

ALDERMEN WORRIED OVER CHIEF'S BAN ON VISITING HALLS

Some See No Harm in Card Playing.

Before being finally passed by the city council last evening, the bylaw relating to the fire department brought forth considerable discussion and some fireworks. There is a clause in the bylaw giving the chief and the captains of the various halls the authority to close the halls to visitors, who are in the habit of frequenting them for the purpose of playing games with the boys. Ald. G. B. Drake wanted this clause struck out. "The chief has posted an order in one of the halls that no persons other than members of the department are to be allowed to assemble in the hall," said Ald. Drake. "The chief has the authority to do as he pleases, but he has no authority to ban all visitors to the hall."

The Cause. Ald. L. S. Holmes thought the chief had ignored the clause altogether. Ald. W. Wilson could not understand what was the matter with the chief, intimating that he had overstepped his authority. Controller J. H. Saunders arose in all his wrath and defended the chief. "I give the special committee credit for bringing one damned good clause, and this is the one under discussion. There is altogether too much gossiping in the halls. Why, it has gotten so that a person cannot go into a hall without being subjected to remarks. I think that Chief Atken has not in any way overstepped his authority in the matter."

Personalities. "I do not know," wrote Controller Saunders got his information, but I am sure he has been misinformed," retorted Ald. Drake. "He is all right, but I do not know what he has been drinking. As far as gossiping in the halls is concerned, I know that there are only three or four respectable citizens, including a doctor who has been in the habit of gathering in one of the halls for a quiet game. This is what the chief has arisen in his mind to ban. When it was pointed out that the clause in question had not yet been in force, as the old bylaw still holds good, and that in the event of the clause being struck out, the chief would have more absolute power than with the clause included, Ald. Drake withdrew his objection and the bylaw was passed.

GUNNER H. M'DONALD MARCHED INTO MONS WITH 39TH BATTERY

Entered On Day the Armistice Was Signed.

A letter from Gunner Harold McDonald has been received by his parents, Mr. and Mrs. R. D. McDonald, today bringing the welcome news that the young London soldier escaped without injury the final days of the war. With his company, the 39th Battery, he had the interesting experience of entering Mons the day the armistice was signed.

He states that the people of Mons were overjoyed. They strewed flowers before the advancing Canadians, and served them with hot coffee, cigarettes and all the delicacies at their disposal. In some cases the women rushed into the streets and kissed the soldiers on both cheeks.

SPECKS FLOATING BEFORE HIS EYES

When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine that will clear away all the waste and poisonous matter from the system, and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system.

Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly.

Mr. John R. Morrison, Grand River Falls, N. S., writes: "Several months ago I was troubled with a sour stomach, and had specks floating before my eyes. I took five pills of Milburn's Laxa-Liver Pills which cured and cleared my blood from any impurities. I told my friends about it and they got some, and they, too, find themselves different since they took them. I recommend your pills very highly."

Milburn's Laxa-Liver Pills are 25c a box at all dealers, or mailed direct on receipt of price to The Milburn Company, Limited, Toronto, Ont.

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

"Danderine" will save your hair and double its beauty at once.

Try this! Your hair gets soft, wavy, abundant and glossy at once.

Save your hair! Beautifully fit it is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair, wavy, lush, and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just spend a few cents for a small bottle of Danderine. Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and as you will, you cannot find a trace of dandruff or falling hair; but your surprise will be over about two weeks' use, when you will see new hair—fine and downy at first—yes, but really new hair—growing out all over your scalp. Danderine is, we believe, the only hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair once.

If you want to prove how pretty and soft your hair really is, moisten a clod with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments. Danderine will surprise and amaze everyone who tries this.

THINKS SERVICE OF WOMEN ON BOARDS AN ABSOLUTE NEED

Mrs. A. T. Edwards Gives Her Reasons.

MANY WOMEN TEACHERS

Why, Then, Should Education Board Be Exclusively For Men?

