

WARNS OF DEMAGOGUES

Able to Wield Too Much Influence Just Now

SPEAKS AT TORONTO

Mr. Meighen Addresses Luncheon of Brotherhood Federation

TORONTO, Oct. 24.—(Canadian Press Staff Correspondent).—"This is a time when he who is able to reach the multitude by smooth phrases and promises the elimination of taxes and hard work yields altogether too much influence," Premier Meighen told a gathering of Toronto citizens at luncheon to-day. The occasion was a complimentary luncheon given by the Toronto Brotherhood Federation for Community Service to Col. George T. Denison, ex-magistrate of the city; Dr. James L. Hughes, a prominent educationist, and Dr. C. J. Hastings, medical health officer. Col. Denison was unfortunately compelled to be absent on account of ill-health, but an address appreciative of his services to the community will be presented to him. J. O. McCarthy, president of the Toronto federation, presided at the luncheon. The first speaker was William Ward, of London, England, president of the United Brotherhood Federation.

Mr. Ward emphasized the fact that the movement was nonsectarian and nonpolitical. Premier Meighen said that it was a pleasure to leave the smoke and noise of conflict for while to attend a gathering which was non-political. He caused some amusement by remarking that "after he had served for a few more decades as prime minister and Mr. Churchill, sitting at his left, had served for a few more decades as mayor, they might look forward to recognition such as is being accorded to these distinguished men."

He paid a tribute to the services of the guests of honor who had won the esteem and regard of the community and country in which they lived.

THRESHING IS ABOUT COMPLETED IN WEST

Only in Saskatchewan Is There Much to Be Done, Says C. P. R. Bulletin.

WINNIPEG, Oct. 24.—With the exception of Saskatchewan, threshing has practically been completed in Western Canada, states the weekly crop review of the C. P. R., issued here. "The drop in the price of wheat is causing keen disappointment to farmers," states the report, "and whenever financially able they are holding their grain until better prices prevail."

The live stock situation is unchanged, with prices offered unattractive, and farmers showing no desire to sell under present conditions.

SHOULD APPRECIATE WORK OF HYDRO KNIGHT

ST. THOMAS, Oct. 24.—(By Staff Reporter).—With a visit to this city to-day of P. H. Alfred, general manager of the Pere Marquette Railway, the old story concerning electrification of the road has been revived here. Mr. Alfred, however, states that, while the electrification of all steam roads is bound to come eventually, there is nothing in the immediate future to indicate its adoption as far as the P. M. is concerned. He laughed rather heartily at the continual publication of electrification stories locally.

The president said that Sir Adam Beck is performing a great service for Canada and every Canadian should appreciate the fact that Sir Adam is a wonderful man.

The first offender to drive a truck without a mirror was fined \$1 and costs in the city court to-day.

The Canadian National Railway train was on the siding at the Grand Trunk yards to-day and attracted hundreds of citizens.

BURGULARS ACTIVE IN STRATHROY STORES

Nocturnal Attempts to Loot Grocery and Clothing Establishments.

STRATHROY, Oct. 24.—(Special to The Free Press).—The grocery store of Herbert C. Jay was robbed of a quantity of groceries and an attempt was made to rob the clothing store of A. P. Malone, Front street, here, some time on Sunday night or early morning.

Entrance was gained to the corner grocery of Mr. Jay by breaking a pane of glass in the front door of the store. A considerable quantity of groceries was taken and every drawer in the establishment was ransacked by the thief or thieves. The only money in the store was about 100 coppers in a paper bag, which was disassembled by the thieves.

A hole was bored through the door beside the lock at the Malone store and a second one had been started when the men were evidently frightened away. A small round file was left in the doorway in the hurried departure.

Chief of Police A. E. Wilson is working on the cases.

WINDSOR MAGISTRATE ADDS TO LIVING COSTS

WINDSOR, Oct. 24.—It costs a small pocketful of money to be ordered to pay court costs in a case in Windsor police court. Individuals who are unfortunate enough to be brought before Judge Gundy, convicted of an offense where there is an alternative of a money fine, must now hand over an extra \$8.50. Until a short time ago the court costs totaled \$7.50.

