Police Barracks in West Meath
Attacked by Armed Raiders
and Burned.

MORE OUTRAGES REPORTED

Belfast, July 26.—Twenty-five thousand persons attended the funeral at Old Castle Meath of Zumas Naacragin, commandant of the Irish Volunteers.

Naacragin was shot by the military while acting with the volunteer police. After services at the Kells Church, the procession marched 1 1/2 miles to the cemetery.

The Dundalk guards adopted a resolution today protesting against the unwholesome conduct of the military authorities in firing on the Redemptorist monastery at Clonard, Belfast, on the pretext of snipers being located in the building.

The resolution declares the pretext "has not one particle of foundation to support it," and adds:

"We have not yet heard that an outrage such as this occurred in Belgium during the German occupation."

It was directed that a resolution be sent to the Sinn Fein "ministry of foreign affairs" in Dublin, and to the governments of Europe and the United States.

The police barracks at Tyrally Pass, County Westmeath, was attacked last night by masked and armed men and burned. The raiders escaped.

Foresters Abandon Meeting.

On the advice of the police commission the Ancient Order of Foresters has abandoned a plan to hold its annual meeting here, August 2. The local committee was informed that this military authorities already are heavily burdened with maintaining peace and could not undertake the additional responsibility of protecting strangers.

An attempt was made yesterday to burn the little Methodist Church at Crossmaglen, south of Armagh, in retaliation, it is supposed, for occurrences in Belfast. The windows of the structure were torn out and two of the doors were barred by the military.

Another attempt was made this afternoon to burn the Belfast Telephone Exchange. Soldiers, making the exchange a target, extinguished the flames. It is unknown whether the incendiaries secured admission to the building.

Northumberland street, a taxicab driver, was shot dead this morning in answer to a military challenge. He had driven a military challenge before the military band.

The first case of kidnaping by Unionists was reported today from Banbridge, where an engine driver who is alleged had strong Sinn Fein tendencies was taken from a train by armed men of an unknown destination. He was released on giving an undertaking that he would not have to return to Banbridge.

Four Policemen Wounded.

Listowel, County Kerry, Ireland, July 26.—In an encounter between the police and raiders today four policemen were dangerously wounded.

ALIENISTS TO KEEP CONFESSES SLAYER UNDER OBSERVATION

Counsel for Arnel Love Agrees to Attorney-General's Suggestion.

STORY IS DOUBTED

Upon H. Hartley Dewart's return to Toronto from Uxbridge yesterday, having regard to numerous press reports as to his connection with the case of Arnel Love, Mr. Dewart authorized the following statement:

"I was consulted in this matter by Rev. Mr. Sharpe last week and asked to act for Arnel Love. As a result Arnel Love came down to Toronto and came to my office, where I had taken down in shorthand his voluntary statement. I felt it was my duty to immediately advise the attorney-general and make an appointment with Hon. Mr. Raney for the purpose of being fully advised as to the purport of the boy's statement. The attorney-general was fully advised by Mr. Sharpe and myself of the nature of the confession before I took any action in the matter. A full copy of the statement made by the boy as extended from the shorthand notes has been furnished to the attorney-general's suggestion with my entire concurrence. It was decided that an examination should be made by competent alienists. Under the circumstances I do not feel that I should make any further statement whatever at present."

Dr. Arthur Jukes Johnson, who gave evidence at the trial of Arnel Love's father, when he was charged with and found guilty of the murder of his wife in 1912, stated yesterday that there is no question that the father was guilty.

In reference to the boy's connection with the case, Dr. Johnson does not make any definite statement about the confession, but he believes that the son's evidence did not in the least convict the father. He does not say that the boy does not seem to have grown at all during the past eight years and also he does not give any opinion as to the lad's mental stability. His remarks imply that an examination might be necessary. Dr. Johnson says that the evidence taken at the inquest, touching the death of Mrs. Love, was very thorough and covered over 100 pages.

