MACKMEN PUTTING UP GREAT FIGHT IN AMERICAN LEAGUE RACE

AGAIN TIE WITH CHAMPIONS FOR FIRST POSITION

Terrific Drives Are Un- doing of The Yankees

NEW YORK, May 5.—For the third time this season, the Mackmen fought their way back into a tie for the American League peak yesterday by shelling four New York pitchers with a volley of sixteen hits, which reached its height in the ninth inning. Terrific drives by Bishop and Miller, the former of whom hoisted the ball into the right field stand, snatched victory from the Yankees in the closing session, 8 to 7, and established another triple tie among the leaders.

Champions Were Idle. Washington and Cleveland, forced into activity by rain, stood by while the cohorts of Mack were crowding their way back into first place. Detroit's defeat at the hands of the St. Louis Browns marked the tenth reverse suffered by the Tigers in their last twelve starts, one of which resulted in a tie. Hitting safely for the nineteenth consecutive game, George Sisler contributed largely to the downfall of Cobb's team with three safeties, including a homer, with two men on.

A Slugging Match. The Giants had a field day in their National League tilt with the Phillies, gelling up an even dozen runs against two for their foes by sheer slugging.

Johnny Dundee Will Retire From The Ring If Defeated By Sid Terris

Along The Sport Trail

By RAY HANSEN
ACCORDING TO a report from Amherst there is talk of promoters there staging a bout between Joe Irvine of this city and Roy Mitchell, a light heavyweight colored boxer, who is under the management of Frankie Burns of Glace Bay, N. S. Mitchell is reputed to be fast and clever and a hard hitter. If this is true then Irvine had better find out exactly how much weight he will be called on to concede to him. Irvine can make 150 pounds so it is doubtful if he could enter the ring above 135 pounds and be in any kind of condition. If Mitchell at least 15 or 20 pounds. That is too much weight, especially if the heavier man is a real fighter. If he is slow a lighter man might outpoint him, but if he has speed and can hit then it is a mistake for any boxer to give away so much weight.

THE MARATHON race last evening was certainly a thriller and was thoroughly enjoyed by hundreds of sport lovers. The runners might have enjoyed the event had they been allowed to breathe the pure air floating up from the river and harbor, but instead they were obliged to inhale the poisonous carbon monoxide from automobiles whose drivers persisted in setting the pace along the course.

THE ACTION of at least one of the City League teams in naming the North End diamond as its home grounds for the season is bound to create a favorable sentiment and the amateurs are wise to get in on the ground floor. There is a promising future for baseball in that section of the city provided the citizens are willing to make some effort in this direction themselves. We have only to look to the South End to see what has been accomplished in the face of difficulties that would have discouraged most men. As big a success can be achieved in the North End, provided that there is a spirit of co-operation. There is room for a considerable expansion in the North End, the natural facilities in extension lend themselves admirably to this and a big opportunity will be let slide if no advantage is taken of it.

BOSTON BOXING FANS are confident that they have a coming world's heavyweight champion in Jim Maloney. He has been doing well in his bouts, but he will be given a real test when he meets Sully Montgomery in Louisville, Ky., on May 15. The latter has a wicked punch and for that reason is dangerous.

THERE IS LITTLE sport news in Saint John these days, the majority of people being content to sit back and watch developments in the formation of professional and amateur leagues. The bowling season is drawing to a close and news in that line is fast petering out. There is no talk of horse racing although some meets will undoubtedly be held on Moosetuck Park during the summer months as Silas E. Rice has the use of the park until the fall. There is talk of another boxing match being held in the near future, although nothing definite has been announced as to when it will be held or who the contestants will be. Tennis promises to hold the attention of a large number of enthusiasts for this game is rapidly increasing in popularity.

LADY GOLFERS ARE VIEING FOR HONORS

Playing in Northern Foursomes at St. Annes and Lytham—
Scotch Meet.

ST. ANNES, England, May 5.—With the exception of the British woman champion, Miss Joyce Wethered, all the prominent feminine golfers of England are participating in the northern foursomes competition, which began this morning over the championship courses of Lytham and St. Annes. Miss Cecil Leitch, former champion, and her partner, Miss E. D. Gregg, Miss Glenna Collett, former United States woman champion, and Mrs. Alan Macbeth, Miss Doris Chambers and Miss Joy Winn are in the same half of the draw. Miss Winn broke 70 in the second round tournament, opening May 18.

Draw 4 By.
Miss Collett and Mrs. Macbeth did not play today, having drawn a bye in the first round. They play in the second round tomorrow against the pair of local high handicap golfers, Mrs. T. H. Miller and Mrs. E. S. Catlow.

As soon as the present competition ends, on Friday evening, most of the entrants are going direct to Scotland to prepare for the women's open golf championship tournament at Troon, opening May 18.

