BALANCE OF TRADE FAVORS FRANCE AS NEW YEAR STARTS

She Keeps 2,000,000 Foreign and 5,000,000 of Own Workers Busy

BUSINESS IS ACTIVE THROUGHOUT LAND

Mass of Money Maintained in Circulation; People's Patience Explained

PARIS, Jan. 3—France at the

outset of the New Year has the balance of foreign trade in her favor, is keeping 2,000,000 foreign workers as well as her own 5,000,000 laborers and mechanics busy, paying them wages that make life easy for them and maintaining in circulation a mass of money that furnishes unparalleled business activity throughout the country.

That undisputed economic fact, in the opinion of financiers and business men, accounts for the patience with which "the average Frenchman" has suffered the irritating complications of politics and the vicissitudes of the financial situation. It also explains why the French people, notwithstanding the fact that the year end has left the financial problem of the country in the air, greet 1926 with "easy confidence."

RESTORATION ESSENTIALS.

A budget that is balanced so that it will stay balanced, a sinking fund for debts that will be alright against "politics" is the way M. Doumer, Minister of Finance, expresses the essentials of financial restoration and the stabilization of the franc which may reasonably be hoped for and which should be the New Year's wish uppermost in the French mind.

"Confidence is the first essential," in the opinion of M. Francois-Marsal, leader of the Nationalist wing of the opposition in parliament who adds: "A national union truce in partisan quarrels and a united effort by all classes will bring about that confidence."

COMMUNIST IDEA.

The leader of the Communists, the other wing of the opposition, thinks that "dictatorship of workmen and peasants is the best thing the new year can bring."

"Divisions in the ranks of the labor organization," he continues, "made it impossible for us in 1925 to prevent the government from pursuing a policy of spoliation of the working class but great progress was made toward a united front by all the proletarian elements. Nineteen twenty-five passed into history as the year of Morocco and Syria, as well as the year of Locarno.

"Those geographic names symbolize hypocrisy, bourgeois democracies."

REAL FRENCH SPIRIT.

The real spirit of the common people of France, according to Lucien Bazard, one of the persons outside of political circles engaging in the crusade for the renovation of finances, is shown

A Severe Illness Caused Constipation

Mrs. Wm. Hill, Wapella, Sask., writes: "Three years ago I had a very severe illness, and ever since I have suffered by constipation. A few months ago a friend advised me to use

Milburn's LAXA-LIVER PILLS.

which I did, although not expecting any results, but I am pleased to say that since using them I have had perfect use of my bowels without any trouble or pain, and have never had bleeding piles since. Now, I never fail to recommend 'Laxa-Liver Pills' to all my friends."

How To Get The Best Results From Your Want Ad.

The small cost of a "Want Ad." is a secondary consideration. The object is results.

Therefore, never compare here and there to save an odd cent or two. By doing so the value of the entire ad. may be destroyed.

When writing your "Want Ad." put yourself in the place of the reader, and answer the questions you yourself would naturally ask.

If you have a flat to rent, the home seeker wants to know more than a plain statement of the fact. He wants to know how many rooms there are; if there is hot water; bath; electric lights; garage, etc., and the amount of the rent.

Your flat may be a \$60 a month home, but if you don't say so in your ad, the \$60 a month tenant may not reply, thinking perhaps it is a \$15 a month flat.

To get the right tenant quickly, give full information.

To rent a room quickly to the right kind of a roomer, give all particulars. Show that you are anxious to make the roomer comfortable for a reasonable rental.

If you wish to sell anything, do not omit the good selling points. It is far more economical to spend an extra few cents and make the sale, rather than to save a few cents in the cost of the ad. and make no sale.

To Make Doubly Sure of Results

To make doubly sure of the right party seeing your "Want Ad." it is a good plan to use both "The Telegraph-Journal" and the "Times-Star."

A special rate covers both morning and evening papers. The rate for your "Want Ad." in the "Times-Star" is two cents per word per day, but you can have your advertisement appear in both papers for the combined rate of three cents per word per day.

Two Papers 3 Cents Per Word Per Day!