THOUSANDS ATTEND SINN FEIN FUNERAL

CHICAGO PIT SEES TUMBLE IN GRAIN WITH PROVISIONS

Uncertain Financial Conditions and Brilliant Crop Prospects Scare Traders.

COTTON IS ALSO WEAK

Chicago, July 26.—A combination of circumstances reacted on the grain market today, driving down prices on both grains and provisions. The slump had its origin in optimistic reports as to crop conditions in the grain districts.

Wheat dropped 7 1/2-8c to 85c, corn 1 1/2-2c to 95c, oats 4 to 4 1/2-8c, rye 5c to 60c, pork, \$2 and lard, and ribs, \$1 from Saturday's finish. Liquidation set in as soon as the session opened, and there was a lack of outside support to bring about a rally.

Excellent weather conditions in all parts of the United States wheat belt were reported in returns from the Chicago and Minneapolis Federal Reserve Bank districts, with rains in some sections where most needed. Later in the day came the report that a large concern in the automobile industry was in financial embarrassment, this adding further to the rush of liquidation.

The condition of the stock market had much to do with the break in corn and oats. Receipts were in excess of the demand.

START HARVESTING ABOUT AUGUST 10

Report Comes From Virden and Manitow Districts in Manitoba.

Winnipeg, July 26.—Virden and Manitow districts in the southern and southwestern portion of the province, report that harvesting will commence there about August 10, according to the official crop report of the provincial government, issued today.

The rains of last week saved the day for the 1920 harvest and districts in the south and the north of Winnipeg will have good yields, the report indicates. Rain came too late in many places to save all the crops, but conditions even here are much brighter than before.

Damage from grasshoppers is negligible, despite the ominous reports this spring. There are no other insect plagues this year and no injury from hail.

NIAGARA FALLS DEFEATS BYLAW

Niagara Falls, Ont., July 26.—The bylaw to raise \$25,000 for the purpose of a civic system of parks and playgrounds was decisively defeated today on a very light vote by 69 for and 137 against, out of 2500 eligible to vote.

Bandits and Messengers Shot In Daring Payroll Robberies

Chicago, July 26.—Two bandits and two express company paymasters were shot, one of the latter probably fatally, and \$25,000 stolen in two daring payroll robberies on the west side, within 20 minutes of each other, this afternoon. All the bandits escaped.

Earlier in the day, two young men who have been holding up branches of a chain store grocery system perpetrated their fifteenth robbery within a month, escaping with \$750.

Five bandits in a daring car fight with three express company messengers in front of the Hart, Schaffner & Marx clothing factory, in the heart of the densely-populated west side, and escaped with a steel box containing \$10,000, after two of their number had been wounded.

More than sixty shots were exchanged in the fight, while 200 pedestrians and employes of the factory looked on. George Haubrock, one of the express paymasters, was shot thru

BOLSHEVIKI PREPARE TO INVADE PERSIA

Angara, Turkey, July 26.—Observers arriving here from the Caucasus say the Bolsheviki are training an army of 10,000 at Baku, on the Caspian Sea, for an invasion of Persia. The force includes many Persian workmen who are being trained primarily as propagandists, also having military instruction.

The Bolsheviki have insisted, according to the observers, that they will penetrate India after Persia and arouse the entire Mohammedan world against the Turkish people.

I. F. HELLMUTH MAY BE CHOSEN COUNSEL

Likely He Will Conduct Government End of Hydro Inquiry.

The question of the appointment of counsel for the government came under the consideration of the Hydro investigation committee yesterday, but the choice was not made public. The world, however, has good reason to believe that the name of I. F. Hellmuth, K.C., was favorably considered by the committee, and that in all likelihood he will be offered the brief for the government end of the inquiry.

MUCH UNCERTAINTY IN NOVA SCOTIA ON EVE OF BALLOTING

Farmers' and Labor Organizations and Women's Vote Complicate Situation.

Halifax, July 26.—The culmination tonight of the quietest provincial election campaign in the history of Nova Scotia finds the issue which will be decided tomorrow very much in doubt. It was a month ago, when the government, headed by Hon. George H. Murray, first announced an appeal to the people.

