## NOMINEES OF ISLAND POINTS

Mr. W. H. Hayward to Contest Cowichan While Mr. Wood is the Conservative Choice for Alberni District

### SKEENA ENDORSES MR. WILLIAM MANSON

Liberals Still Undecided in Course in Northern Constituency-Socialist and Independent in the Field

DUNCAN, March 9 .- Mr. W. H. Hayward was the unanimous choice of the Conservative convention for the Cowichen district held here today. Over one nundred delegates from all parts of the electoral district were in attendance and the greatest enthusiasm prevailed. In thanking the convention for the nomination Mr. Hayward delivered a stirring speech outlining the policy of the Mc-Bride government and illustrating the benefits which would ensue for Vancouver Island.

### Mr. Wood for Alberni

OPRT ALBERNI, March 9 .- At the Conservative convention of the Alberni electoral district held today Mr. Wood was chosen as the party's choice to contest the seat in the forthcoming election. His election is conceded here as it is known that Mr. H. C. Brewster, who would have been the strongest Liberal candidate in the field, has decided not o contest the constituency.

### Skeena District's Choice

PRINCE RUPERT, March 9 .-- A repesentative convention of the Skeena crict today unanimously endorsed william Manson as the Conservative andidate, with the one solitary excepon of Dr. W. B. Clayton, who has been major but who failed today to secure mover for his candidaty. In the conention, which had a full representaon from Aldermere, Telkwa, Francois Bella Coola, Hazelton, Skeens points, Stewart, Queen Charlottes practically every part of the ridthe feeling was intensely in favor Mr. Manson and the McBride governnt. Reports from all delegates is to he effect that the district is a unit in avor of Mr. Maason who will carry he election without difficulty. Dr. Clayon, it is believed, will run as an inpendent. Alderman Montgomery of the Longshoremen's union is the nominee of the Socialist party. The Liberals have not yet decided upon their course. No matter who runs Mr. Manson is sure of lection. Tonight a bumper gathering is sing held in honor of the visiting deleates, the speeches all ringing with the

### EXPORT RATES

Commissioner Mabee Says C. P. R. Showed Discrimination in Grain Shipments

TORONTO, March 9 .- The con piainant of C. B. Watts on behalf of the Dominion Millers' Association in regard to the delay in the movement of grain and flour shipped from Fort Villiam and Port Arthur was considered today by Chairman Mabee of the Dominion Railway Board. It was also charged that the C. P. R. had given discriminating rates to the advantage of export shipments over domestic shipments.

Commissioner Mabee after hearing argument said: "There is any amount of evidence to show that the C. P. R. has used discrimination in

### DYNAMITE CONSPIRACY

#### Informer McManigal Will Not Be Brought To San Francisco To Give Evidence

SAN FRANCISCO, March 9.—Because of a legal tangle , the exact nature of which could not be learned today, Ortic E. McManigal, the dynamiter informant, will not come to San Francisco from Los Angeles on Monday as witness for Olaf A. Tvietmore and E. A. Clancy, California labor leaders, in their fight against removal to Indianapolis on indictments in the national dynamite conspiracy investigation.

Oscar Lawter, the government's special prosecutor, who arrived from Los Angeles today conferred with local gal attorneys and Bert Schlesinger orney for the unionists, for two is today. All that was learned of conference was that a subphoens McManigal issued on Friday by U Commissioner Francis Krull would not be served by the United States mar-Schlesinger said he was anxious for a continuance as he wanted more time to examine the matter.

### King's Visit to Canada

LONDON, March 9 .- Replying to uery by the Canadian Associated Press regarding the reports that King George would be visiting Canada in 1913 or 1914, Lord Knollys, the King's secretary, said today: "As I have already stated in reply to similar inquiries, I have heard nothing of the report to which you refer."

### THIRD TERM CANDIDATE

Colonel Roosevelt to Take the Stump in Fight for Presidential Momination

NEW YORK, March 9 .- Colonel Rooseelt has about made up his mind to take the stump and personally make the fight for the presidential nomination. He said today that he probably would be forced to, although he had been reluctant to decide upon such a course.

