

Oh Dear, My Back! How it Aches!

Oh Dear! Pain almost like that of tooth-ache. Sometimes my feet are swollen and it is difficult for me to get out of bed in the morning.

This is what many men and women write us, and it is all due to an over-abundance of uric acid in the body, which causes lumbago, rheumatism and gout.

Several years ago, Dr. Pierce discovered a combination of pharmaceutical products that invariably cleanse out the poisons by exciting the kidneys, and soothe the irritated bladder, so that now many thousands write Dr. Pierce as to the wonderful benefits they have received from this anti-uric acid and kidney tablet called Anuric. Sold by druggists, or send 10 cents to Dr. Pierce's branch Laboratory in Bridgeburg, Ont.

HAMILTON, ONT.—"I have suffered with rheumatism for the last five years and I have only taken three bottles of Dr. Pierce's Anuric (anti-uric acid) Tablets and three bottles of 'Golden Medical Discovery' and am nearly cured. I also had that dread disease, Spanish Influenza, which left me in a terrible condition. Only those who have had it know what an awful condition it leaves one in. I am sure if it had not been for Dr. Pierce's medicines I would have died.

"I want to recommend Dr. Pierce's Anuric to any sufferer with kidney trouble. Also try Dr. Pierce's Pleasant Pellets for constipation."—MRS. ESTELLA GRANEY, 54½ James Street, North.

"MASTER MASON" is the big man's smoke—the tobacco made to suit a real man's idea of a pleasant and satisfying smoke. Cut at will, fresh from the plug, with all the natural moisture and fragrance of the choicest tobacco retained.

MASTER MASON

Plug Smoking Tobacco

will prove a revelation to any connoisseur.

Say MASTER MASON to your dealer—he knows
PRICE: 20 CENTS
EVERYWHERE.

SHOULD INVESTIGATE BEFORE DECIDING ON GEORGIAN BAY CANAL

Conference of Those Interested Meets At Ottawa.

OTTAWA, April 6.—(By Canadian Press.)—An informal conference of members and others interested in the construction of the Georgian Bay Canal was held here today. The consensus of opinion was that the time is not opportune for the undertaking of any works involving large expenditure, and that until the financial situation is improved no commitment to any of the projects now proposed is advisable.

It was further thought that before launching on any large undertaking the comparative merits of all the projects should be carefully investigated, and a settled policy adopted only upon mature deliberation after the Government is seized of all the facts.

UNITED VETERANS
FLAY SIR G. POSTER

HAMILTON, April 6.—The United Veterans' League of Hamilton last night passed a resolution criticizing Acting Premier Foster for his treatment of Sergeant Harry Flynn. The resolution, a copy of which is being sent to Ottawa, declares the acting premier took a mean and underhanded way of getting back at Flynn. If Flynn made unlawful attacks the veterans say, he should have been dealt with personally, but that Mr. Foster made a mistake in refusing to hear an official who represented thousands of soldiers.

MOTHERS! NEVER NEGLECT WHOOPING COUGH

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but unfortunately this mistake often leads to the neglect of this dangerous child's disease.

Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble. It will clear the clogged-up air passage of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief.

Mrs. Francis Burlington, New Gate, B.C., writes: "This spring three of my children took the whooping cough, and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I sent for some right away and, believe me, I will never forget how it worked. I will always have it in my house."

There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; 3 pine trees the trade mark; price 35c. and 50c. Manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

DULL DAY FOLLOWS RECESS IN COMMONS; ATTENDANCE SMALL

Food and Drugs Bill Is Discussed.

OTTAWA, April 6.—Following the Easter recess the House of Commons resumed sittings today, but proceedings aroused little interest, and at one time the House was threatened with being counted out for lack of a quorum. Chiefly the food and drugs bill was under consideration. The bill's many clauses were largely a consolidation of previous acts. But the way in which it was introduced, and when the committee rose merely the technical "progress" was reported. The bill still remains in committee.

An amusing incident marked the earlier stages of the discussion. Mr. Fielding and Mr. Rowell, who was in charge of the bill, if whiskey could be considered a food.

No Sir, Mr. Fielding interposed, "whiskey is a poison."

The committee laughed, but none attempted further definition.

