Dear *Brigadier Hickman*

With reference to your letter of 2 Oct on your file 276/W/11 and this HQ letter 55/3661/1 dated 5 Oct, copy of which was transmitted to you, a reply has now been received from Canada, copy of which is attached.

You will note that the DCGS(C) states that the equipment should be passed as "free issue" to CSRDE, Ottawa for which arrangements will be made to have the equipment passed to University of Toronto, where it will be available for Maj Russell.

If these arrangements are in agreement with your wishes, would you kindly advise whether you will pass the equipment directly from SRDE, or whether it will be necessary to move it to an intermediate stage where it will be properly packaged for the journey.

Yours sincerely
Allen Bony
