Meetings.

CANADIAN BANK OF COMMERCE.

The thirty-second annual meeting of the shareholders of the Canadian Bank of Commerce was held in the banking house,

shareholders of the Canadian Bank of Commerce was held in the banking house. Toronto, on Tuesday, 20th June, 1899, at 12 o'clock. There were present: Hon. George A. Cox, Messrs. C. D. Massey, James Crathern, J. W. Langmuir, A. G. Ramsay, Robert Kilgour, J. W. Flavelle, Wm. McCabe, J. L. Blaikie, W. B. Hamilton, Edward Martin, Q.C., Matthew Leggat, John Hoskin, Q.C., LL.D., William Ross, Thomas Gilmour, William Hendrie, R. C. Carlyle, Robert Swan, Walter S. Lee, William Spry. Thos. E. Fraser, John Nicol, Philip Browne. Henry Beatty, W. H. Dunsford, David Smith, A. V. Delaporte, J. Clarke Brown, A. M. Crombie, O. F. Rice, J. Lorne Campbell, J. C. Kemp, Robert Thompson, Melfort Boulton, Rev. E. B. Lawler, W. J. Gage, F. J. D. Smith, Robert Somer-ville, A. E. Webb, Z. A. Lash, Q.C., John Aird, R. Wickens, William Cook, Dr. Dewart, Thomas Sanderson and others. On motion, the president, Hon. Geo. A. Cox, was requested to take the chair, and Mr. A. H. Ireland, the inspector, was ap-pointed to act as secretary. It was moved by Mr. Leggat, seconded

NIT. A. II. Ireland, the inspector, was ap-pointed to act as secretary. It was moved by Mr. Leggat, seconded by Mr. Kilgour, that Messrs. Philip Browne, J. Lorne Campbell and Melfort Boulton act as scrutineers. Carried. The president called upon the secretary

The president called upon the secretary to read the annual report of the directors as follows:

REPORT.

The directors beg to present to the shareholders the thirty-second annual report, covering the year ending 31st May, 1899, together with the usual statement of assets and liabilities

The balance at credit of Profit and Loss account, brought

- forward from last year was. \$ 42,935 57 The net profits of the year ending 31st May, after pro-viding for all bad and doubt-
- ful debts, amounted to..... 542,802 96

\$585,738 53

Which has been appropriated as follows: Dividends Nos. 63 and 64, at 7 per cent. per annum.......\$420,000 00 Transferred to Pension Fund... 10,000 00 Written off bank premises.... 100,000 00 Balance carried forward...... 55.738 53

\$585,738 53

The usual careful revaluation of the entire assets of the bank has been made, and all bad and doubtful debts have been amply provided for.

It will be seen that the bank has shared revery satisfactorily during the past year in the improvement in business which has been so marked throughout North Amer-ica. The profits would have permitted a substantial addition to the reserve fund, but in view of the large expenditures made during the year in the purchase of proper but in view of the large expenditures made during the year in the purchase of proper-ties at Winnipeg, Vancouver, Toronto, and elsewhere, on some of which buildings are being erected, the directors decided to ap-ply \$100,000 out of the year's profits in re-duction of the bank premises account. The rapid expansion of business has caused banks generally to receive an un-usual number of requests to open branches in various parts of Canada. We have had

in various parts of Canada. We have had our share in this movement, but have felt obliged to refuse the majority of such applications. In accordance, however, with the policy inaugurated last year of establishing ourselves in the great mining dis-tricts of Western Canada, we have opened the following branches in British Colum-bia: Vancouver: Fernie, in the Crow's Nest Pass: Cranbrook, in the East Kootenay district; Greenwood, in the Boundary Creek country, and Atlin in the northern gold fields. We have also opened an agency at Skagway, Alaska. In Ontario

we have opened a branch at Port Perry. The various branches, agencies, and de partments of the bank have been inspected during the year.

The directors have again pleasure in re-cording their appreciation of the efficiency and zeal with which the officers of the bank have performed their respective

B. E. WALKER. General Manager.

In moving the adoption of the report the president said:

PRESIDENT'S ADDRESS.

Other assets

In inviting you to compare the statement of the bank now before you with that of of the bank now before you with that of last year, my task is a pleasant one, as we have to take note of a growth in the figures on both sides of the account, which should tend to increase the prosper-ity of the bank. Last year I called your attention to an increase in our deposits for the year then closed of about four millions the year then closed of about four millions of dollars, accompanied by, the regret,

however, that we had been forced to invest nearly all of this sum in bonds, owing to the lack of demand for money by our ordinary borrowers. This year we have to report a further increase in deposits of about four and a half million dollars, but accompanied by an increase in our ordin-ary loans of about five million dollars. Last year I stated that there was no special feature in the bank's affairs accounting for this large increase, and this year I can but repeat the statement. Taking the latest available Government statement and that for the same date two years ago as my sources of information, I find that in 1897 of the entire deposits held by the banks of Canada we held 9.07 per cent, while in 1899 we hold 10.46 per cent. I also find that the growth in deposits for this period of two years by the banks on a whole is 27.85 per cent., while the growth in the case of this bank is 47.62 per cent.

During the year we have opened seven new offices of the bank. It is many years since we have increased the number of our since we have increased the number of our establishments so rapidly in so short a time, and while doing so we have also to admit that in Ontario we have declined to open in places occupied later by other banks, although sometimes territory hither-to served by branches already established to served by branches already established by us has been cut into and competition thereby increased. We have opened only one branch in Ontario, that at Port Perry, and it is in a district in which this bank has not htherto been represented. Our expansion has been almost entirely in the rather because of the inevitable national importance of that city eventually, than of the expectation that a banking business can be rapidly acquired there. In connec-tion with the building of the Crow's Nest Pass branch of the Canadian Pacific Railway we have opened three offices; one at Fernie, where the offices of the Crow's Nest Pass Coal Co.'y are situated; one at Cranbrook, a point on the railway to which a large share of the business of the East Kootenay district must eventually come; and one at Greenwood, the chief town in the Boundary Creek country, destined to be a gold and copper mining country of great importance. These offices may not be very profited for a set offices nay not be very profitable for some time o come, but they put us in a position to share in the mining business of that great country when ore-shipping has actually begun. We have opened in the extreme north of British Columbia at Atlin, but initil the close of the first season it will be the close of the first season it will be dle to discuss whether this will be a profit-ble venture or not. The agency estab-ished at Skaguay in Alaska was necessary n connection with our business at Daw-on and Atlin, and besides there is a mod-rate volume of business developed directly it Skaguay although cacheso t Skaguay, although perhaps not enough o justify a bank having no other connec-ion with the western gold fields. Our wranch at Dawson has answered our ex-pectations, which, however, were much ore moderate than those of some of our iends, who have had rather wild notions bout the possibilities in banking in that ountry. For the first year large results country. For the first year large results were hardly to be expected, the expense of sending in our staff, safes and equipment, and of erecting our building being enormous, not to speak of the equally must cost of maintaining an establishment there. Eventually, however, we shall hope to be rewarded for what has been not only

an arduous but a very anxious experiment. You will expect to hear something re-garding our unusual outlays in purchasing real estate and erecting offices, especially as we have devoted \$100,000 of earnings to as we have devoted provide of carmings to the reduction of the premises account, which sum might, with propriety, have been added to the rest. During the period of business depression, which was markedly a period of real estate depression, we practically bought no properties, but the sudden improvement in business brought sharply before us the necessity of ensuring the permanency of our position in certain