Later in the evening there was a somewhat sharp discussion over whether Mr. Duff of Lumbago should be permitted to read a poem. The House was again in committee, this time on a bill to amend the Canada shipping act in regard to certificates of service.

Suddenly Mr. Duff intimated that he proposed to read a poem. The deputy speaker hastily observed that he did not think either the time or place.

Poem of the Sea.
"Is it a poem of the sea?" Mr. Fielding anxiously queried.

"Yes," asserted Mr. Duff. "Then go ahead," Mr. Fielding suggested.

But Mr. Duff did not read the lines. "I can't read any poetry," he said, observed, and he continued the discussion on the bill.

The bill to confirm agreement between the Government and city of Ottawa, was given second reading and reported out of committee. The House adjourned at 10:15 p.m.

After private bills were disposed of further consideration was given in committee to the food and drugs act. Clause 16, the penalty clause of the bill, was carried after some discussion.

Mr. King remarked that this clause appeared extremely broad. Under it a person who innocently exhibited adulterated articles of food in his shop window might be subject to a fine ranging from \$50 to \$200, or a term of three months in jail. There should be provision made for such a case.

Mr. Rowell explained that the clause under discussion was modified by that which followed, and clause 17 was carried.

Clause 17, which provides for an inspection of the goods brought before a magistrate to obtain his discharge was further modified by an amendment proposed by Mr. Rowell, which makes it easier for the innocent party to obtain relief.

Progress was made on the bill. Second reading was then given to Hon. C. C. Ballantyne's bill to amend the Canada shipping act, and the House went into committee on it.

Consideration of clause 17, which provides protection from misbranding of food and drugs, W. E. Nesbitt, North York, Ont., said, "How this would affect dealers who had stocked up with goods which were not in accordance with the present measure. Their goods which were legally packed might become liable to confiscation."

Hon. Rowell replied that before the bill was passed he proposed inserting a clause which would either nullify the clause or provide that it should become effective by proclamation. The clause would make it illegal to place the name of a country on the package if the product was not the product of that country.

W. S. Middlebro questioned whether the provisions of clause 5 on misbranding would not affect the sale of oleomargarine as butter, if an explanation as to the real contents of the package was marked somewhere on the outside in small type. Hon. Newton Wesley Rowell said there was nothing to prevent the sale of oleomargarine as such, but it could not be sold as butter.

Postpone Consideration. Consideration of clause 5 was postponed at the request of Hon. Newton Wesley Rowell to allow him to consult departmental officers on some of the points.

Clause 6 providing that no substitute might be marked with the words "pure" or "genuine."

Clause 7, which empowers an inspector, acting under authorization from the minister of health to take samples for analysis of any food or drug being imported into Canada, delivery of the consignment in the meantime being held up, and clause 8, which directs the analyst to make out certificates to that effect if adulteration is discovered, were all passed.

Discussion was proceeding on further clauses of the bill when Mr. Nesbitt called attention to a lack of a quorum in the House. Mr. Pedlow took up the point, remarking that there should be a good representation of members to take an intelligent interest in what was going on.

"It would be a pity to have the House counted out," observed Mr. Fielding. "I want to insist," pursued Mr. Pedlow, "that a better attendance of members should be obtained."

By now a few more members had entered the chamber.

"There are more than twenty present," Dr. Bellamy remarked, and Mr. Pedlow did not press his point further. The bill was still under discussion when the House was adjourned at 6 o'clock.

Each clause was discussed at length on the Opposition side until a reference to a secret service fund prompted Sir George Foster to remark that the Opposition was apparently bent on furnishing a fund of criticism for the Government.

One clause, which provided that persons giving assistance in securing convictions under the act would be paid half the fine, was discussed at great length. Mr. McEwen said that while it was already a recognized principle that informers might get half the fine, surely this clause was going a step further.

Mr. D. D. MacKenzie said that he did not see how half a dozen witnesses were each going to get half the fine, and he disapproved of "buying more potter's fields."

The clause was amended so as to apply only to informers.

LIBERAL MEMBER IS INTRODUCED IN HOUSE
OTTAWA, April 6.—(By Canadian Press.)—Adolphe Stein, elected by ac-

clamation as member for Kamouraska, was introduced in the House this afternoon by Mr. MacKenzie King, leader of the Opposition, and Ernest Lapointe, member for Quebec East and former member for Kamouraska.