Drunks are fined the usual \$10 and costs. One wily individual who paid the fine to-day objected to the large court costs on the ground that he could get better accommodation at the Hotel St. Aster, Detroit, for the amount it was costing him to stop in a cell.

KENT COUNTY BOYS IN STOCK JUDGING CONTEST

TORONTO, Oct. 24.—Competition, staged for the first time, this year through co-operation between the Dominion and provincial departments of agriculture, will be wound up at the Union stockyards to-morrow, when three carloads of hogs raised by farm boys of Victoria and Kent counties will be judged.

The competition was open to teams of ten boys between 12 and 18 years of age, who were required to enter a carload of at least 40 hogs. Two teams from the vicinity of Oakwood, in Victoria, and one from around Eberia, in Kent County, are entered. The winning team will get a prize of \$45, the second \$40 and the third \$30.

Next year the competition will be widened to take in teams from most of the counties of the province.

DRESDEN FLOUR MILL IS TO BE REBUILT

Lawrence & Wakefield Plan to Build Steel and Concrete Structure; Details Being Arranged.

DRESDEN, Oct. 24.—Up from the ashes and ruins of the Dresden Flour Milling Company's mill, which was destroyed a week ago, will rise a new and better mill. The enterprising firm of Lawrence & Wakefield are making plans for rebuilding and as soon as things can be squared away work will be begun on a new structure. The insurance on the burned structure has been adjusted. The farmers have been drawing away the charred, damp wheat for feed, some of which escaped being totally consumed, and the debris is being cleared away. The firm is considering in its plans for the new building a steel and concrete structure. The decision to rebuild means much for the town and county.

The first mile of the new pavement being built from the town limits to the second concession of Camden Township was opened for traffic on Saturday evening. It is expected that the second mile will be completed this week.

Rev. John Holmes, of London, a former pastor of the Methodist church, will preach anniversary services here on Sunday, October 30.

BRITAIN WOULD SUPPORT U. S.

Lord Northcliffe Expresses Opinion to Japs

LONDON, Oct. 24.—In the event of a clash at arms on the Pacific or elsewhere, involving the United States, Great Britain without question would support the United States, according to the personal opinion voiced by Lord Northcliffe in an interview on Saturday with Japanese newspaper men, who came to Manila from Japan for the purpose of talking with him, says a dispatch to The London Times, from Manila.

Replying to the direct questions, Lord Northcliffe declared it was his belief that should such a clash occur the whole family of British nations would stand beside the United States, just as the United States people have stood beside the British in the still smouldering conflagration of Europe. Lord Northcliffe added that it seemed inconceivable that any contingency might arise seriously to menace the "invisibly but impregnable bonds that make the English-speaking peoples one in the ultimate and supreme issues of humanity."

With reference to the renewal of the Anglo-Japanese alliance, Lord Northcliffe said he believed he knew the general sentiment of the British people, but that he was not ready to make any definite statement at present. He suggested that the Japanese newspaper men should advise their representatives to take up this question with the Japanese delegates to the Washington conference.

WINDSOR COUNCIL AGREES TO DEBENTURES FOR TECH.

WINDSOR, Oct. 24.—By a unanimous vote to-night the City Council passed a by-law authorizing a debenture issue for \$666,000 covering the amount to be contributed both by Windsor and the Provincial Government towards the cost of a technical school for Windsor and Walkerville. The estimated cost of the school is \$800,000, including \$50,000 for loss on the sale of debentures.

The Province will pay half this amount and Walkerville's share will be approximately \$60,000.