Mrs. A. T. Edwards, one of the women candidates for the board of education makes a few statements to why women should act on that body. Mrs. Edwards is the organizing secretary for the Red Cross Association, and is prominently connected with the Women's Canadian Club as treasurer. She is also a member of the Chamber of Commerce, having a broad outlook on public affairs. The view she takes in regard to the election of women to the board of education may be determined from the following statements:

Service Necessary. (1) In this period of reconstruction, with its attendant problems to solve, the women's service is absolutely necessary.

(2) Educational problems which touch the home (the woman's sphere) require her advice.

(3) There are more than six times as many women teachers in the province as men; the proportion in London is about the same.

(4) The women teachers rarely come in contact with men trustees, while many opportunities could be afforded them to do so. (5) There should be women trustees to help solve the girls' problems.

(6) The only asset worth while in the state is the child. Whatever conduces to the best training for future citizenship of this best asset should not be regarded by any citizen as expenditure to be hazarded. The vote to ignorance is a menace to the state, and no protection for a common right—hence there must be widespread education among citizens generally. The Government war council invited some 60 prominent women to meet with it in conference last spring because the Government wanted woman's voice. The Government recognized the practical knowledge, and wished to concede to them a share in directing national affairs. All nations today recognize the splendid ability of women shown in the four years of the war.

Lopsided. As long as the educational system is controlled entirely by men it is necessarily lopsided, for it will be planned from the man's point of view, just as of course it would be with the contrary true—and what body of men would consider having their sons trained in women-planned schools? Why then train girls in schools planned and supervised entirely by men?

The Great Asset. Many women teachers in the province as men; the proportion in London is about the same.

(4) The women teachers rarely come in contact with men trustees, while many opportunities could be afforded them to do so. (5) There should be women trustees to help solve the girls' problems.

ALDERMAN WOULD SEIZE ST. RAILWAY AS MUNICIPAL LINE

Council, However, Passed the Idea On to Next Year.

SOME HOT DISCUSSION

Mayor Complimented On Good Nature With Which He Listens.

Alderman C. G. Moorhead introduced a motion at the city council last night to seize the London Street Railway and run it as a municipal enterprise. This is what would have resulted if the resolution had been carried. The action was strongly supported the motion. Ald. H. B. Ashplant heartily endorsed the sentiment of the motion and recommended that it be passed on to the council of next year for action. This was carried with the consent of the majority of the aldermen.

Alleges Inaction. Alderman W. H. Winnett thought it disgraceful that the city council had treated the city. "Why some of the city have not been trained since we have known it. It is the worst city I have ever known. It wants to extract the best from the most abominable source. The mystery to me is that there are some in this council who are apparently in the case of those who have the company. I am going to find the reason if at all possible."

Alleges Inaction. Alderman C. G. Moorhead waxed quite wrathful, paying his compliments to No. 1 committee over the question. "The matter has been in the hands of this committee for months and what has it done? There has been absolutely no action taken at all."

Forgoing Inaction. Forgetting himself in the heat of argument, Ald. Moorhead started to talk across the floor to Ald. H. B. Ashplant, accusing of him as who of No. 1 committee of inaction in the matter.

Controlled C. H. Merryfield tried to defend the committee. "Every member of that committee has worked hard to reach an agreement with the company. If there is any blame attaching to any body it is to the council as a whole. Various resolutions have been passed by the council which, if followed to a logical conclusion, would have brought about a definite understanding."

Blames Trains. Speaking of the car service, Controller Merryfield thought a great deal of the delay in the matter. "I have taken him 22 minutes to travel from the corner of William and Ottawa avenues to the city hall and the car had not been held up by trains at all. Why I have seen four cars at once on the switch at Horton street," said he.

At this stage Ald. W. Wilson complimented Mayor C. R. Somerville for being a "pretty good-natured mayor" to let men talk as often as they wish to.

"Thank you, Ald. Wilson," was the comment of the mayor.

On the vote being taken, all the members, with the exception of Ald. L. S. Holmes, P. J. Watt, J. J. Hardisty, G. B. Drake, W. H. Winnett, and C. G. Moorhead, were favorable to passing the resolution on to the council of 1919.

