A number of the famous Royal Canadian Mounted Police are to guard the Canadian exhibits at Wembley and incidentally add a bit of romantic color to the event. They sailed recently on the "Melita." The picture shows the party, which includes Inspector C. M. Hill, Sergeant L. J. Sampson, Corp. M. J. McBeth, Constables F. Bass, H. C. Foster, J. H. Heilop, D. C. McGibbon, R. P. Nelson, J. E. Pelletier and R. L. Trolve.

## CIVIC CANDIDATES ADDRESS ELECTORS

### McAvity, Potts and McInerney Heard in North and West Ends.

Men and women voters of the North End, in large numbers, attended the public meeting of Ronald A. McAvity, candidate for the mayoralty, and Ralph G. McInerney, candidate for the common council, held in the hall of the City Progress Party, held in the Palace Theatre, Main street, last night. Thomas A. Ramsey, president of the Hardware Clerks' Association, acted as chairman, and before introducing the speakers, explained the forty year exemption from taxation of the T. McAvity & Sons' plant in Robbsey street. He said that when the construction of the plant was considered that the representatives of the firm waited upon the City Council and when it was shown that they had a good thing to offer the Council, on condition that the firm spend \$125,000 in the city in the year, granted them a forty year exemption from taxes higher than \$2,000 a year, and the firm had in three years spent \$1,000,000 in the city, he said.

Mr. McAvity taking his platform as the basis for his address, dealt with each plank. He undertook to show why money should be spent at a time when there was a period of depression and declared that it would be beneficial not only to the citizens who obtained work, through the carrying out of their plans, but to the city as a whole, regarding the inducing of manufactures to come to the city, instead of locating in Ontario, he said that if someone were to show these concerns just what St. John had to offer them in facilities there was no doubt but that they would locate here.

Mr. McInerney spoke of the events leading up to the formation of the City Progress Party, and elaborated on some

## BUSINESS LOCALS

### WHERE THE BEST TEA GROWS.

The Tea plant flourishes best on the well-drained side of a mountain in a country where there is plenty of moisture and a warm sun. Certain parts of Ceylon, India and Java are ideal for the growing of delicious tea, hence from these countries come the finest varieties. "SALADAY" is a blend of the choicest qualities grown in these three most famous tea-growing countries in the world.

### For Commissioner

Ladies and Gentlemen— I will try to give you good service, doing the best in my power in the interest of our city, if you elect me to the Common Council.

Naturally giving personal attention to every citizen's reasonable enquiry, as well as careful consideration to all matters before the Common Council.

Yours sincerely,

### CONCERNING CHANGE IN FORM OF CIVIC GOVERNMENT

## F. L. POTTS The People's Candidate for Mayor.

### PUBLIC MEETINGS

WEDNESDAY EVENING THE 9th INST. AT 8.30 O'CLOCK, EMPRESS THEATRE, CITY HALL, WEST END.

Ladies and gentlemen invited. Don't miss this meeting. THURSDAY EVENING THE 10th INST. AT 8 O'CLOCK, PYTHIAN CASTLE, UNION ST. OTHER CANDIDATES FOR THE MAYORALTY HAVE BEEN INVITED. If you are interested in Civic Affairs do not miss this meeting, as you will hear my reasons for offering first hand, not from the whispering brigade who are attempting to falsify my policies in Civic Administration. All ladies and gentlemen invited. 4-9 t.f.

### To the Electors of the City of Saint John.

Ladies and Gentlemen: I have been nominated for the office of Commissioner at the forthcoming elections, and respectfully solicit your support.

I am not running on any ticket and am independent of any particular class or organization.

During my term of office there have been a number of very important matters before the Council requiring very careful consideration, to all of which I have applied my very best judgment and have always made my decisions in what I considered was the best interests of the taxpayers of the City of St. John.