Since the day of Colonel Roosevelt's announcement he had been urged by supporters in almost every state, except in the South to make a speech making campaign. Governor Stubbs of Kansas sent a message yesterday urging the colonel to make addresses in Kansas, Michigan, Illinois, Massachusetts and other states in which the Roosevelt leaders believe there is the best chance for good work. Today the coloner took a rest. His

services as a juror were not required as there was no session of court and he spent the day in riding horseback and chopping down trees. He read President Taft's speech delivered yesterday at Toledo and said he probably would reply to it later.

### Prorogation on March 30

OTTAWA, March 9 .- Just prior to adjournment of the commons last night Hon. G. E. Foster, leading the house warned the members that prorogation was expected to take place before Easter and asked for the co-operation of opposition members in facilitating business. Premier Borden will movon Monday that the morning sittings of the house begin Thursday next and that Saturday sittings be held as well

### YUKON JUDGES TO BE RETIRED

Full Pay for Life Allotted to Those Who Go Out Now that "Boom" Times Have Sub-

OTTAWA, Ont., March 7.—Several niscellaneous litems of government business were dealt with today.

Mr. Hazen's bill creating a biological board of Canada was passed. The senate amendments to the inquirles bill were accepted. Mr. Doherty secured the assent of the house to his resolutions dealing with Yukon judges. In the "boom" times Yukon gas given three judges, each established for life and each with a living allowance of \$5,000 a year in addition to his salary as a judge. The "boom" has subsided and there are four lawyers to practice before these three judges. It is proposed to retire two of them.

Judges Dugas and Craig, on full pay
for life, leaving Judge Macauley in charge. The point is that two living allowances, \$10,000 a year in all, will

Two more government measures were advanced, Mr. Reid's bill to improve the salaries of certain customs offi-cers in the outside service and Mr. Pelletier's resolution to give an assistant postmaster to postoffices yielding a revenue of \$1,000,000 and upwards; viz, Toronto and Montreal, the saleries ranging between \$2,800 and \$3,500.

The Liberals resorted to obstruction on the Manitoba bill, trying to force adjournment, Messrs. Turgeon, Molloy Emmerson, McKenzie and others speak ing at length. Finally after midnight Mr. Pugsley's amendment to postpone the settlement with Manitoba till after the provincial conference was voted down by 101 to 62, or a majority of 39. Mr. Guthrie then moved an amendment to strike out the payment for acreages at 1:45. Mr. Guthrie's amendment was declared lost on a division

### GALE AT SAN DIEGO

Wind, Doing Considerable Damage, Attains Highest Velocity Ever Becorded in Californian Town

SAN DIEGO, Cal., March 9 .- A gale is blowing at the rate of forty miles rom the southeast tonight. It began late this afternoon and has reached the highest velocity ever recorded here. The wind is accompanied by rain and the forecast is that it will continue throughthe night and tomorrow.

Windows have been blown out, awnings torn from their fastenings and cornices carried away. Trees have been uprooted and telephone and telegraph services crippled. Some damage is also reported from outlying districts, but no one has been injured. The steamers State of California and Yale were delayed by rough weather. Lights, apparently signals of distress, were seen off the coast according to a report from the light-

### Lady Aviator Injured

PARIS, March 9 .- Mrs. Drian-Court, while making a flight at Issy tonight, dropped from a great height. She managed partially to right her machine before it struck the ground. She was injured seriously. Her husband was killed recently in an automobile Gotch the Victor

# FIRE DESTROYS BIG WAREHOUSE

Six Persons are Killed When Winnipeg Premises are Destroyed with Loss Estimated at \$1,000,000

### MUCH MACHINERY IN RUINED BUILDING

Total Contents are Prev to Flames-Lives Lost When Explosion Blows Out Wall of Structure

WINNIPEG, March 9.—A million dol-lar fire visited Winnipeg tonight, breaking out in the International Harvester Company's warehouse on the corner of Sutherland avenue and Main street at ten thirty o'clock. Six persons lost their lives, one of them, Archie Mac-Pherson, a fireman, and four other citizens whose names are unknown, who were killed when the northeast end of the building blew out, throwing machin-ery, stone and brick out into the street, with tremendous force. Another fell through the skylight to death.

Three bodies were recovered and two still remain in the ruins buried beneath brick and tangled wire.

