From The Walkerton Telescope:

During the past few years The Telescope has published many statements giving the particulars of cures from the use of Dr. Williams' Pink Pills. They were all so well authenticated as to leave no doubt as to their complete truthfulness, but had any doubt remained its last vestige would have been removed by a cure which has recently come under our personal observation. It is the case of Mr. John Allen, a prominent young farmer of the Township of Greenock. Mr. Allen is so well known in Walkerton and the vicinity adjoining it that a brief account of his really remarkable recovery from what seemed an incurable disease will be of Interest to our readers. During the early part of the summer of 1895,

On time contrary, however, he delily consinued to grow worse, and it was noting before he had to give up work altogether. From the back the pains shifted to his right leg and hip, where shey finally settled, and so completely helpless did he become that he was unable to do more than walk across the contrary, however, he delily consisting of his case, analy spoke pitying-by, it is was our own view of the matter, and our surprise, therefore, can be readily imagined, when, some few weeks ago, we saw this self-same John Allen driving through the town on the dop of a large load of grain. Curlous to know what it was that had brought this wonderful change, we for which we have set forth above. After consulting two physicians and finding no relief, he settled down to the conviction that his case was a hopeless one. He lost confidence in medicines, and when it was suggested that he should give lief, he settled down to the conviction that his case was a hopeless one. He lost confidence in medicines, and when it was suggested that he should give Pink Pills a trial, he at first absolutely refused. However, his friends persisted, and finally he agreed to give them a trial. The effect was beyond his John Black, Rockwood; M. McKinnon, most sanguing expectations as the Hillsburg: E. S. Kilgour, Toronto: S. a trial. The effect was beyond his most sanguine expectations, as the Fink Pills have driven away every trace of his pains and he is able to go about his work as usual. As might be expected Mr. Allen is loud in his praise of Pink Pills, and was quite willing that the facts of his case should be given publicity, hoping that it might catch the eye of some one who was similarly affilicted.

An investigation showed that the villain had so fixed the engine that an explosion was imminent.
