

# Aseptic Vaccine.

---

It is very gratifying to us to be in a position to advise physicians of the Dominion that our Virus is giving excellent results as proved by many complimentary reports being received daily from physicians in widely separated districts.

**Our Virus gives Typical Vaccinations in ALL PRIMARY CASES, and is NEVER followed by any complications or serious after effects.** It protects but does not infect. It combines purity and potency, the two all essentials of a standard reliable Vaccine.

We will gladly send, **Free of Charge, a sample of our Vaccine Virus** to any physician upon request.

We have it Glycerinated in cases of ten tubes and of three tubes. Also points, in boxes of ten.