Radford Wright and Co., the International Harvester Co., the Stuart Ma-chinery Co., the Canadian Plough Co., and Messrs. Parlin and Orndorff occupled the building, and the total content were destroyed.

Clarence Vicker was killed while watching the fire from a roof. He fell through the skylight to the floor below

when the explosion took place.

Near the Harvester warehouse is the Stewart Electrical machinery office and warehouse. Five floors of this building were filled with costly electrical goods, and as the fire apread southward it soon had possession of this stock. At midnight the west wall of the Harvester Co. fell outward and dozens of people were hurt by flying bricks. The flying walls severed the trolly wires and street lighting cables with the re-sult that the city for a mile square was plunged into darkness. The darkened streets are covered with dangerous

wires.

No one will be allowed to search the ruins for bodies until daylight.

Grave Fear of Uprising Against Foreigners in China-Reprisals on Soldiers in VIIlages

### HUNDREDS STARVING IN EVERY PROVINCE

PEKING, March 9.-The ministers and military commanders at Peking and Tientsin continue to take precautions against eventualities. It is not considered likely that disorders in these cities will become anti-foreign. The missionaries who know the people better than anyone else say there is no reason for alarm. Diplomats and military officials, however, argue that the recent outbreak came without a moment's notice and possibly the Chinese artillery may be turned upon the foreign concessions without warning.

It is true that the legations at Peking and the concessions at Tientsin are more strongly guarded and better prepared than in 1900, the year of the Boxe also true that the Chinese army now possesses modern artillery, which it lacked on the previous

Reports from Pat Ting Fu say soldiers are going about the villages singly or in small groups and are meeting with severe retribution. When wearied they lay down beside their loot to sleep and the villagers cut their throats or club

them to death. The villagers also are

assisting the troops in rounding up de-

serters, many of whom have been shot. Piles of booty have been returned to Pai Ting Fu where, however, the mutinous soldiers still are sufficiently num-erous to terrorize the city and defy punishment. All officials have left the city except one judge and the police do not interfere with the mutineers who control the gates. Train service has been resumed as far as Ting Chow, a pilot train with sixty soldiers and maxims preceding each passenger train. Hundreds are starving in every province. The object of the powers in inviting Japan and Russia to participate in the loans to China it to eliminate rivalry and to give the strength to the govern ment for the re-establishment of condinig the first fall in 10:28 min. and the tions whereby international trade may be resumed.

### MISSING EXPLORER

Grave Anxiety About Pate of Harry V. Radford—Is Accompanied by Mr. George Street of Ottawa

OTTAWA, March 9.—The report that Harry V. Radford, the American ex-plorer, is deserted by guides and left without provisions in the barren lands of the north is occasioning grave anxi-ety here. Radford had with him George Street of Ottawa, who went north with a government exploration party and joined the American explorer last May and has not been heard from since

### ALL RED WIRELESS British Government to Construct Chain of Stations Along the

NEW YORK, March 9 .- The Marcon

Wireless Talegraph Co., has received a despatch from its London headquarters officially advising it of the completion of a contract with the British govern-ment for the construction of a chain of wireless stations to be known as the Imperial wireless chain, linking together a number of the colonial possessions of the British empire. Among the chief stations are to be those at London, in Egypt, at the northerly entrance of the Red Sea and at Aden, at the southern extremity of the Red Sea, both on the eastern route to India, at a central point in India, also at Singapore in the Straits Settlements on the route to the Far East, and at Pretoria, South Africa. These are to be the nucleus of further stations in this chain, which it is designed gradually to extend so as to link London with all the British possessions beyond the

# OL FUEL ON E. & N. RAILWAY

Mr. H. E. Beasley Announces Decision of His Road-Action Taken as Result of Danger of Forest Fires

The Canadian Pacific Railway Com-pany is preparing to introduce the burning of oil fuel on the Esquimalt and Napaimo Railway system on Van-couver Island. This decision has been reached, said Mr. H. E. Beasley, superintendent of the E. & N. railroad yesterday, on account of the stringency of the forestry regulations and because of the company's desire to prevent fires and assist in conserving the timber of the Island.

