

THE EVENING TIMES-STAR, ST. JOHN, N. B., WEDNESDAY, SEPTEMBER 5, 1923

NINE THOUSAND PUPILS BEGIN LONG TERM IN THE CITY SCHOOLS TODAY

Superintendent Announces Changes Made in Teaching Staffs.

The schools of the city began their fall term this morning and the children trooped back to their desks after the two months vacation. Some of them quite willing and others very much the reverse. About 1,000 made their first appearance at school and this number will be added to for the next four weeks. The rush for permits on the opening day was not as great as usual this morning, only about twenty permits having been issued up to school time.

In all about 9,000 children faced the teachers this morning and the rest part of the day was spent in getting settled down to business. Tomorrow classes will be in full swing. The opening of the new Albert school made it possible to remove two rooms from the La Tour and remedy the overcrowding there.

S. A. Worrell, acting superintendent, announced the following changes:—A grade nine was opened in the new Albert school, taught by Miss Harriet Smith, the principal. Additions to the staff in the new Albert school are: Miss Grace Hayes, new teacher, appointed to grade 6; Miss Florence Coster, who formerly taught in the Protestant orphanage in West St. John; Gordon Tilton, who will teach grade eight; and the two teachers whose classes have been moved from the La Tour school, Miss Bertha Bailey and Miss Etta Sampson. Miss Constance Weaver has been appointed on the reserve staff of the new Albert school and Miss Alice Fulton on the reserve of the La Tour school.

At the Aberdeen school the only change is the appointment of Miss Hazel Hennessy to the reserve staff. At Alexandria school, Miss Ada Calhoun has been appointed to teach grade three, filling the vacancy caused by the resignation of Miss Bertha Forbes.

At the Cliff street boys' school, A. F. Richard, formerly of Dorchester, N. B., has been appointed as teacher of grade nine, and J. H. Drummond has been appointed teacher of the new grade ten.

At Centennial school no changes have been made in the staff, but the building has undergone considerable renovations and improvements have been made in the interior.

At the High school, although two members of the staff have resigned, no new teachers have been appointed as the opening of classes in West St. John and in Cliff street has relieved the High school of many pupils. Frederick A. Patterson and Stanley Nason, both teachers of grade nine in the High school, resigned.

At King Edward school, Miss Lillian Currie has been appointed teacher of household science. She formerly taught grades six and seven in that school, and Miss Elmer Weisford has been appointed to that vacancy. Miss Mary L. Short has been appointed teacher of grade five, which was formerly taught by Miss Weisford.

At Lorne school, Miss Jardine has returned to take charge of her former class, and Miss Muriel Hawker has been appointed as reserve teacher.

At Victoria school, Miss Lottie B. Hart has been appointed teacher of grade five, filling the vacancy caused by the resignation of Miss Helen Bailey. Miss Hart was formerly a teacher in the Winter street school, and her place there has been filled by the appointment of Miss Dorothy Smith.

FORM MODERATION LEAGUE.

Austen G. Fox Heads Organization Aimed to Modify "Dry" Law.

Albany, N. Y., Sept. 5.—The Moderation League, Inc., headed by Austen G. Fox and six other wealthy residents of New York City, has filed papers with the County Clerk of Albany County here. The purpose of the organization is to bring about the modification of the Volstead act by an amendment that would give a "reasonable and workable definition of 'intoxicating liquors.'"

Other objects are to legalize traffic in alcohol and intoxicating liquors for non-beverage purposes, through some agency other than the saloon, for use in manufacturing and the arts, and for medical and sacramental purposes.

Associated with Mr. Fox, former President of the American Bar Association, as Directors, are E. N. Brown, James A. Burden, John G. Agar, James Speyer and Martin Vogel of New York and Thomas D. Stokes of Long Beach.

S. A. Worrell, acting superintendent, announced the following changes:—A grade nine was opened in the new Albert school, taught by Miss Harriet Smith, the principal. Additions to the staff in the new Albert school are: Miss Grace Hayes, new teacher, appointed to grade 6; Miss Florence Coster, who formerly taught in the Protestant orphanage in West St. John; Gordon Tilton, who will teach grade eight; and the two teachers whose classes have been moved from the La Tour school, Miss Bertha Bailey and Miss Etta Sampson. Miss Constance Weaver has been appointed on the reserve staff of the new Albert school and Miss Alice Fulton on the reserve of the La Tour school.

At the Aberdeen school the only change is the appointment of Miss Hazel Hennessy to the reserve staff. At Alexandria school, Miss Ada Calhoun has been appointed to teach grade three, filling the vacancy caused by the resignation of Miss Bertha Forbes.

At the Cliff street boys' school, A. F. Richard, formerly of Dorchester, N. B., has been appointed as teacher of grade nine, and J. H. Drummond has been appointed teacher of the new grade ten.

At Centennial school no changes have been made in the staff, but the building has undergone considerable renovations and improvements have been made in the interior.

At the High school, although two members of the staff have resigned, no new teachers have been appointed as the opening of classes in West St. John and in Cliff street has relieved the High school of many pupils. Frederick A. Patterson and Stanley Nason, both teachers of grade nine in the High school, resigned.

At King Edward school, Miss Lillian Currie has been appointed teacher of household science. She formerly taught grades six and seven in that school, and Miss Elmer Weisford has been appointed to that vacancy. Miss Mary L. Short has been appointed teacher of grade five, which was formerly taught by Miss Weisford.

At Lorne school, Miss Jardine has returned to take charge of her former class, and Miss Muriel Hawker has been appointed as reserve teacher.

Fall Opening at La Vogue Millinery

Parlour, 47 Germain street, beginning on Thursday Sept. 6 a full line of the latest Fall models will be shown in all the leading styles and colours.

