THE NEW BRUNSWICK UNIVERSITY. Senator Wright writes from Ottawa to the Telegraph to advise an addition to the endowment of the University of New Brunswick.

It is certainly true that something was done with the University of New Brunswick, but whether it ought to be further endowed from the revenues of the province, or altogether abolished, may be a question.

The growth of the sales of THE GAZETTE has been steady and, at the same time, so rapid as to be frequently a cause of surprise to those most interested.

The reason of this growth is, however, not difficult to understand. The GAZETTE is beyond all comparison the best newspaper published in St. John.

NOTE AND COMMENT. We publish elsewhere in this issue of THE GAZETTE Mr. Baird's speech in the House of Commons on the occasion of the passage of the grant to the West India Company.

In rapid succession you may mistake the elderly, but the mouth should be kept closed at such times. People who open their mouths while chewing their provisions make a great mistake.