Plans are now being prepared and site secured on the western shore of Esquimalt Harbor for the erection of a large fuel oil tank to hold from 35,000 to 40,000 barrels of oil. A wharf will be built with pipe lines to connect with tank steamers which will ply from California with supplies of oil fuel for the store on Esquimalt Harbor adjacent to the Esquimalt station where the railroad skirts the sea front and a branch will connect the road with the wharf and tank.

It has not been decided whether the steamships of the B. C. coast service of the C. P. R., which are all to be or the C. P. K., which are all to be converted into oil-burners—many have already been fitted to burn liquid fuel —will fill their tanks at the Esquimalt tank. A tank was built at Vancouver some time ago for the steamships.

The passenger locomotives will be the first to be equipped as oil-burners and it is expected that the first engine with liquid fuel will start out over the road early in June. It is probable that other tank depots will be made later at the Summit and at Nanoose. Speaking of the change from coal

to liquid fuel on the E. & N. Railway yesterday, Mr. Beasley said that while the line on Vancouver Island is so favorably situated with relation to the coal mines for the burning of coal the change is being made to avert possible danger to the standing timber of the Island from fire. The forestry regulations are stringent, and the company is desirous of doing what can be done to lessen the risk of forest fires.

### COTTON OPERATIVES

General Advance of More Than Pive Per Cent In Wages of Textile

BOSTON, March 9 .- A general advance in the wages of textile operatives in northern New England was announced today by various mill interests with head offices in Boston. More than 125, 000 persons, including employees of cotton mills in Massachuestts, New Hampshire and Maine, and woollen mill operatives in six New England states are effected. While few cotton mills have made definite announcement the advance generally will not be less than five per cent and for certain classes of operatives, seven per cent or more.

The New Hampshire and Maine cotton mills, which employ 45,000 persons will make the change in the pay rolls next Monday, other mills will do so on March 18, and the Lowell mills, with nearly 20,000 hands will put the advance into effect March 25. The New England plants with 30,000 operatives, and number of independent worsted mills raised wages last Monday. In Massachusetts the mills underwent a cut in wages of more than 3 per cent on Janpary I because of a new state law which lowered the hours of employment for women and miners of 56 to 54 hours weekly. The Lawrence strike resulted.

### ACUTE STAGE IN COAL STRIKE

Ninth Day of National Crisis Sees 100,000 More Men Added to Ranks of Unemployed

### COMING CONFERENCE AT FOREIGN OFFICE

Government May Introduce a Bill Providing for Minimum Wage Scale-Miners' Determined Attitude

LONDON, March 9 .- More than one undred thousand persons were added to the ranks of the unemployed on this, the ninth day of the coal strike. From every industrial centre comes reports of factories being closed down owing to lack of fuel. Not a single iron works is operating in Derbyshire.

Meanwhile all negotiations looking to a settlement have been suspended until the miners' delegates meet at the foreign office on Monday night to decide whether to accept Premier Asquith's invitation to attend a conference with the mine owners. If they accept the conference will be held on Tuesday, but even if a basis of agreement is then reached the most sanguine do not expect the strike to be settled before the end of

the week.
It is rumored the government intends to introduce in the House of Commons on March 14 if it is considered necess sary a bill providing for a minimum

If the miners, however, adhere to their decision not to accept anything less than their own schedule of mini-mum rates, the passage of such a bill will not bring about a resumption of the collieries.

TORONTO, Ont. Merch 5. John Weller, aged 27, a young Englishman. and George Baker, two civic employees, were caught in a sudden flow of sewer gas while working in an underground tunnel on Queen street today. Bake was rescued with ropes and resuscitated ably die. Weller was dead when brough to the surface.

House Committee on Interstate Commerce Adopts Bill Providing Impost of \$1.25 per Ton

### HANDICAPS FOR FOREIGN VESSELS

WASHINGTON, March 9 .-- By a vote of 14 to 4 today the house committee on interstate commerce adopted the bill for the government of the Panama Canal. The bill would give to the President authority to fix tolls within cer tain restrictions. The maximum toll would be \$1.25 a ton and the minimum not less than an amount sufficient to maintain and operate the canal. No preference would be shown American vessels. The bill would place in the power of the president all appointments to give the positions connected with the operation of the canal and the appointment of a governor at a salary of \$10. 000 a year, to serve for four years. The bill would authorize the president to open and operate the canal and to make rules for the government of the canal and the tolls.

relating to rates is as follows: "That the president is hereby authorized to preside and from time to time change toll charges for the use of the canal by all vessels except those be longing to the Government of the United States and of the Panama Railway Co., and the governments of the repub lic of Panama, which excepted vessels shall be charged no tolls.

