on the point: "Now, Mr. Speaker, I wish to make a proposition to the Minister of Justice which I shall ask the Minister of Finance to convey to him, as he is not in his place. I suggested to the Minister of Justice that if the statements of the Minister of Finance and the ex-Minister of the Interior are true, he should let the lawyers on both sides of

the House get together and frame an amendment in accordance with the statements of these two gentlemen, an amendment which shall contain nothing more, but which shall be put in plain language, so that the man on the street may know what it means. Then, so far as I am concerned, there will be no opposition, because it is a national school, as both of these honorable gentlemen say, a national school, with only one half-hour's religious teaching between 3:30 and 4 o'clock in the afternoon. And I am sure the people of the Northwest, or of Ontario, or of any other section of the Dominion, will raise no objection to that."

The debate on the autonomy bill dragged its weary length along with a small attendance of members, and in a more or less listless fashion, until it was prematurely adjourned, owing to the sudden indisposition of Mr. A. A. Wright (South Renfrew), which prevented him from continuing his address. The speakers today were Mr. A. E. Kemp (East Toronto), Mr. Wm. M. German (Welland), Col. H. A. Ward (Durham), and Mr. Wright. The debate was uneventful.

RAIDED KID MCCOY

He and O'Rourke in Trouble With the New York Police.

New York, April 27. — The Hotel Delavan, the proprietor of which is Tom O'Rourke, and the saloon opposite it, owned by Kid McCoy, both establishments on Broadway, were raided early this morning by detectives of Inspector McLaughlin's staff, says the World.

Both places are well-known headquarters for racing and sporting men. O'Rourke, one of the best-known sporting men in the country, was charged with keeping a disorderly house. A similar charge was made against George W. Grant, manager of Kid McCoy's saloon. Much excitement was caused when the detectives entered the Hotel Delavan, where 200 persons were gathered. Captain Cottrell, of the west Thirtieth street station, worked to send up detectives to look at the prisoners. They selected eight, whom they said they knew. The other were released. The eight and the captain of the Delavan were taken to the station house in a patrol wagon. O'Rourke was sent down in charge of a policeman on a Broadway car. He gave bail. No prisoners were taken in the raid at McCoy's place.

TIBETANS MURDER HEROES OF CROSS

Four French Missionaries and a Chinese Official Put to Death by Savages.

New York, April 27. — A Herald dispatch from Pekin says: Four French missionaries have been captured by savage tribes in the vicinity of Batang, which is situated near the frontier of Szechuan and Tibet. The Chinese assistant, Anan, was murdered while trying to effect their rescue, and it is reported that the missionaries also have been put to death. The Chinese Government refuses passports to foreigners for this part of the country, as it is not under effective control.

The memorial presented by Wu Ting Fang has been confirmed by an imperial edict abolishing punishment of the families and relatives of criminals. This is the first recognition in China of the individual as distinct from his family. The edict also abolishes torture in the case of criminals and witnesses.

BRITISH WARSHIPS' ARMAMENT HELD PRACTICALLY USELESS

Fifteen of the New Battleships, Says London Paper, Are Unfit for Action.

London, April 27. — The Daily Graphic this morning commences a series of articles calling in question the duration of the armament of a modern British fleet in a manner which, if the facts given should be substantiated, is calculated to cause a great sensation. The writer alleges that fifteen battleships unfit for action have been discovered as the thirty-five caliber 12-inch guns constituting the main armament of these vessels are incapable of firing fifty full charges. GREY HAS THE HABIT

Addresses, Artists, Veterans and a Society All in a Morning.

Toronto, April 27. — His Excellency Earl Grey is certainly the victim just now of the address habit. This morning he accepted addresses from the army and navy veterans, St. George's Society and the Ontario Society of Artists while Lady Grey received a deputation from the Victorian Order of Nurses. His excellency spoke briefly in each case. To the artists he said in part: "The training in the schools in which manual dexterity, correct observation and the appreciation of the beautiful are all sedulously taught will create a generation of artists that will do credit not only to Canada, but to the empire." To the St. George's Society he said he already had expressed the hope that some day the schools would be provided with a banner of St. George. He suggested that the schools of the empire might compete with each other in the making of flags which might be exchanged. This, he thought, would do much to stimulate patriotism in the minds of the young.

