

PRIZE WINNERS AT ISLANDS' FAIR

SHOW ONE OF THE BEST YET HELD

Record List of Vegetable Entries—Competition Keen in Cattle.

Ganges, Sept. 18.—The annual show of the Islands Agricultural Association on Wednesday was voted the best yet held in the history of the organization. The cattle and vegetable entries were exceptionally numerous, the latter exceeding in number those at any previous show.

There was a large number of entries, especially in cattle and vegetables. In the hall the fruit occupied a conspicuous position. Mr. Savory of Victoria, judged the vegetables and expressed himself as greatly pleased with the exhibits. The exhibit of Messrs. Simpson and Cundy of Portland was well worthy of praise, winning a number of prizes. J. R. Anderson judged the orchard produce. The apples and pears were exceptionally fine and caused much favorable comment. The horses were judged by Mr. Gray of Ontario, and G. H. Hadwin of Duncan. The competition in the cattle classes was very keen. The exhibits in sheep and swine were not very large, although Max Enke brought over some very commendable entries in the former from the Galiano Island.

Salt Spring lived up to its reputation in the poultry line, the exhibits far exceeding all expectations. R. P. Edwards brought over a large number of birds, which were highly praised by the judges, J. F. Pargetor, of Nanaimo.

The sports were carried out very successfully. Messrs. Bortolide and Sayward having charge. The football match was won by the North Salt Spring team by 1 to nil. The following is the prize list:

MAKING GOOD

There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have *not* made drunks. A good, honest square-deal medicine of known composition is

Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. Insist on your right to have what you call for. Don't buy

Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong, sick women will. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.

As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it. Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of his kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy.

PROPOSED PUBLIC PARK AT KAMLOOPS
Board of Trade Appoints Committee to Co-operate With City Council.
Kamloops, Sept. 16.—At the last meeting of the board of trade G. D. Brown brought up the park question. No time should be lost, he said, in securing property for park purposes. Values were increasing all the time and the time to get hold of a suitable piece was the present. He strongly favored the old mill flat. Mayor Robinson stated he was greatly interested in the park question, and if it could be secured the mill flat was the best site and it would be approved by the majority of citizens. He suggested that a committee of the board and a committee from the council should wait upon Mr. Lachmund when he returned from the east and see what can be done. A committee from the board was appointed to co-operate with a committee from the council.