REV. J. S. BONNELL IN NEW CHARGE

Inducted Into the Ministry of St. Andrew's Church Here.

The induction of Rev. J. S. Bonnell into his new charge as minister of St. Andrew's Presbyterian church took place last evening, when the impressive service of the Book of Common Order was followed. There was a large congregation present and the Presbytery of St. John was well represented. The service was conducted by the moderator of the presbytery, Rev. W. P. Morash, of St. Stephen, and the charge to the minister was given by Rev. Hugh Miller, of St. David's church. Rev. A. V. Morash of Sussex, delivered the charge to the congregation. A due selection was very pleasingly sung by Mr. and Mrs. Thomas Guy.

Mr. Miller, in his charge to the minister, spoke of the duties of preaching the Word of God, of pastoral visitation and of upholding the work of the church in the presbytery. Mr. Morash, in addressing the congregation, spoke of the co-operation which should be extended to the minister along four lines, attendance at church service, not as "oncers" but as "twicers" which the minister must be, the giving of financial support to the work of the church, undertaking responsibility and active work for the church and continuing in prayer. Mr. Morash congratulated the congregation on its choice of a minister and wished God's blessing on both minister and congregation.

The benediction was pronounced by Mr. Bonnell.

Congratulations and good wishes on the happy occasion were received in telegrams from Rev. F. S. Dowling, the former minister of St. Andrew's and Mr. Bonnell.

from Rev. Anderson Rogers, who was appointed supply while the pulpit of the church was vacant.

At a reception Rev. Mr. Bonnell and his wife were assisted by Mrs. John Murphy and Mrs. Frank H. White. Little Miss Mary Sims, daughter of Mr. and Mrs. R. S. Sims, presented a beautiful bouquet of Ophelia roses to Mrs. Bonnell on behalf of the Ladies' Aid.

Mrs. R. H. Anderson was convener of the well-arranged function and Mrs. R. S. Sims, president of the Ladies' Aid, her able assistant. The decorations were under the direction of the Home Department of the aid, under Mrs. J. A. Simon and Mrs. A. Trenowsky.

Those who assisted in serving were: Mrs. Leslie Peters, Mrs. Thomas Guy, Miss Sylvia Ferguson, Miss Helen Wilson, Miss Theodosia Cushing, Miss Elizabeth Morton, Miss Agnes Montgomery, Miss Florence Rainnie, Mrs. F. W. Murray, Miss Marie Hamilton, Mrs. James Christie, Mrs. A. N. Nixon, Miss Homer and Miss Marion Knox.

Dr. W. P. and P. L. Bonnell will be away from their office from Sept. 7th until Sept. 23.

CLASSES OPEN MONDAY, SEPT. 10.

Would Prevent Accidents Which Cause Blindness

New York, Sept. 5.—Because of the growing seriousness of accidents in public places and in homes, as well as in industry, as a cause of blindness, the National Committee for the Prevention of Blindness announced today that it would undertake immediately a progressive census of all eye accidents with a view of determining means of prevention. This decision, the committee declares, grew out of the recent realization that there has come about a radical change in the incidence of the various principal causes of blindness.

The committee has discovered for instance, that whereas not many years ago the greatest single cause of blindness in children was "babies' sore eyes," the percentage of blindness from this cause has been cut in half. Blindness caused by accidents of various sorts, on the other hand, has increased to such an extent in recent years that accidents now constitute the most serious single cause of blindness.

An effort will be made to secure a record of every accident causing an injury to the eye whether it occurs in a factory, in a home, or on the street.

This census will gradually be extended into every state in the Union. The results will be tabulated by principal causes and analyzed monthly. A month to month comparison of the records of this census will enable the committee and its many co-operating agencies throughout the country to learn whether—as is now believed—the number of cases of blindness through accidents is steadily increasing, and against what causes of accidents the energies of the committee should be directed.

Molasses Has New Uses With Hawaii Gone Dry

Honolulu, Sept. 5.—New uses which have been found for molasses, mainly a waste product of the Hawaiian sugar plantations since the enactment of the prohibition act, are expected to exhaust the supply of this year, according to an announcement by the Sugar Factors, which handle most of the Hawaiian crop.

Prior to prohibition, the plantations derived a considerable income from the molasses shipments to the mainland which were used for the manufacture of alcohol. Since then the molasses, which has a sugar content of one-fifth, has been used as fuel or thrown into the ocean.

A discovery that molasses may be used as a culture medium in the production of yeast, has created a considerable demand recently. It also has been found that molasses makes a valuable feed for stock, as it is said, it has about twice the energy value of any other feed tested. These two developments are expected to utilize most of the molasses produced by the plantations.

The new demand is expected to add approximately \$1,000,000 to the income of the Hawaiian plantations this year.

Sleep renews your mental energy as food restores your body

Everyone knows that the French appreciate food highly. That they set an equal value on the restoring power of sleep is shown by their proverb: "Who sleeps, dines."

To throw off fatigue poisons and rebuild body and brain, however, your sleep must be unbroken.

Your bed must support your body evenly—conform to it—in-vite relaxation—put no strain on any member. In such deep, restful sleep, you store reserve power for the needs of the longest day.

Look for the Simmons Label. Beware of imitations. Write for your copy of "Restful Bedrooms" to Simmons Limited, Montreal, Quebec

Set aside time today to examine Simmons mattresses and springs.

The Ostermoor Mattress
Go to your furniture dealer and study the famous Ostermoor Mattress at \$30—for thirty years Canada's standard of mattress quality and economy. Compare it with your own bedding tonight.

Inspect all his Simmons mattresses, springs and beds. They cover a wide range of styles at prices to fit any budget. Simmons Red Label, Green Label and White Label mattresses cost less; but each offers exceptional value at its price.