AMOUNT REALIZED FROM GOVT. SALE OF SURPLUS ARMY STORES
OTTAWA, April 6.—(By the Canadian Press.)—The amount realized by the sale of surplus army stores since the armistice was signed is the basis of a question to be asked in the Commons tonight and Guyborough. Mr. Sinclair asks for the initial cost of the property thus disposed of, and whether such sales were made by public auction or tender.

WHERE IS RECRUIT?
OTTAWA, April 6.—(By the Canadian Press.)—Details of the present whereabouts of the Canadian vessel Recruit asked J. H. Sinclair (Edmonton) and Guyborough. Mr. Sinclair asks for details on the expense of the vessel since she went abroad.

JUDGES' SALARIES.
OTTAWA, April 6.—(By the Canadian Press.)—Increased salaries for judges is to be debated in the House of Commons tonight coming from Mr. A. MacIsaac (Edmonton) who has brought up in the House on Thursday, as scheduled. Mr. MacIsaac also asks for details on the expense of the vessel since she went abroad.

PUBLIC WORKS STAFF.
OTTAWA, April 6.—(By the Canadian Press.)—A lengthy question dealing with the numerical strength of the staff in the department of public works is on the table for Thursday in the Commons. Mr. Mackie (Edmonton) wants to know the strength by districts since January 1, 1915, to January 1, 1920. He asks for names, salaries, and how many of these employees could have been let out.

STOMACH AND LIVER TROUBLE
Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health.

Carelessness and neglect, and oftentimes wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Lax-Liver Pills. They loosen up the liver, condition and tone up the stomach.

Mrs. G. L. Cackett, Enchant, Alta., writes: "I have used Milburn's Lax-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results."

"They are also good for headache." Milburn's Lax-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

SHE SUFFERED FIVE YEARS

Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Key West, Fla.—"For five years I suffered from irregularities, with terrible pains and an awful weakness in my back. The doctor gave me different medicines but they did me no good. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am telling my friends about it."—Mrs. J. M. CANUS, 728 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex, and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Canus found it helped her after suffering for years and trying everything else in vain.

If you have any annoying symptoms you fail to understand, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their 40 years experience in advising women on this subject is at your service.

Doctors Recommend Bon-Opto for the Eyes
Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles as the strongest eye-sight. Sold under money refund guarantee by all druggists.

OVER-EATING is the root of nearly all digestive evils. If your digestion is weak or out of kilter, better eat less and use

KI-MOIDS the new aid to better digestion. Pleasant to take—effective. Let Ki-moids help straighten out your digestive troubles.

MADE BY SCOTT & BOWNE MARKERS OF SCOTT'S EMULSION

\$200,000 PORT STANLEY NUKOL COMPANY, LIMITED

Eight Per Cent Cumulative First Preferred and Participating Stock

FUEL FOR THE PEOPLE

A MODERN FACTORY AT PORT STANLEY IS READY TO BE EQUIPPED FOR THE MANUFACTURE OF NUKOL FUEL — THIS PLANT WILL BE FINANCED BY THE PEOPLE TO PROVIDE FUEL FOR THE PEOPLE.

Local Directors

Five out of seven directors are business men from this district. These are the local men:

A. McDougall, London.
S. Orth, London.
G. A. Ferguson, St. Thomas.
J. M. Rosser, St. Thomas.
N. S. Cornell, Port Stanley.

Auditor

John A. Stiles, London.

Safety With Wide Earning Power

Because this preferred stock is cumulative, dividends are a first charge against the Company's assets—equivalent to a first mortgage.

Because this preferred stock is also participating, it participates in the common stock earnings after 8% has first been paid to the preferred and then 8% to the common. Thus investors have the safety of preferred stock and also the wide-earning power of common stock. Each share of preferred carries a bonus of 25% in common stock.

Encourage Home Industry

Canada spent over \$70,000,000 for coal from the United States last year. Keep this money at home. Nukol will employ Canadian labor and Canadian dollars to make fuel for the people.

The people's power, Hydro, and the people's railway, London and Port Stanley, will be used to make and ship the people's fuel, NUKOL, to the people in this section of Ontario.