While under present financial conditions, I am averse to contracting any further large liabilities, as I recognize the absolute necessity for very careful procedure, I would advocate any expenditures for improvements that are essential for the general good and which cannot in the common interest be further postponed.

As indications point to an increase in our export trade I would strongly uphold any measure that may be presented looking to an enlargement of our harbor facilities.

With regard to a change in the system of Civic Government, as advanced in some directions, should the people desire this, I will render every assistance in my power towards carrying out the wishes of the electorate.

Trusting that I may be favored with a renewal of your confidence,

Yours respectfully,  
JOHN THORNTON.

WHETHER ST. JOHN RETURNS TO A MORE REPRESENTATIVE FORM OF CIVIC GOVERNMENT OR NOT—a question very much in the public mind at the present time—there is one thing I most heartily endorse and that is this: To separate the legislative functions of the Council and the executive. It is most important to ensure the framing of policies that are in the interests of all factions in a city, to legislate by consensus of the taxpayers of the city as a whole. Then when these policies are framed let competent technical experts in the various important branches of civic affairs carry them out in workaday fashion without fear or favor, having no votes to win or lose and without the temptation of graft or juggling. St. John is too big a city, has too much at stake in the grand Canadian scheme as a shipping centre and Maritime metropolis to become slithered in its business handling or even old-fashioned "ways" and comfortable. The struggle for place and prominence is going to the alert cities, not the good-noughers. The undermunicipal candidates are pledged to investigate this matter of city government promptly and fully. Give them your mandate to go ahead and do it.

Ladies and Gentlemen, I am a candidate for Commissioner at the coming civic election. I stand for:  
1 A change in civic government.  
2 The people's right to vote.  
3 Hydro development.  
4 The encouragement of local and new industries.  
5 A reduction in taxation.  
6 Tax exemption on necessary repairs to real estate.  
If elected I will endeavor to carry out the above.  
Yours respectfully,  
JAMES SPIROUL.

LAUSANNE TREATY BILL ADVANCES

MacDonald Declines to Follow Course Suggested by Lloyd George.

(Canadian Press.) London, April 10.—The House of Commons last night unanimously passed the second reading of the bill to ratify the treaty of Lausanne. Previously, Sir Edward Grigg, Liberal, had withdrawn an amendment he proposed on April 1, providing that the Government should proceed with the bill unless it was assured that the dominions and India were fully informed of an acquiescence in the liabilities the Empire assumed under the guarantee.

Thus the British Parliament in principle ratified the Lausanne Treaty between the Allies and Turkey, which former Premier Lloyd George characterized as, from the British viewpoint, a deplorable treaty, such as might have been signed by a vanquished power.

Lloyd George said he did not desire to advocate refusal to ratify the treaty, but he suggested to the Government the advisability of declining to ratify the treaty convention, which was not an essential part of the treaty and which might in the future involve Great Britain in grave responsibilities and possibly a disastrous war in the not impossible event of a future Russo-Government again becoming imperialistic.

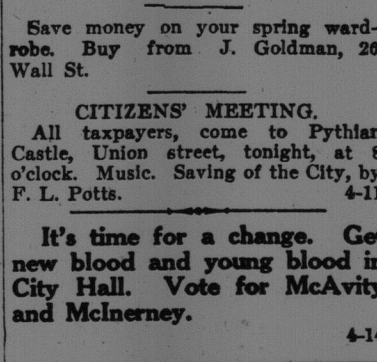

Premier MacDonald, reiterating his former arguments that there was great urgency for ratifying the treaty, despite defeat, said any attempt to separate the straits convention from the rest of the treaty would be to do everything and necessitate the beginning of new negotiations. He added that he did not propose to take the course suggested by Lloyd George, which, he said, would be the task of a fool or a criminal.

CAMPBELLTON HAS FIRE. Two dwellings and two barns were destroyed by fire last night in Campbellton with a loss of \$6,000, half covered by insurance. Two families were rendered homeless.