ROBB WAS CALLED AWAY

But Will Meet G. T. R. Machinists' Deputation On Saturday.

Toronto, April 27. — George D. Robb, G. T. R. superintendent of motive power, was unable this morning to keep his appointment with the representatives of the Machinists' Union owing to an important call elsewhere. The deputation consisted of eight men, two each from shops at Stratford, St. Thomas, Fort Grafton and Toronto. The men were received in the offices of the mechanical superintendent, and Mr. Robb's absence was explained. They were asked to remain over until Saturday morning, at which time Mr. Robb would meet them. The deputation promised to comply.

LAWYERS QUARREL; TUMBLER HURLED

Two Prominent Legal Lights of Hull Fall Out and Tragedy Almost Ensues.

[Special to The Advertiser.] Ottawa, April 27. — Rene de Salaberry, a lawyer, of Hull, who it is alleged, was hit last night with a tumbler by C. B. Major, ex-M. P., is resting easily this morning, and if no complications set in, will recover. Both men are lawyers and had some trouble in the court house during the day. They ended it in a hotel in the evening by what was nearly a tragedy. Rene de Salaberry was given the last rites of the church. The glass over an artery over the left temple, and de Salaberry nearly bled to death.

CZAR CALLS ON NIHILIST FIGHTER

General Kozloff Placed at Moscow to Crush the Russian Liberals.

St. Petersburg, April 27. — Kozloff's appointment as Governor-General of Moscow upon the eve of the anticipated trouble at Easter (April 30), and on May Day (May 14), although accompanied by a rescript, in which Emperor Nicholas speaks of the "great interior reforms" contemplated by him, leaves no doubt of his majesty's purpose first to restore tranquility with a firm hand, Kozloff distinguished himself during the Nihilist conspiracies 25 years ago by hunting down conspirators, which resulted in an attempt upon his life. The public generally interprets his summons from retirement at the age of 68 as being an indication that the harsh measures of repression then sanctioned are to be revived. But the Government takes the position that the execution of the reforms is impossible until the present agitation and excitement are quieted. With Gen. Treppoff in St. Petersburg, and Kozloff in Moscow, it is considered that public safety is the two capitals is assured. The Liberals consider the appointment to be another reactionary step.

A prominent Liberal said: "We expected a proclamation of general amnesty for political prisoners as an Easter gift. Instead the Emperor gives us Kozloff."

Kozloff's entire career has been spent in the police or gendarmerie, beginning as assistant chief of police at Riga in 1861 and later during the exciting Nihilist days, alternating as chief of police of Moscow and St. Petersburg. A feeling akin to consternation has been caused by the publication in this morning's papers of renewed rumors of an impending popular outbreak. It is feared that the slightest incident accidental or intended among the vast congregations, which will attend the churches on Saturday night, may cause a panic with appalling consequences. The mayor is being urged to convene the municipal council and take special measures to cope with the situation, and it is expected that the prefect of police will issue a reassuring proclamation, but the alarm is so great that it would have little effect. The exodus at Easter will be unprecedented. All the accommodation at the neighboring resorts has been taken.

Reports from the province indicate similar fears.

There is a somewhat widespread impression that the police are afraid of the masses against the intellectual classes.

Forced Japs to Retreat.

St. Petersburg, April 27. — Gen. Linévitch, in a telegram to the Emperor, dated April 26, reports a three-hour fight April 25 near Tsinziatoun, the Russian cavalry forcing the Japanese to retreat.

World's Greatest Hotel As Bail for Canadians

Waldorf-Astoria Put Up to Keep Three Gay Canucks Out of Cells.

New York, April 27. — The Waldorf-Astoria Hotel was put up as security for the release of three prominent and wealthy Canadians who were arrested, charged with disorderly conduct in the Grand Central station last night. When taken to the police station they gave their names as William Gallagher, member of Parliament at Ottawa; James McDonald, a millionaire contractor of Montreal; and Brant Morden, a millionaire furniture manufacturer of Montreal.

The trio were arrested on a train at the Grand Central station, where they were singing boisterous songs and oth-