"Charges may be based upon gross or net registered tonnage, displacement connage, or otherwise, and may be based on one form of tonnage for warships and another for ships of comnerce, but the tolls shall not exceed \$1.25 per ton, based upon net registered onnage for ships of commerce, por be ess than the estimated proportion cost of the actual operation of the

#### Prohibition Clauses The prohibition clauses, summarized,

"That it shall be unlawful for ships to pass through the canal which are owned, leased, operated or controled by any railroad company engaged in interstate commerce or by any other corpor-Continued on Page 2, Col. 4.

### TORONTO PRINTERS

Threatened Strike Unless Substantial Increase in Pay is Porthcoming

TORONTO, March 9 .- A strike of the compositors and linotype operators em-ployed on the morning and evening papers and in the job offices in this city is the latest threatned disturbance in labor circles unless a substantial in-crease in pay is forthcoming. A mass meeting of typographical union No. 91 will be held in the labor temple on

The board of governors of the national union, including President Lynch, will be here. A call to the members says: "Matters to be discussed will be of vital importance to every member of local No. 91 as it will have an important effect upon the present scale negotiations."

### "VERY STUPID INDEED"

Countess of Warwick Comments On Tactics of Suffragettes In London

NEW YORK, March 9 .- The Countess of Warwick, who arrived from England on the Mauretania today to ecture in the United States and Canada, assailed her fellow countrywomen who have been rioting in London in their fight for suffrage. Lady Warwick is a suffragist and more particu-larly a Socialist, but she declared that the militant tactics of rioting women had hurt the cause.

"They have been mostly women who have been seeking notoriety," she said, "and they have been very stupid indeed. The destruction of property cannot be excused on the ground of the

# CHIEF SCOUT

Lieuti-General Baden - Powell

PORTLAND, Ore. March 1.—Lieut-eneral Sir Robert S. Baden-Powell, ounder of the boy scout movement, who is visiting Portland in the interests of the scout organization, of which he was the founder, today had a unique experience with a small army of So-cialists who attended a lecture delivered by him to the members of the scout organization of this city.
With James E. West of Washington,

D.C., chief scout executive of the boy scouts of America, General Baden-Powell appeared on the speaker's plat-form. He was greeted with cheers from the scout organizations and cat calls from a certain element of Socialists. He was not permitted to proceed far with his address before interruptions from the Socialist group forced him to stop. The general then invited some of the Socialists to ask questions regarding the movement. Question after question was "fired" at the general, who promptly answered his inquisitors. It seemed to be the impression of the Socialists. judging by the questions asked, that the scout movement was antagonistic to the labor movement, and based on purely military principles and for military pur-

At the conclusion of his address General Baden-Powell called upon the So-cialists to send some of their speakers to the platform. After several had been heard, one of the Socialist speakers volunteered the statement that western Socialists had misunderstood the purposes of the scout movement, and expresse the opinion that the organization would result in building up a better nation.

### Mold-up Man Gets \$3,000

SAN FRANCISCO, March 9,-Geo Houston, a chaffeur, held up two em-ployees of McNab & Smith in the lumer district in the southern part of the city late today, forced the men at the point of a revolver to drive him to a secluded barn and there robbed them of a \$8000 payroll. Houston bound the men and fled .Several hours passed before the men succeeded in attracting attention by their cries. The police are scouring San Francisco and the Bay cities tonight for the fugitive. Houston formerly was employed by James Mc-Nab as a private chauffeur, and acquainted with his victims.

