TUBERCULOSIS

The story which Dr. W. H. Hattle Provincial Health Officer, tells of the estruction of human life by tuberculosis is not by any means pleasar reading. But it is well to know it and think about it, and to ascertain the best methods of preventing it and of dealing with it on the first sign of

A large number of the young mer but the number does not equal that of the men and women of our Prevince who have yielded to the onslaughts of that regiment the men and women of our prevince who have yielded to the onslaughts of that regiment the men and women of our Prevince was afterwards, on the breakink up of that regiment the men and women of our prevince was afterwards, on the breakink up of that regiment the men and women of our prevince who have yielded to the onslaughts of that regiment the men and women of our prevince who have yielded to the onslaughts of the men and women of our prevince who have yielded to the onslaughts of the men and women of our prevince who have yielded to the onslaughts of the men and women of our prevince who have yielded to the onslaughts of the men and women of our prevince who have yielded to the onslaughts of the men and women of our prevince who have yielded to the onslaughts of the men and women of our prevince who have yielded to the onslaughts of the men and women of the the dreaded disease. Dr. Hattie as sures us that eight thousand and four hundred deaths by tuberculosis in the lost cited to restrict the sures as the sure of the sures of th war will cease, as all wars have ceas-

Tace having the area of a postage pahize with his father and family in them might be marshalled on a surstamp." It attacks almost any part their great liss. Another son of Mr. of the body, but delights particularly

in the warm tissues of the lungs. Let it once enter the human body, at any part, and it is capable of multiplying itself rapidly. It "exacts an exorbitant toll of life and misery and has ar economic importance probably greater than any other single disease. And, vet, it is very largely prevent able. Dr. Hattie says that last year in Nova' Scotia the deaths occasioned by it were twenty-eight per cent lowerthan eight years before. This is en couraging, but it is not at all equal to the improvement made in many places. which in some cities is reported to be from forty to eighty-five per cent. The highest improvement just mentioned was in Toronto. The change for the better is the result of greater knowledge of the nature and causes of the the means of prevention and cure. For this greater knowledge and care we are indebted to the men who have made the matter the subject of patient and prolonged investigation and

The report from the Provincial San itorium in Kentville assures us that

be plenty of fresh air, air in motion. out-doors air. Second, plenty of suit-

scourges of humanity have been con-quered. This alsi may be con quered young girl. She was also a member and become a thing of the past.

BRITTANIA TO COLUMBIA

March gale;

We severed have been too long. And now we have done with a worn out tale.

The tale of an ancient wrong: And our friendship shall last long as love doth last, and be stronger than death is strong.

(Lines by Alfred Austin on the determination of the United States to join the Allies.)

JUST TELL HER THAT

I want to tell you something, Bill, he

you lay me out in No Man's Land

And put a wooden cross above

Just this: last night, when lying here, I knew I found my soul, Bill, since the war

And I was happy it's through.

And you're back home-just tell her that, old man.

-Canadian Univ. Magazine According to a tabulation made by

the Boston Municipal Bureau of Statistics for war purposes, to show the number of foreign-born residents in that city, there are 49,596 who were born in Canada and Newfoundland. Of these 20,989 are from Nova Scotia. New Brunswick is represented by 7,651, Prince Edward Island by 5007, and Newfoundland by 4,876, while other parts of Canada supply only

The remarkable incident is report, resist disease germs. ed of a Toronto rector, attached to the artillery, who was called upon to bury a man killed by a shell who only reached the front a day or two before with a draft. He found that the man was one of his parishioners to whom he had only recently bidden goed-bye on the other side of the Atlantica

The Cunard Steamship Company is planning to place orders in the United States for one hundred and fourteen passenger steamers at a cost of \$120,-000,000, according to an announce-ment by agents of the company at Philadelphia on Saturday. The new ships, it was said, will range in size from 8,000 to 17,000 tons.

GALLANT YOUNG OFFICER

aptain Walter W. Pickup, of Granville Ferry, Falls on the Field of Honor

Hon, S. W. W. Pickup, M. L. C., reeived a cable message last Thursday morning announcing that his son, of our Province have during the past captain Walter Willett Pickup, had preme sacrifice upon the battle field, been killed in action on Monday but the number does not equal that of morning. Captain Pickup left Canhundred deaths by tuberculosis in the last eight years is the tale which our Provincial records tell. The present war will cease as all wars have ceasure of the control of the present war will cease as all wars have ceasured to the front last October. At the time of his heroic death he was commander of a location of the control of the ed; but it appears that tuberculosis company, and it is probable that he may say, with Tennyson's brook, fell leading his men in the glorious "But I go on forever, forever; but I The organism which produces the ap was about 25 years old, a young disease is very minute, only "about one ten thousandth part of an inch in length, and from one fifty thousandth his student days at Dethousie Univerto one twenty thousandth part of an sity he was exceedingly popular, and hosts of friends will mourn the death of a gallant young man and sym-

the Monitor unites with the many friends of the Hon. Mr. Pickup in sincere sympathy with him and the family in their great sorrow. Captain Pickup was a graduate of the University of Mt. Allison, receiving the de gree of B. A. in 1914. At Mt. Allison, and subsequently at Dalhousie Law School, he was esteemed highly for his excellent qualities of mind and eart. A promising career has been cut short, but in a noble cause.

MRS. GEORGE A. WITHERS At the home of her daughter in New Hampshire, there passed to her eter-nal rest Annie, wife of George A. Withers of Granville Centre. wo years or more deceased had been in failing health. A little over a yea ago she went with her daughter in the United States, with the hope that the change would be beneficial, but she gradually failed until the end came on April 8th, at the age of seventy

Deceased was the daughter of the ate George and Harriet (Wade) Roney of Granville, and leaves to mourn their loss, beside her husband, itorium in Kentville assures us that forty per cent of the patients treated five daughters and two sons—Clarice, wife of Henry Cox of New Hampshire; bave been quite restored, or sufficient ly well to be able to work. The enlargement now being made in this institution will make room for a much larger number of patients.

Three principal actors are employed in the treatment. First, there must be a noble, self-sacrificing wife. of a noble, self-sacrificing wife.

mother and sister. out-doors air. Second, plenty of suitable, nourishing food. Third, plenty of rest.

Other diseases which have been Courses of hymerity have been the courses of hymerity have been course of hymerity have been course o tion. The service was conducted by Pastor Brindley, who spoke from the words: "So teach us to number our days that we may apply our hearts unto wisdom", dwalling control bluff thought that the only life worth living is the God-instructed life.
