## BOARD OF TRADE RESENT SERMON OF CANON WADE

Standard of Business Veracity High -Considering Benefit Fund For Firemen.

HAMILTON, Oct. 3 .- (Special.)-The board of trade this afternoon discussed Otherwise Church of Rome May the sermon preached on Sunday by Rev. Canon Wade in the Church of the Ascension, in which he reflected on the veracity of business men. George H. Lees introduced the subject because he thought the board should take official recognizance of it. He said that if the newspaper reports were true, and canon Wade said they were not to be relid upon, the canon had said that the average business man was a liar. He thought the canon's statement that any persons who believed that they read in the advertisements were incredulous fools, was a reflection on the big advertisers, who had made their money honestly. He believed that the standard of business veracity was higher to day then it ever had been in "From what Lives addressed by them."

An enthusiastic gathering was held in the evening at Association Hall, and was addressed by Archdeacon Madden and Dr. Hanson.

"With one united Protestant church in Canada you could sweep the country," said Dr. Hanson, after paying a compliment to the recent findings of the joint committee on church union.

the history of the world.

John E. Brown also spoke in a similar strain, and said that the man who was not truthful in business to-day would not last very long. They wanted a resolution of resentment passed, but President Southam thought that the discussion, when reported in the newspapers, would serve to illustrate the feeling of the board in the matter.

High Insurance Rates.
There was a long discussion re theh high insurance rates, which several of the members said were due to the insufficient size of the water mains in the business part of the city. John E. Brown said they should be four foot instead of six inches, as at present. and the civic and insurance commit-tees were appointed to look into the

matter and report.

Representatives were appointed to attend the joint civic meeting to be held to-morrow night to arrange for the meeting of the technical education committee, and also to attend the meeting of the Dominion Railway Commission on Oct. 12, to protest against the Toronto, Niagara and Western Railway being given running rights along the north shore of the

meeting to-night to arrange for a luncheon to be held in Centenary lec-ture hall on Oct. 13, as a rally for the campaign workers. It was decided to invite Controller Spence of Toronto to be the chief speaker of the evening. It was also decided that, if the city council refuses to submit a plebiscite ratepayers in January, the federation would suport candidate for the coun-cil in each ward. With this object in tee, which got out the vote last year, the deputation received from the prowas discussed, and the newspapers were claped on the back for the excellent reports they gave of the in-

Fire Department Benefit Fund. The fire, police and jail committee to-night considered the institution of benefit fund for the fire department. Chief Ten Eyck submitted a report, showing that by a payment of 7 per cent. of their wages, the firemen could In five years establish a fund of \$250,-000. From this they could pay pensions for total disability after 20 years in the service. The matter was left over unthe next meeting for further con-

The old subject of mountain fire protection was again taken up and the committee recommended that a site be purchased, ond which a suitable fire station could be erected. The committee decided to recommend the purchase of appropriate for the station purchase of apparatus for thi sstation next year, and for that reason recommended that no arrangements be made with the east end incline to carry firemen to the top of the hill during the night.

Sam Williams, formerly trouble man for the Cataract Power Company, and now with the hydro-electric commis-sion, was recommended for the position of electrician of the fire department, at a salary of \$90 a month. J. J. Hurley was appointed a fireman on 90 days' probation, and J. Sandison was appointed to the permanent staff. It was recommended that the age limit for joining the department be advanced from 26 to 30 years, and for retiring from 50 to 60 years.

The famous unexplained painting.
"The Shadow of the Cross," which was on exhibition at Peterson's art rooms, has been taken to Hamilton, where it will be on exhibition for ten days.
It is the present intention to bring the painting to Toronto again.

## MAY REFER CROSSING TO THE COMMISSION

Jane Street Subway Again Before Gouncil-Hot Time Over C.P.R. Preposal-N. Toronto News.

The hottest council meeting in the letory of York Township within at Otherwise Church of Rome May
Give Trouble—Eternal Vigi
lance Necessary.