G. T. OFFICIALS FAIL TO RETURN GRANTS

Graham Does Not Think C.N.R. Should Insist on Cash Re-payment.

OTTAWA, May 4.—Officials of the Grand Trunk Railway have not returned the gratuities given them by the former management before the road was absorbed into the National system. Hon. G. P. Graham, minister of railways, informed the House of Commons today in answer to a question from W. J. Ward, Progressive, of Dauphin. Mr. Graham said that a commission appointed to enquire into the matter had found that the payments were all legally made and the former management had a perfect right to make them. He did not think it would be in the interests of the Canadian National Railway to insist upon the return of the gratuities.

CHARLES GILL IS WINNER OF BIG MARATHON RACE

Sailor Finishes First With McCavour Second

The marathon race from Douglas avenue to the new athletic grounds in West Saint John was won by Charles Gill, of H. M. S. Wistaria, with Douglas McCavour, of West Saint John, a close second, time 21 m. 20 sec. There were seven entries in the race and throughout the whole length of the course, three miles and an eighth, there were interested spectators watching the runners.

The relay race was also held on the athletic grounds with three teams entered and the Wistaria men who had taken part in the marathon entered again in the relay. The two events were held in conjunction with the Sunday school athletic meet to be held on Saturday of this week under the auspices of the Tuxis square of the Ludlow street Baptist church.

An Interesting Race. The seven entries in the marathon were Charles Gill, Bennett, Blyth and Arthur Reed; West Saint John, Lee McCleod, Arthur, William Bailey and Donald McCavour; Ludlow street Baptist, Rodney McCleod, W. Craft, Harry Toole and Gray Beyer. The Ludlow street team did some fine work and won in a spectacular manner.

The three teams enter in the half mile relay race were at the half mile mark in fact, in some laps he exceeded the speed recorded by her husband. It was at first suggested that he should do the lion's share of the riding, but his wife refused to take part in the race except upon a 50-50 basis. It is the first occasion on which a husband and wife have taken part in a joint record-breaking attempt with a motor-cycle, the critics say.

FARMERS REBUKED

Progressives Who Voted For Budget Called Weak-kneed By Farmer's Guide.

WINNIPEG, May 4.—Echoes of the federal budget vote find expression in an editorial appearing in this week's issue of the Grain Growers and United Farmers Guide of Manitoba, in which the 17 Progressives who voted with the government are characterized as "weak-kneed" and severely taken to task for throwing in their lot for a "stand pat" budget. The editorial continues: "Had all the members remained true to low tariff policy, upon which they were elected, the government could not have escaped with a majority greater than one, and it would have profoundly affected the future tariff policy of the Liberal party."

HOPEWELL HILL, N. B. May 4.—George C. Blight, stipendiary magistrate, of Hillsboro, was appointed secretary-treasurer of Albert county in succession to the late Charles L. Seeking Training Camp For Gibbons

EDDIE KANE, manager of Tom Gibbons, St. Paul heavyweight, has arrived in New York from Chicago, and is arranging things in advance of the arrival of Gibbons. The St. Paul veteran is expected before the end of the week, but his arrival is contingent upon the condition of his wife, who is convalescing at her home in St. Paul after a nervous breakdown following the illness of the Gibbons family. In the event that his wife continues to show improvement Gibbons plans to start for New York to establish himself at a training camp to prepare for his battle with Gene Tunney at the Polo Grounds on June 5.

HUSBAND AND WIFE SET WORLD'S MARK

Ride 1,300 Miles in 24 Hours in Motor Cycle—On 50-50 Basis.

Mrs. G. M. Stewart, who has been described as "a frail little woman with bobbed hair," is the heroine of the motor cycling world abroad. In making the new, twenty-four-hour world's record, which Mrs. Stewart and her husband, Lieut. Col. R. N. Stewart, established recently on the Monterey track, near Paris, they covered 1,300 miles at an average speed of just over 54 miles an hour. They took turns of two hours each in the saddle. The previous record was 775 miles in 24 hours, an average of 32.3 miles an hour.

At High Speed. In all the 12 hours in which Mrs. Stewart was in the saddle she rode at high speed; in fact, in some laps she exceeded the speed recorded by her husband. It was at first suggested that he should do the lion's share of the riding, but his wife refused to take part in the race except upon a 50-50 basis. It is the first occasion on which a husband and wife have taken part in a joint record-breaking attempt with a motor-cycle, the critics say.

Makes Plea For Peace Based on Good Will

The Morning Post describes the speech as wise and one to which exception cannot be taken. It declares that although the ambassador was careful to announce that he was not thinking of any one nation, Frenchmen, most English and believably the majority of Americans will look for "destructive methods and policies" from Germany if such are forthcoming at all and it trusts the allies will insist upon Germany's adherence to her promises and pledges.