Popular in U. S. A. The war savings and thrift stamp campaign has proved tremendously popular in the United States, and it is hoped that the plan of saving money and helping along the country at the same time.

same time will be taken up with enthusiasm here by all the people, as it has been on the other side of the line. It is emphasized that this plan of investing money at good interest is within reach of practically everyone, young, old, rich, poor and of moderate means. In the case of those who have little to spare, opportunity will be afforded of making an investment on easy terms.

Others with more money, however, incomes will find it an interesting game getting their thrift stamp cards stamped up by reason of odds and ends of coin redeemed from waste.

The services of all the officials in connection with the campaign are voluntary. This means more even than giving some week of strenuous service in connection with a Victory Loan or patriotic fund campaign, owing to the fact that it will be a continuous educational campaign all through the year.

VOICE OF THE PEOPLE

SUGGESTIONS FOR THE U. G.

To the Editor of The Advertiser:

Now that the weary forces of a war-torn world are once more at peace and the era of reconstruction dawns, as the first anniversary of that immortal but memorable and magnificent triumph of justice, the general election of December 17, 1917, approaches, a few suggestions of constructive policy may be in order.

I chose the London Advertiser as a medium for the publication of my inspired plans, so that they may have a good opportunity of coming to the eyes of those poor, deluded few who so foolishly and futilely opposed the election of the one only mighty and magnificent Union Government.

As a sequel to that ingenious and indubitably just creation, the war-time election act, I would suggest that a measure be framed disfranchising the wives, mothers, daughters and sisters of all deserters from the C. B. F. Since the irreproachable Union Government is endowed with almost divine wisdom, they should also be able, by the exercise of that power of divine wisdom, to select those thousands who would have defrauded them and been called to the colors, and in the interests of democracy, deprive them and all their relatives of all civil rights.

Then, again, a clause should be inserted granting two or more votes to each of those many patriotic supporters of this illustrious Government, who, being exempt from military service, or being held back by domestic, financial or business obligations, or being too old to fight, in an access of magnificent patriotism helped by their votes to send others to the war. Also, so that they might not feel slighted and forgotten, the valiant

honorary colonels should each receive the right to cast a whole battalion of votes. Each of these colonels who reached England, but was insulted by an offer of work in France if he would revert in rank, should receive a substantial honorarium to solve his wounded feelings. Furthermore, each and every farmer who, believing that his son was safe, so enthusiastically and loyally advocated the conscription of the sons of other men, should have his name engraved on a golden tablet and placed in a National Hall of Fame, as an example to succeeding generations of the rewards meted out by a grateful Government to those who so ardently forgot the Golden Rule.

Finally, I wish to suggest that those ministers of the gospel who so religiously consecrated their pulpits to the cause of electing this—this—GOVERNMENT (italics, please, as I've run out of adjectives), be supplied one and all with a halo and receive honorable mention in the history that Max Atken began but Lord Beaverbrook didn't need to finish.

Requesting, sir, your kindly consideration of the above issues as worthy of publication, I am

AN ULTRA-PATRIOT.

GERMAN KAISER A CRAZY CROOK.

To the Editor of The Advertiser:

Having heard expressions of sympathy expressed for Bloody Bill on account of the report of his attempt to kill himself recently, such expressions being made by persons usually rational, kindly permit me to remind all that read

the following indisputable facts if the account printed is correct:

1. The ex-kaiser was not hurt at all, as usual.

2. His too loyal and foolish friend was hurt, as usual.

3. The Hohenzollern family has not missed a meal or a man as yet, a situation unique in Germany.

4. The ex-kaiser is reported to have carried a fatal dose of prussic acid for over three years, when, or if he means more than private theatricals, he will presumably use it to escape what he dreads more than death, the ridicule of rational human beings.

Until then let us all grin when we hear of his desperation, as an actor not good 'till his port; also, when he strenuously denies that he ever wanted a total divorce that kind of a war was absolutely no question as to what kind of a war he wanted. Yours respectfully,

AZRAEL.
