

## SENSATION IN STILLMAN CASE

Detective Admits Paying \$15,000 to Beauvais for Letters Alleged Written by Mrs. Stillman.

Poughkeepsie, N. Y., May 13. — The hearing of testimony in the Stillman case closed with a sensation yesterday when a detective hired by James A. Stillman, New York banker and plaintiff, testified that he and Outenridge Horsey, one of Mr. Stillman's lawyers, had paid \$15,000 to Fred Beauvais, Indian guide, named as respondent, for four letters alleged to have been written to Beauvais by Mrs. Anne U. Stillman.

The purchase of the letters from Beauvais, who Mr. Stillman contends is the father of three-year-old Guy Stillman, was made in Montreal this week, the detective, Edmund Leigh, said. It was arranged through James Shean, a New York newspaper man, Leigh explained.

The letters, replete with terms of endearment, were accepted in evidence after Mrs. Stillman had denied writing them. She swore the handwriting was not her own, but Harriet, Hubbard, housekeeper for Mr. Stillman, looked at them and then said to the best of her recollection the handwriting was Mrs. Stillman's.

### Doubts Statement.

Montreal, May 13.—In connection with a New York dispatch stating that Fred Beauvais, Indian guide, had sold to James A. Stillman four letters alleged to have been written him by the banker's wife, containing various endearing terms for the sum of \$15,000, to be used against her in the legal divorce battle now in progress, John G. Gardiner, associate editor of The Standard, and author of a lengthy history on Beauvais' life which is now being circulated by the United Feature Syndicate, emphatically declared this morning that he did not believe there was a word of truth in it.

"I knew Beauvais intimately," he said, "and I am certain that he never received any such sum from Stillman or anybody else. As a matter of fact he is even now trying to raise a few thousand dollars for the development of two or three little schemes he is interested in."

### DIFFICULTY OVER DAYLIGHT TIME

In Spite of Proclamation, an "Anti" Committee Asks Citizens to Ignore Order.

Kitchener, Ont., May 13.—Notwithstanding the fact that a proclamation has been issued by Mayor Greb, on order of the city council requesting the citizens to move their clocks ahead one hour tomorrow at midnight, a notice was inserted in the local papers by A. R. Goudier, on behalf of the anti-daylight saving committee, requesting the citizens to keep their clocks on "old time."

The committee claims that it has been ascertained that the council has no power to interfere with standard time, and application has been made to the court to quash the by-law.

### TRAIN WRECKED—SEVERAL HURT

Batavia, N. Y., May 13.—The east-bound Black Diamond express on the Lehigh Valley was wrecked near North Leroy shortly before noon today. It is reported three cars were overturned and that a number of persons were injured. Doctors have been sent from here.

### Girls Win Match Game.

An interesting bowling match was played on Victoria alleys last evening between a girls' team representing Macaulay Bros. & Company and a team composed of young men. The latter team decided that they were sufficiently proficient in the art to allow the girls to roll six members. This vain illusion of the males was dispelled at the end of the third string when they found they had been vanquished by a large margin. The individual scores follow:—

### BEAT WOMAN TO DEATH AND ROB HER OF JEWELS

(Associated Press)

Cleveland, May 13.—Mary Helen Silberberg, 45, wife of Aaron Silberberg, broker and owner of a chain of motion picture theatres, was beaten to death and apparently robbed of diamond rings valued at several thousand dollars in her apartment home about noon yesterday.

She was found unconscious in the living room by her 11-year old daughter when the child returned from school for lunch. She died later in a hospital without regaining consciousness. Her skull dented.

was fractured in two places, both jaw were broken and there was a deep gash below her left eye. The third finger of her left hand was broken and hacked apparently in an attempt to secure a diamond ring which was still on the finger. Several diamond rings were missing.

The living room gave evidence of a desperate struggle. A man's tooth was found under a small table. It had been broken off short and it is the only clue police have to the identity of the man.