This uncertainty is largely due to factors which entered into a provincial campaign for the first time in the history of Nova Scotia. Included among these are the women's vote, an organized Farmers' party, and an independent Labor organization. Leaders of each of the parties in the field gave out tonight the usual expressions of confidence in tomorrow's result, but to the man on the street the issue is very much clouded.

One Liberal is certain of election in Yarmouth county, where Hon. E. H. Armstrong, commissioner of public works and mines, and his running mate, Dr. A. H. Melanson, are opposed by but one candidate, Howard Cornish, a former Conservative member of the house, now running as an independent Farmer, but for the rest it is a question of votes.

Local issues in Halifax. No questions of public policy are involved in the election, and the campaign, which was brought to a close tonight with last-minute rallies in all the more important centres of the province, early evolved into one of local issues in Halifax, city and county, where 15 candidates are in the running for the five vacant seats. The question has resolved itself into one of men. Some students of provincial politics even go so far as to say that few will vote the straight ticket of any of the three parties in the

SPECIAL LICENSE FOR SIDE SHOWS

Provincial Police Will Thereby Supervise Fall Fair Attractions.

Sideshows and similar attractions operating at fall fairs throughout this province will have to obtain special licenses when the exhibition season opens this year. Inspector of Provincial Police J. E. Rogers told The World yesterday that this was a new innovation which would be rigorously carried out. All proprietors of amusements ranking in this category will be compelled to obtain a special license for this purpose from the license department at the parliament buildings before their attractions can operate at Ontario fall fairs.

"The purpose of this new ruling," explained chief Rogers, "is simply to safeguard against that type of side show which might be described as questionable. If we are of the opinion that a certain attraction is not a suitable one, we can refuse to grant a license. Thus we will have complete control of the matter, and hope that we can assure the public of a better class of entertainment."

TURKISH NATIONALISTS TO FIGHT TO THE END

Angara, Turkey, July 26.—The Turkish Nationalist congress here adopted a resolution today denouncing the peace terms accepted by the Constantinople government and declaring the nationalists will oppose the terms militarily to the bitter end.

LIPTON WILL PAY VISIT TO TORONTO

New York, July 26.—Sir Thomas Lipton today received and accepted the invitation from the mayor of Toronto to visit that city after the campaign of the America's Cup race series.

Asked by the Canadian Press whether he would accept, Sir Thomas said: "I certainly could not do otherwise than accept such a warm-hearted invitation."

LIPTON, UNDAUNTED, WILL, IF DEFEATED, CHALLENGE AGAIN

Definitely Announces That He Will Have Another Yacht Ready in 1922.

On Board Steam Yacht Victoria, July 26.—Sir Thomas Lipton today definitely announced that he would challenge again for the America's Cup in 1922 should he fail to lift it with his present entry.

"I will not do so for a year," he said, "as it would only be sportsmanlike to wait that long in order to give some one else a chance should they so desire."

In making this announcement the British sportsman by no means admitted or even intimated that his present effort would not be successful. "I am sorry there was no race today," he said. "I honestly believe that when the contest was called off Shamrock had by far the better position had a breeze come up in time to have finished."

Sir Thomas also intimated that the name Shamrock would be retained to go with any possible future challenger. The tedium of today's watching on board Victoria was broken by several aerial visitors who called to wish Sir Thomas good luck and to pay their respects. Two of the visiting seaplanes alighted on the water near the yacht and took up some of his guests for a spin thru the air, the transfer being effected by means of one of the yacht's cutters. Lord Dewar and Lady Ferguson were passengers in one plane and Miss Nan Jarvis rode in another.

TWO BIG SEIZURES OF LIQUOR MADE

Fourteen Hundred Bottles, Valued at Large Sum, Seized by Authorities.

Who says Toronto is dry? No less than 1400 bottles of liquor, valued at approximately \$5000, were seized in the city yesterday by the police and inspector A. A. Montgomery of the Ontario license department.

Louis Stulberg, 284 McCaul
