Alkali in Shampoo Bad for Washing Hair

Do not use prepared shampoos or anything else that contains too much free alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified

cocoanut oil shampoo, for this is pure and entirely greaseless. It is inexpensive, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Two or three teaspoonfuls of Mulsi-

fied is all that is required. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, freshlooking, bright, fluffy, wavy, and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure and ask for "Mulsified" cocoanut oil shampoo. Bename Watkins on the package.-Advt.

Get Sunburned all you wish

Rub Campana's Italian Balm on your face and arms each day. It won't prevent you getting sunburned; in fact, it assists the sun in giving the skin a clear, healthy, bronzed texture, instead of a coarse redness, but it will prevent the roughness and soreness and irritation that comes from sunritation that comes from sun-burn, or excessive perspiration.

Be sure to take a good supply of Campana's Italian Balm away with you on your vaca-tion—because you can't buy it conveniently at many summer

Campana's Italian Balm

"The death of Sir Ambrose was rather terrified, for I knew inexpected," she said. "We had been critics did to well-known and uni-receiving letters. Then came the versally accepted writers. But they telegram, saying simply: 'Ambrose were very gentle with me."

"Your two minutes are up," said
