To the Oriental Belt Co. This is to certify that I was for nearly nine months almost helpless with rheumatism in my arms and shoulders. During that time I tried many highly recommended remedies, but all failed to give even temporary relief. At last I was induced to try your Electric Belt and Shoulder Appliances, which in a very few days helped me, and after two months' wearing them I am happy to say that I am almost well. My case I believe to have been a stubborn one, but finally yielded to the treatment, which is simple, without deception or humbug. You are at liberty to use this statement in any way you think proper, hoping that it may come to the notice of some unfortunate afflicted as I was. You may also refer any one to me who may want more particulars about the cure offered by your treatment.
