THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called Frezzone, applied directly upon tender, aching corns, instantly relieves soreness, and soon the entire corn, root and all, falls right out.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of Frezzone obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

**MEMORIAL SERVICE TO FALLEN HEROES**

Opera House Crowded to Doors Sunday Evening to Take Part in Service.

The Campbellton Opera House was crowded to the doors Sunday night, after the regular service in the various churches, with the citizens and take part in the Ypres memorial and intercessory service under the direction of the members of the Great War Veterans of Restigouche.

The stage was very tastefully draped with bunting, and seats were provided for the clergy and a very large union choir.

The centre row of seats in the auditorium was reserved for the soldiers, of which there was a large turnout headed by the Citizens Band, which also played several numbers in a very creditable manner during the service.

His Worship Mayor C. A. Alexander presided. In his opening remarks he read the names of Restigouche boys, ninety-six, who had fallen in defence of their country. These were as follows:

**HON. MR. VENIOT ON BUDGET DEBATE**

**Severely Criticizes Record of Old Government and Asks Questions.**

Hon. Mr. Veniot on order of the day being called, resumed the debate on the budget. He said that when speaking the previous evening he had made reference to the over zealousness of certain politicians which he felt if not checked at the proper time might lead to serious consequences in this province to the relations which exist between the two races. He had observed that Hon. members on both sides of the House had applauded his remarks and that led him to the conviction that Hon. members opposite might do more in the future than they had in the past towards putting a stop to an agitation calculated to disrupt the population. Knowing the English speaking representatives on his own side of the House, he felt that the interests of the Acadians would be safe in their hands, and as he looked at the Hon. members opposite he also felt convinced that they would put forth every effort to put a stop to racial prejudice. He would ask all to join hands and stand shoulder to shoulder in putting down all attempts to introduce such a condition of affairs in the public life of the province. He appreciated the remarks made on the subject by the Hon. member for Queens and could assure him that the French people of the province were willing to do their part in the promotion of greater harmony. He was aware that there were narrow people on both sides who took advantage of their racial conditions to stir up strife, but he thought the time had arrived when a stop should be put to that sort of thing. In his connection he hoped Hon. members opposite would make an effort to bridge the press, which supported them.

**Influence of the Press.**

Many things said by politicians in the heat of an election campaign could be excused, but the real harm was often done in the seclusion of an editorial sanctum. Instances of the kind of which he complained had occurred in this province quite recently and he would be remiss in his duty, if he did not call attention to it. A newspaper published in Fredericton had on the 19th of March called upon the Premier of the Province to ask for the resignation of the Minister of Public Works, because he had the minister of lands and mines by the throat and was seeking to get control

**CHANGE IN N. B. BIG GAME LAW**

**Close Season for Partridge Till 1921—Caribou Must Not be Killed.**

Fredericton, April 22—Drastic amendments to the game laws will be made by an act introduced in the legislature last week by Hon. E. A. Smith, minister of lands and mines. It will be passed this week. Under its provisions the number of game animals which may be killed under a non-resident license is reduced to one moose and two deer. A close season for partridge is imposed until September, 1921 and caribou until October of the same year. The penalty for violation of the section relating to partridge is a maximum fine of \$50 and a minimum fine of \$25. The bounty on wild cats is increased from \$1 to \$2 and other bounties are fifty cents for each porcupine and twenty-five cents for each owl or hawk. The selling of carcasses of moose or deer is prohibited.

of Crown Lands to be used, not for returned soldiers but for French settlers. The same paper had stated in its issue of March 15th that he (Veniot) was endeavoring to secure control of a block of land in the County of Queens for the use of French colonists, and the paper had urged the English-speaking people to rise against the threatened French domination. He had said that there were bigots on both sides of politics and proof of his statement was furnished by the fact that while a Fredericton paper was criticizing him for doing too much for the French, the Moniteur Acadien, of Shediac, was condemning the minister of lands and mines for not doing enough for them and was holding him up as a Protestant bigot, who was strangling the French colonists. It looked to him (Veniot) as if it was a concerted attempt on the part of the English and French Conservatives press to stir up prejudice, with the hope of gaining some political advantage. He noticed in The Standard's report of the speeches of the Hon. leader of the Opposition there was a sub-heading referred to "Hetherington's Break." He wished to say that his Hon. friend from Queens had made no break but he was inclined to think that he had caused a break among his Hon. friends opposite. It would be good for the province if it had more men like Dr. Hetherington who were not afraid to stand up and denounce those who are seeking to create racial prejudice among the people.

