

Have You Weak Lungs ?

Every Sufferer from Lung Weakness, Consumption, Asthma, Catarrh or Bronchitis, can be Cured.

Nearly everybody you meet will regard it as a kind of insult to be asked if they have weak lungs. All seem to have a solid faith in the soundness of their own breathing machine. In cases of trouble they will admit there is a "heavy cold," a "touch of bronchitis," or even "a spell of asthma," but as to weaker or unsound lungs, never, NEVER. Even the poor consumptive, who scarcely speaks without coughing, whose cheeks are wasted, hollow, and bear the hectic flush of doom, will assure you with glistening eyes that his cold is on the mend, and he will be all right when the weather changes.

It is simply terrible to think how far we may be guilty by our indifference to the lung troubles of those near and dear to us. It is also a sad thought that we may hug a delusion as to our own health that we only get rid of when life itself must pay the forfeit.

Nobody can afford to think lightly of lung troubles. Nobody can afford to be mistaken about their possible dangers. Nobody can afford to neglect them, or "let them wear out," or "get better in the spring," or any other tomfoolery that leads only to wreck and ruin. Lung troubles don't move backward. Weak lungs don't grow strong by themselves—you must heal them and strengthen them, and rid them of the very earliest germs of disease, or you are simply committing a form of suicide. Either you must cure your lung troubles or

THEY WILL KILL YOU. That's the whole situation in a nutshell.

Never was there a cure for lung troubles equal to the newly-discovered Dr. Slocum treatment. This forms a system of Four Remedies that are used simultaneously and supplement each other's curative action. It cures weak lungs, bronchitis, asthma, coughs, consumption, and every other ailment of the pulmonary region. It destroys every germ that can affect the respiratory system, and even in advanced stages of lung trouble positively arrests the tubercular growth, while it also builds up the patient so that his system is enabled to throw off scrofula, rheumatism, catarrh, and other wasting diseases.

Thousands of cured cases already prove these claims. Thousands of grateful people bless the discovery.

The Doctor wants everybody to know the surprising merits of his system. He has arranged to give a free treatment (Four Preparations) to all sufferers. Full instructions for use accompany each treatment.