Iance Necessary.

The question of church union was the chief problem with which the two eloquent delegates from the British Evangelical Alliance wrestled yesterday afternoon, when, irritated by the ever-recurring question of the Jane-street crossing and the indiscreet utterances of one or two members of a big deputation, who attacked the motives of council, Reeve Henry was roused to anger and harsh terms were bandled about.

Whatever may be said regarding the suggested agreement between the York Township Council and the C. P. R. over the proposal to in a measure close Jane-street to vehicular traffic, the fact remains that Reeve Henry and the members of council have stubbornly contested every foot of the way in their fight with the big curporation, and any concessions made

corporation, and any concessions made have, in the judgment of the reeve, been with an eye single to the best interests of York Township. That he resented the uncomplimentary terms applied to council by Mr. Capewell followed as a logical sequence.

Briefly summarized the whole trouble resolves itself into these facts:

The C.P.R. have in contemptation

The C.P.R. have in contemplation an enormous expansion of their yards and switching grounds in West To-ronto, and immediately to the west of ronto, and immediately to the west of this again in York Township. It is proposed to put down at least 20 ad-ditional tracks, and in order to do away with the danger and annoyance of level crossings the company offer to put in 20 foot subways at Scarlet-road and Elizabeth-street, providing the township will consent to the sub-stitution of an 8 foot subway for predestrian traffic at Janestreet infected. Watch for posters. Specia pedestrian traffic at Jane-street stead of the present 66 foot road.

Deputations without number have invaded the council chamber from the D. D. Reid presented a petition for the widening of Montgomery-avenue at the westerly end, a distance of 320 feet, as a local improvement, and also to extend Smith and Montgomery-avenues to Gaynor-avenue, the town Scarlet-road, Jane and Elizabeth-streets districts, and yesterday's, composed of a number of representative property owners, including Ald. Anderson, R. Home Smith, Mr. Baby and renewed their opposition to the to pay one-filled at a rate of \$5 a foot. Committee refused.

The water, fire, and light committee The retention of Jane-street is vital

The retention of Jane-street is vital to our interests," said Aid. Anderson.
"We have bought our homes in good faith. It will greatly depreciate the value of our property and will be opposed to the bitter end by every manin the west end. The eight foot subway would be a menace, and it is doubtful if legally it could be done. In any event the cost of a full-sized subway would in the event of annexation he assumed by the city." nexation be assumed by the city."

Reeve Henry interposed that the city would not assume the onus even in the event of annexation, and Aid. egislature to remove the disability if

anything stood in the way. R. Home Smith supplemented Ald. ARCHDEACON MADDEN.

Anderson's argument in a clear-cut logical speech, dealing with every phased thru your Canadian cities, I phase of the question, but strongly Roman Catholic urged council to refuse consent to the you considerable C.P.R. plans. I know some of the difin the near future, unless you ficulties confronting council," said he, band yourselves together as one Pro- "and I must express my confidence in

"We would have a right to look to the township for damages," said Ald, "What do you mean by damages?" said the reeve. "Would you consider the placing of a debenture debt as

Hitherto while the discussion had been spirited it had been friendly, but it remained for one Mr. Capewell to

antagonize council.
"This road was here long before
the C.P.R.," said he, and unrolling a blue print which he claimed was a profile of the suggested changes, con-tinued: "This is a plan and the first thing you know it will be fyled and you will be tied up. A nice state of

be a powerful nation, it will not be day," said Capewell.

by force of arms, but rather by the "Tell all you know," said the reeve.

"Your own admission that the sugprice we must pay for the truth of all time to come to the township and the cost of the widening to be assessed against the municipality came the centre of Protestantism in Can- from you places the members in even a worse light. The proposal is an idiotic one. Now I'm thru with it."
"But I'm not," hotly declared the reeve. "and neither you nor any other man shall impugn my mctives." Then the air became sulphurous for

a time, but finally a truce was effect-Summing up the whole situation in a few words Reeve Henry reviewed in detail the steps taken to effect a settlement with the railway company, acceptable to all alike. "Our first charge is the safeguarding of the WILL INVESTIGATE COMPLAINTS

Commission on Grievances of Maintenance of Way Men Opens at Winnipeg.