**Unity in Empire's Interests.**

A number of speakers who had preceded him, had made reference to the great war and the Hon. leader of the opposition had stated that the situation was critical. He (Veniot) while he had every confidence that the Allies would achieve success, thought that in reviewing the situation there was every reason to fear the result. Surely when the boys of the province of all creeds were fighting for peace and laying down their lives in far-off Europe, those at home should be able to settle their little differences and work hand in hand for the good of the Empire. While he personally could not go to the front, he was represented there by a member of his family and had an offer, which he made to the Government, been accepted he would have been there now fighting alongside of his son. In the face of such things he thought the people of the province should make the sacrifice by giving together and throwing down on those who have so little respect for their positions as to seek by such despicable means to gain selfish political ends.

He had listened with a great deal of interest to the two speeches delivered during the session by the Hon. leader of the opposition and he had been somewhat attracted to that Hon. member when he had said on the opening day that he did not intend to engage in carping criticism. Before the Hon. member had concluded his speech, however, he was using such phrases as "indiscriminate waste of public money" and "great extravagance." In all of the criticism which the Hon. member had levelled at the department of public works he was only able to cite one instance where

**Save Food**

In a time needing food economy many people are not getting all the nourishment they might from their food.

It is not how much you eat, but how much you assimilate, that does you good.

The addition of a small teaspoonful of Bovee's to the diet as a peptogenic before meals leads to more thorough digestion and assimilation and thus saves food, for you need less.

**FUNERAL OF PTE. GREEN ON FRIDAY**

**Impressive Service at Christ Church—Military Funeral—Large Attendance.**

The funeral of the late William Green of the Alberta Battalion took place Friday afternoon at 2 o'clock in Christ Church.

The church was crowded with citizens to pay their last respect to a soldier who had died far away from loved ones.

The service was very impressive, and was conducted by the Rector Rev. J. H. Barnes, assisted by Rev. Pte. Henderson, one of his comrades.

The casket was covered with flowers from his comrades and citizens.

Members of the Alberta Battalion stationed here and the members of the G. W. V. A., marched in a body, the firing party under command of Lt. F. O'Leary, leading the procession. Comrades of the deceased acted as pall-bearers. After the service at the grave three volleys were fired by the firing party and the trumpeter sounded "Last Post." Interment was made in the Rural Cemetery.

he claimed that the money had been wrongfully spent. Considering the fact that the department during the year had handled no less than \$4,123,000 and the Hon. member was only able to find fault with one item of expenditure, he (Veniot) had reason to be proud of the showing made.

Standing out prominently in the speech was a question which Hon. Mr. Veniot asked, a question which he left to the leader of the opposition to answer and the answer will be awaited with keenest interest by Mr. Murray's followers and opponents alike.

The question was: "Where did the money come from?"

The minister of public works had reviewed the history of the patriotic potato deal already famous in the annals of the province. When he had the sequel. When the potatoes which were the gift of the province to the motherland, had been shipped, there was a large surplus left in the hands of the government, and this stock was disposed of by Mr. A. C. Smith & Co., agents for the government, by shipments to the West Indies. The last of the potatoes were shipped in February and March of 1916, but when the books of the province had been closed on November 10th, the proceeds, a matter of \$32,860 had not been accounted for. The books were kept open until December 22nd, and on that date the province received a promissory note signed by A. C. Smith & Co., for the amount, which was entered as cash received. The note was discounted and by the time it was due Smith & Co., had failed. The note was met, in March 1916, by a check forwarded from Montreal.

When these statements were made the opposition leader was not in the chamber, and Mr. Veniot remarked: "If the leader of the opposition were here he might be able to tell who forwarded that check and who furnished the money to repay the check."

**Waits for Answer.**

In Mr. Murray's absence he was forced to wait for a public answer, but he assured his hearers that the transaction was a disgraceful and dishonest one, and one which, when fully revealed would show how hollow was the claim that the former government had left office without a stain on the hands of the members.

There was another transaction of which the late administration had no reason to be proud and which will require some explaining from the former minister of public works. This is the contract made by Hon. B. F. Smith with the Smith Foundry Company of Fredericton for the White trucks on the basis of twenty per cent. profit, at a time when another contract was prepared to sell them to the government on a ten per cent. profit, a contract made only a few days before the general elections. When Hon. Mr. Veniot entered office he took steps which resulted in cutting down the price and effected, a saving to the province of \$7,200 on the transaction.

**No Answer.**

B. F. Smith answered Hon. Mr. Veniot, but made no mention of this matter. He talked for half an hour, quite evidently sparring for the process and laboring heavily in the process. The blow apparently has nearly been a knockout. At 11 o'clock Mr. Smith moved the adjournment of the debate. If he has an answer prepared by the morning the province will be glad to hear what it is.

The first morning session is being held to-day when the house will convene at 11 o'clock a.m., sessions will be continued in the afternoon and evening and the members will be at work again early on Monday morning.