W. A. BUCHANAN HAS RETIRED FROM CONTEST

LETHBRIDGE, Alta., Oct. 24.—W. A. Buchanan, former M. P. for this constituency, who a couple of weeks ago announced his candidature as an Independent Liberal, to-day announced his withdrawal from the campaign. Mr. Buchanan states that the issue of irrigation development which prompted his entry into the campaign has become clouded with political issues and class considerations, and he therefore reverts to his previous decision to retire from public life at the end of his term.

BURGULARS IN WINDSOR HAD STRANGE FANCIES

All Right To Steel Liquor, But Why the Violin?

WINDSOR, Oct. 24.—Goods valued at \$1,367, including 11 cases of whisky and a violin worth \$700, were taken in robberies and theft occurrences reported to Windsor police over the week-end. The stolen violin was owned by Albert Tilley, 218 Victoria avenue. Police stated that the instrument was taken from an automobile which was parked in front of a garage on Sunday morning.

Five cases of whisky, worth \$200, were stolen from the residence occupied by Max Meyer, while liquor thieves also took six cases and women's wearing apparel, valued at \$115, from the home of Thomas Pilling.

Police are hunting for Lillie Lauson, employed by Thomas Farrarough, 1449 Jameson avenue, as a domestic. Farrarough told the police that the girl left the house, taking with her \$35 in cash and six and a half cases of whisky which did not belong to her. They believe that she sold the liquor to a bootlegger.

Burglars were unsuccessful in an attempt to enter the Lehan Furniture Company, Sandwich street, early this morning.

NEW PASTOR APPRECIATED.

HYDE PARK, Oct. 24.—Rev. J. MacKillop appeared before his new congregation in Hyde Park Presbyterian Church for the first time Sunday morning and preached a splendid sermon to a large congregation. Mr. MacKillop is a liberate, forceful and pleasing speaker.

ONEIDA FAIR OPENS TO-DAY

Indians Arrange Novel Entertainment for Visitors

STRATHROY, Oct. 24.—The Oneida, the great Indian fair, which was to have been held at the fair grounds on the Oneida Reserve, October 13-14, will be held on October 25-26. Tuesday will be athletic day and a baseball tournament will be held when teams from Shelden, Delaware, Oneida, Brick street, London, and others from Southwold and Yarmouth townships will compete for honors.

Wednesday there will be a good program of horse races, consisting of trot of pace, Indian horses only; 2:40 trot or pace and a free-for-all. There will also be a combination race as an added feature. In this race the driver must run one quarter of a mile to his horse, mount it and ride it a quarter of a mile to his rig, where he must hitch it and drive one half mile. There will also be relay races and foot races. An exhibition of the mode of living by the Indians when Columbus discovered America will also be a feature.

The officers of the fair board are Evan John, president; D. W. Williams, vice-president; Chief Charles Summers, treasurer, and Levi T. Doxtator, secretary.

BOILING HOT City Water From The Tap

HYDRO PROVIDES CONTINUOUS SERVICE AT LOW COST

Every housewife knows that one of the most appreciable conveniences a home can have is piping hot water, always on draught in generous quantities, for the bath, the kitchen or the laundry.

It takes hot water to do it right, but hot water procured by the old-fashioned teakettle method is as unsatisfactory as lugging water from the garden pump. The cost of the automatic gas heater as an alternative frightens hundreds off.

Hydro has solved the problem. By one of the greatest advances in the progress of every-day

home electricity the Public Utilities Commission has arranged to heat water for you, through the Hydro department, as unfailingly as the same commission serves you with cold water through the waterworks department.

An electric water heater is far more compact than any you have ever known. It is absolutely dependable, and by a new rate just approved by the Hydro-Electric Power Commission of Ontario, the cost is brought within the reach of the average London home.

Installation involves comparatively little piping or wiring to connect to your hot water tank. The electricity to operate your heater may be taken through the meter, or, if you prefer, on a monthly flat-rate basis, direct off the power wires.

Send to the Hydro Shop now, or phone 7000, and a Hydro specialist will give you exact information on your own needs FREE.

Heaters are now being installed in many London homes. Keep abreast of the times. Get the most out of life. Act now.
