Foods! Foods!

DESICCATED WHEAT. HULLED AND ROLLED.

This article is the perfection of human food designed for all seasons of the year. It is absolutely pure and partly digested as the starch is converted into dextrine. It is sure to cure dyspepsia and regulate other affections of the digestive organs. It contains all the elements necessary to supply the wastes of the body. It is cooked and densed so that one pound is equal to two of ordinary cracked, granulated, rolled or crushed wheat in their raw state.

DESICCATED BARLEY. HULLED AND ROLLED.

This article when mixed with Desiccated Wheat is the best food in the world for active men, as the brain is fully supplied with phosphorus in the barley and nitrogen in the wheat. This admixture of barley phosphates with petonized wheat is a glorious food to a large class of people who work their brains constantly and have little out door exercise.

GRATEFUL COMFORTING. EPPS'S COCOA. BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