NUKOL is a real, national industry, offering excellent prospects of good dividends to every stockholder.

NUKOL fuel from the Toronto factory is a tested and proven success. The Port Stanley plant will enjoy just as big a success.

There are M & S Plugs For All Cars

The "M & S" plug is made in styles to suit all makes of cars and the patent three-in-one terminal is suited to every type of ignition.

The "M & S" porcelain is of a special high grade with a perfect chemical glaze unaffected by heat. "M & S" porcelain is interchangeable—one porcelain fits all plugs.

The "M & S" heavy ball point concentrates the current and intensifies the heat, giving a larger and hotter spark.

Try a set of "M & S" plugs in your car—you will be surprised and delighted at the new life and power of your engine.

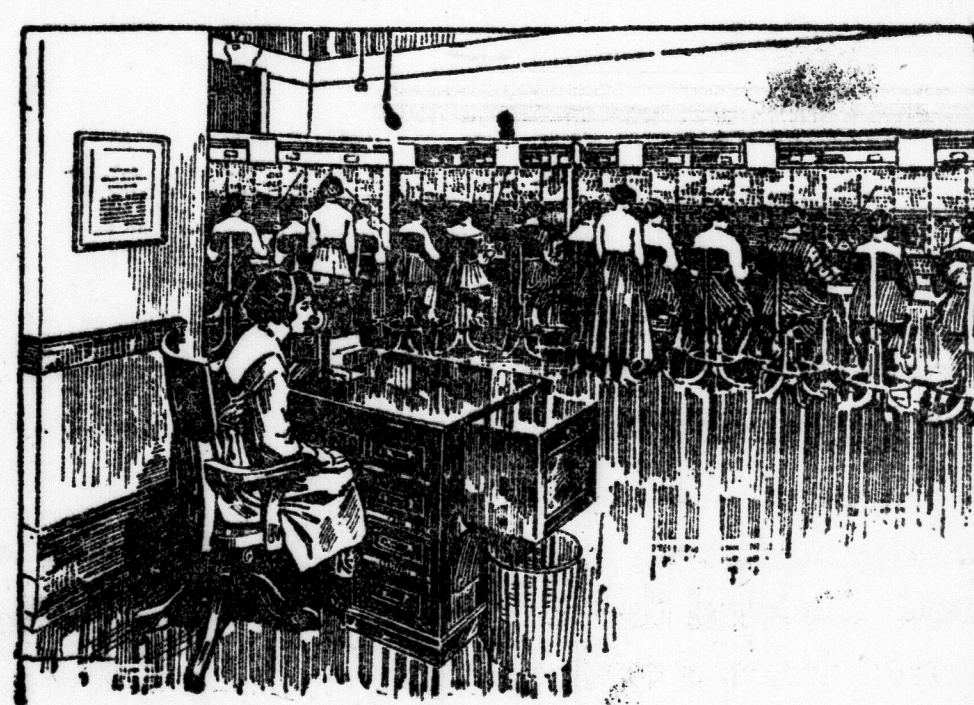

Number 500—1½-inch is standard equipment on Overland "4."

The "M & S" is a strictly "Made-in-Canada" plug.

Ask for the "M & S" plug at your garage or dealer's, or write us direct.

MACHINE & STAMPING Company, Limited
Commercial Dept.
Russell Motor Car Co., Ltd.
1209 King Street West
Toronto, Ontario

DEALERS—Ask your jobber for the "M & S" plug or write us direct.

We Are Looking For Intelligent Girls.

IN the profession of telephone operating, there are many opportunities for advancement open to capable young women.

Q. The student operator does not handle calls from the public. She first receives instruction in the Operators' Training Department and is paid a salary while learning.

Q. Her prospects for advancement are many, and an efficient operator can always be sure of a position in whatever city she may be.

Q. The healthful conditions under which the telephone operator works, the opportunity for congenial companionship under pleasant conditions, the many opportunities for advancement and in case of sickness, the protection afforded by a liberal Benefit Plan without cost to her—all these combine to make telephone operating a most attractive profession.

Q. If you would like to become a telephone operator, call at our office

435 Clarence St. London

The Bell Telephone Co. of Canada