WINNIPEG. Oct. 2.—(Special.)—

Charge is the sateguarding of the rights of the people. We have tried faithfully to make the best terms possible. The coets assessed against York Township in the Grand Trunk viaduct out thru Swansea, when we were saddled with \$15,000, does not warrant us in looking to the railway commission for relief. If it goes to the commission it goes," he said. An outstanding feature was the statement by R. Home Smith that he Reeve Henry assured the deputation

> railway commission, which meets here in a few days. Deputy Reeves Watsen, Syme, and Councillor Griffiths, to-gether with the solicitor, J. R. L.

them to present their case before the

### WOODBRIDGE.

WOODBRIDGE, Oct. 2. Special.) tra stalls to accommodate 100 horses and Mr. Smith rendered their services on the piano, and gave some excel-lent selections. The room was suit-ably decorated for the occasion. TODMORDEN AND CHESTER.

Correspondent Suggests an Independent Local Organization.

Editor World: We have started in to improve that portion of Don Milistrad within the city. It has been sewered, gas-piped, water-piped, and the read is now being remacadamed. We will soon get some street lights from the city's new system.

I believe Don Milistroad is to be a great city thorofare and I want to suggest that now is the time to take steps to have it widened to one hundred feet like Danforth-avenue. The first quarter of a mile (now in the

steps to have it widened to one numbered feet like Danforth-avenue. The first quarter of a mile (now in the city) could be widened at small cost if started now; and the people who own the next mile and a half in the township ought to be glad to give the land for the benefit it will confer on them. them. The road can be made a great thorofare, and of great value five years hence if an intelligent plan is adopted now.

I believe the section of the new

driveway that the park commissioner has laid out up the Don to the forks of the river ought to be secured and constructed now. Never will it be so easily done and it will give one of the best motor routes, say from the Rosedale ravine for two to three miles. I am convinced that the next extension of the city bounds in this direction will be all the country east of the belt line and south of the Canadian Northern's new line to Ottawa dian Northern's new line to Ottawa, over to the Scarboro town line. In the meantime I believe that as this section is completely cut off from the rest of the township it should organize itself into a town, independent of the

Society, who has put in a busy fail judging live stock at the Ontario small cost. And we would be able to have all our own taxes to spend our-selves as we desired. We've not been getting our own from the township council. Where is Mr. Robert Davies in this work, and Squire Patterson, and David Smith, and all the rest? Big things are coming our way and we ought to be getting ready for them. I do not want to lead my neighbors into expense and taxes, but I wish to see us keep in the procession. Look at things north and northwest of the city. Let us at least have a meeting to talk these things over some night and permanent coops have been erect-ed and a number of other changes efto talk these things over some night at Bater's Hall. We can at least form a local improvement association and thus get some kind of a start.

### WEXFORD.

On Friday night last during the thunderstorm lightning struck the barn of Mrs. Samuel Martin at Wexford, and in a few minutes all was in a blaze, and the contents all destroy. ed. The barn contained the season's crop, a horse, and implements, as well as vehicles of various kinds. There was only a small amount of insurance on the building, and none on its con-

### COOKSVILLE FAIR.

Consumers' Gas nor the Toronto Elec-tric Light Company submitted tenders for street lighting. A tender was re-ceived from the Interurban Co., but was not considered. Council meets on Tuesday evening. Cooksville Fair will be held to-morrow (Wednesday, Oct. 5). A special train leaves the Union Station at 1 o'clock p.m., and returning leaves Cooksville at 7 p.m.; single fare. There will be good horse ring attractions and large exhibits in all sections. Davenport Albions Football Club held a most successful concert and smok-er in their headquarters, Keele-street,