### CANADIAN NORTHERN

Contracts Let for Practically All Transcontinental Railway Prom Pembins to Pacific Coast

WINNIPEG, March 9 .- A. R. Mann prother of Sir Donald, and family left Winnipeg this week for Vancouver, where they will reside. The transferring of Mr. Mann to the Coast is the direct result of the amount of work on the Pacific Coast terminals of the Canadian Northern which is now being pushed through to the coast, and in future the administration of the affairs of the road west of the mountains will be handled from Vancouver. Word was received that contracts have been let for practically all of the road from Pembina to the Pacific Coast terminals, and that the work of constructing docks was started last week. By the middle of the summer the right-of-way will be the scene of great activity. Steel is already laid from Edmonton to Pembina River, a distance of 150 miles.

### BENEFITS FOR THE KOOTENAY

Premier McBride Predicts Renewed Activity in Mining and Development of Fruit Growing Industry

### C. N. P. WILL BUILD INTO DISTRICT

Reopening of Kaslo and Slocan Line will Promote Prosperity-Election Tour is Triumphal Progress

NELSON, March 9.—The premier and Attorney-General Bowser had an-other busy day. After traveling back from Golden during the night, they arrived at Revelstoke shortly after 6 clock this morning and an hour later left for Arrowhead where they boarded the steamer Kootenay bound down the lakes. At Nakusp the premier and the attorney-general addressed the crowd from the deck of the steamer. They were introduced by Mr. William Hunter, the last member for Slocan.

The premier pointed to the benefits the district must derive with the renewal of the Slocan and Sandon line, and said the renewed activity in the mining and the development of the fruit growing would do wonders for the

Hon. Mr. Bowser pointed to the benefits to the constituency through the re-purchase of the Columbia and Western lands. The whole town turned out to greet them and both were given a hearty reception.

Convinces His Interruptors
That Movement is Building
Up a Better Nation

The premier had not intended to speak at New Denver, but at the sight of him on the boat's deck, the growd theered and called for a speech. He stepped on with Mr. Bowser and both again gave brief addresses. The day was fine and at the different points along the lakes the pape assembled to great the touring ministers.

The convention for Sleep will be

The convention for Slocan will be held tonight at New Denver. It has been decided that Mr. Hunter will again be the Conservative candidate and his nomination will likely go by acclamation. A Socialist named Shilland was nominated to oppose him, but this opposition is not considered ser ious. The Liberals are not likely to

run a candidate. The premier and Mr. Bowser arrived in Nelson shortly before 7 o'clock. They were greeted by a brass band and a large number of citizens, among them being Mr. McLean, the Conservative candidate. Mr. Harry Wright has decided to withdraw from the contest, leaving the field to Mr. McLean and a

The biggest meeting of the tour was addressed by Messrs. McBride and Bowser at the opera house tonight. It present, including many ladies. J. Irving presided. Among those on the platform were Mr. Harry Wright, the former member. He made a short address, expressing disappointment in not being nominated as he had served the people faithfully. While not announcing his withdrawal definitely his words led to the belief that he will not be a candidate.

W. R. McLean, the Conservative candidate praised Mr. Wright for the spirit he had shown, Mr. McLean spoke of the advantages of the district and his desire to serve it.

Premier McBride got a rousing re-ception. He was glad to see that there was likely to be no contest in Nelson except by the Socielists. He com-mended the spirit shown by Mr. Wright and in his speech of about an hour set forth the government policies. The branch lines into the Kootenay would probably be next in order, as he knew these were contemplated by Messre Mackenzie and Mann.

Questioned about the bridge over the Kootenay river at Nelson, the premier said he was not going to promise bridges to get votes. He did not go around with a bridge in one pocket and a wagon road in another, but would ake the matter up with the board of trade committee and if convinced the bridge was needed, and it could be constructed at a reasonable cost, it would be built, not as a favor but as a right. This announcement was greeted with loud applause.

Mr. Bowser again tore up the Liberal platform but did not speak at great length as he said it was no use firing good shot at a dead bird. In this campaign they were simply beating the air as the Liberals had not shown spirit enough to fight. The Socialists, though impracticable, had shown better principle in the fight. He would like any one to tell him anything the Liberals had left out of their platform. It contained everything in heaven above and in the earth beneath and in the waters under the earth.

The meeting closed with cheers for the premier, the attorney-general and the candidate.

Neil F. Mackay of Kaslo, and James H. Schofield of Ymir were both unenimously renominated for their constitu-encies within the past two days and there among those present.

### 60c
