OLD ARGONAUT OARSMAN PROMOTED TO PAYMASTER.

Word has just been received from England that Capt. Irvine "Ike" Robertson, a nephew of J. Ross Robertson, who went over with the first Canadian contingent, has been promoted to the rank of paymaster. Capt. Robertson is in the Artillery and is an old Argonaut oarsman.

OSLER RECREATION CENTRE.

Over sixty boys took part in the gym class last night, after which the Junior Basketball House League continued their schedule. Gourley and Crawford provided the fireworks in the first contest. Crawford's team were fortunate to obtain a good lead in the first half, and, by consistent hard-checking, managed to hold the fast-coming Gourley and win out.

The second game brought together Savage and Wilson. This game was undoubtedly the best one the juniors have staged so far. There was never more than a margin of four points separating the two teams at any time, and, mainly due to the clever shooting of J. Willie, Savage's team were returned winners. Following are the scores:

Crawford	20	Gourley	14
Savage	20	Wilson	17

KEWESSA, WINNER CAPITAL HANDICAP

Rank Outsided and More Long Shots at Bowie—Disturber Disqualified.

BOWIE, Md., Nov. 24.—Following are the race results today:

FIRST RACE—Selling, 2-year-olds, 3½ furlongs:

Accurate Iron Men For Hamilton J. C.

HAMILTON, Nov. 24.—L. P. DeLumen was in the city yesterday and gave a private demonstration of what he claims to be the finest invention of the age for race tracks where the pari-mutuel machines are used. The machine in no way interferes with the machines which are in use at present, but it affords a much better protection to both the clubs and public, and leaves no chance for any forging of tickets such as has happened on some of the tracks where the iron men are used. The machine prints and numbers each ticket as it is sold, and at the same time registers the bet on a sheet, which is turned over to the cashier at the end of each race and which guides him in paying off. It registers the number of tickets sold on each horse and also the total amount bet on each race. It means a big saving for the club in the matter of help and tickets, and at the same time gives the public the confidence that at times has been lacking. Each machine works by electricity, so that there is no chance of any tickets being sold after the race is over. A. R. Loulon, secretary of the Hamilton Jockey Club, was greatly interested in the machine, and it is likely that they will be installed at the Hamilton Jockey Club in connection with the new mutuel machines. Each ticket has a different number and a private mark, which also appears on the cashier's sheet.
