

the venerable secretary of the Institution, the sole survivor of the original board, and he, five years later, after twenty-three years' connection with the establishment, was also gathered to his fathers. His ample reports show how deeply he was interested in the work to which he gave the first impetus and which he was largely instrumental in establishing. He was succeeded by the present secretary, Rev. Dr. Forrest, president of Dalhousie College, who, though burdened with the heavy responsibility of his own position, as well as the religious, benevolent, and social matters in which he takes so active a part, still bestows much time and attention upon the Institution, and is ever ready, when called upon, to give his valuable counsel and assistance in the management.

The Honorable D. McNeil Parker, M. L. C., has been associated with the Institution for over thirty-four years as honorary physician, and at present as chairman of the board. His connection dates back to within two years of the establishment of the school, and notwithstanding his professional and political duties, as well as benevolent work connected with various philanthropic institutions, he still finds time to devote to the interests of the school for the deaf, and in spite of advancing age makes a point of being present at almost every meeting of the board.
