

the "Provincial Medical Board," elsewhere than in the Province of Quebec. It is also absolutely necessary that students shall attend four full six months' sessions at College, and of these they are obliged to attend the first session during the first year succeeding the obtaining of certificate of qualification to study. The student before obtaining a Diploma must have been engaged in the study of Medicine for a period of not less than four years after having passed the preliminary examination.

Students intending to practice in Ontario are required by the Medical Council of that Province to pass their preliminary examination before commencing the study of Medicine. Those having the degree of B.A. and Matriculants of any University in Her Majesty's Dominion are exempt from this examination in this University. The B.A. degree is now accepted by the College of Physicians and Surgeons of Quebec. Students who do not desire the license of either Province must pass the Matriculation Examination of this University, or present an equivalent examination before a body authorized for that purpose if not otherwise qualified as above indicated.

Attention is particularly directed to the importance of passing the matriculation examination in the spring, as four full years of professional study are required from the date of Matriculation before a provincial license is granted either in Ontario or Quebec.

IMPORTANT NOTICE.

At the Semi-Annual Meeting of the Governors of the College of Physicians and Surgeons, Province of Quebec, held in Montreal on the 11 May, 1892, it was decided that for the future it would not recognize Degrees or Preliminary Certificates from any Province that did not reciprocate with them. Under this decision the Preliminary Certificates from Ontario will not be accepted by the College of Physicians and Surgeons of the Province of Quebec. This decision is important to those students who intend to apply for the Quebec License, as heretofore the Ontario Preliminary Certificate has been received. The Quebec Licensing Board reciprocates with the Province of Manitoba.

The Preliminary Certificate of the Medical Councils of Nova Scotia, New Brunswick and Prince Edward Island, will doubtless be received, as these Provinces register Quebec Licentiates on simple payment of the Registration Fee.

PRELIMINARY EXAMINATION.

A. N. SHEWAN, M.A., Montreal, Examiner for Canada.
W. MORRISON, M.A., Kingston, Jamaica, Examiner for West Indies.
