HOUSE WRECKED BUT OCCUPANTS ESCAPE INJURY OTTAWA, June 14.—During a severe thunder storm in Ottawa about midnight last night a large frame house on the Montreal Road near the eastern part of the city in which two families were at the time asleep, was almost completely wrecked, and the inmates, consisting of four adults and five children escaped death or serious injury in miraculous manner. An explosion which was heard throughout the whole eastern portion of the city demolished the whole rear portion of the house and shattered windows in houses 50 yards distant. The families of Moses Laporte and Joseph Diahom, who were sleeping in the front part of the house, escaped practically uninjured amid the wreck of falling plaster and flying glass. This morning a dynamite fuse was discovered near the spot where the explosion occurred, by County Constable Hamilton and the theory was advanced that a firebomb attempt was made to blow up the house with dynamite secured probably from a neighboring quarry where it is stored. There is, however, no apparent motive for such an outrage, and although the police are still working on the case it is now considered most probable that the explosion was caused by a lightning bolt.

PRESIDENT RECEIVES O'BRIEN GO NO TEST OF NEGRO PROWESS

Johnson Not in Condition When He Fought Philadelphia. A new phase to the heavyweight fight division, which is now seething with excitement, cropped out Wednesday night in this city when Stanley Ketchel, holder of the middleweight title, dispatched Jack O'Brien in three rounds, says Saturday's Philadelphia North American. Almost every fight fan agreed that Ketchel was O'Brien's master, but not all felt that he could stop O'Brien in a limited-round bout. O'Brien, rated as the best six-round performer among the heavyweights, had only three weeks before stood off Jack Johnson in the best of three, and was generally considered superior to him. But Ketchel did accomplish what no other fighter has ever done—so battered O'Brien that he couldn't continue to fight. He showed that he is an awkward fighter, who has a deadly punch, particularly in his left hand. Ketchel is matched to fight Johnson in October. On the form of the two bouts here Ketchel is greatly Johnson's superior, but it must be borne in mind that it wasn't the real Jack Johnson who boxed O'Brien here. Johnson was plainly out of condition and was winded after the first round of fighting. It is in the same shape when he meets Ketchel. If Johnson is in condition, he may bother the wide-open Ketchel when he is rushing. In any event, Ketchel should give the big negro a hard battle for he is gritty and brave and carries a wallop that damages an opponent when it lands.

VALLEY WILL HAVE LARGE APPLE CROP

Apples and All Small Fruit Are Setting Well. ANNAPOLIS, ROYAL, N. S., June 14.—As time advances the indications that the people of Western Nova Scotia are about to enjoy a prosperous summer become increasingly numerous and encouraging. After a period of cold and backward weather during the earlier portion of the season the farmer finds that his crops have commenced to grow rapidly and the prospects for good crops are excellent. The small fruit and all small fruit are setting well and give every indication of a large yield. The big lumber drives are coming down from the mills, and sailing and shipping will be brisk for the next few months, as the foreign markets are buoyant. The fishermen fared rather badly in their lobster fishing, but to offset this large catches of mackerel have been made and the offshore waters are reported to be teeming with fish of all kinds. The bank fishermen, who are turning from their first trips with good fares. It is a little early to speculate upon the proportions of the tourist trade, but those who are concerned express themselves hopefully. Although the season is in all respects looks promising and hopeful.

PREST FIRE SCARE IS NOW ABOUT OVER Main Accomplishes What Man Was Unable to Do. Yesterday reports from different sections of the province were to the effect that as a result of rain all present danger from forest fire was about over. In the vicinity of the city and along the river all forest fires are claimed to be out, and from Harland, Woodstock and other portions of Carleton county warrant the statement that all forest fires are practically subdued. It is almost impossible to give an accurate estimate of the loss in timber areas from the recent fires, but it is generally believed that many thousands of dollars worth of valuable timber were consumed.

SUBSTITUTE FOR THE INCOME TAX. WASHINGTON, D. C., June 14.—When the income tax question comes before the senate for a vote next Friday, the plan of its opponents, backed by the influence of President Taft, to recommend the adoption of such a measure, will be fully outlined. Already the opponents expressed confidence in their ability to substitute for the income tax amendment a provision for a tax on net earnings of corporations, available for dividend purposes coupled with a provision for the submission to the legislatures of the several states of a constitutional amendment giving congress the power to lay and collect direct taxes on incomes.

COACHING MARATHON. LONDON, June 14.—The best times in the Marathon were made by Judge Moore and Mr. Vanderbilt. The former, who started nineteenth, overtook every other coach except that of Mr. Vanderbilt, who was the sixth to get away. Mr. Moore started competition as soon as he left Runby Park, and this doubtless counted against him in the judging, for his horses were sweating freely when they started Olympia. The Vanderbilt team, on the other hand, although it covered the twelve mile course in 45 minutes, was quite fresh on arrival.

Lajoie taking a swing by a wide one.

LAJOIE TAKING A SWING BY A WIDE ONE. The incompetent leader of the Blues had a whole lot to do with the victory of Cleveland. His single in the first drive in a run, and two of his hits helped out the home team out of producing chances to score.

AMUSEMENTS. GREAT HIT AT NICKEL AGAIN! The expected happened at the Nickel yesterday—Holmes and Buchanan made a sensational hit in their rendering of the prize ditty, "I Wish I Had a Girl," which is nothing more than a taste of effervescent summer fun in taste and jingle. Later on in the week these excellent vocalists will render something more classical and lasting, which is now the rage of the States—caught on wonderfully and the pieces adding an air of stage setting of the piece added to its catchiness. Miss Holmes made her entrance in the spotlight upon the conclusion of the first verse upon the conclusion of the first verse discovered lying on a park bench. She was dressed in a sweetheart, and upon his second entry as a charlie the dusting commenced. Miss Holmes' winsome mannerisms and the rich baritone of the pair evoked triple and even four encores. It was a distinct hit. Same song today at 8.15, 4.15 and 8.15. Another good feature of the show—and a surprise sprung at the last moment—was the English picture, "How England Could Defend Herself Against a Foreign Power." This picture has been shown in St. John recently, but Nickel-ogors were afforded the opportunity of enjoying it as well here it went along further to another city. The sham fights of the militia, regular soldiers, the navy and lumbering battleships the most inspiring and at times the orchestra's British airs could hardly have heard a more splendid performance. Last night for this picture today. Send the children. In the Bad Lands was an American military drama of western life with Indians, etc. Miss Evans sang, "Pride of the Prairie" most acceptably, and the whole show went with a swing that split crowded houses all week.

HALIFAX, N. S., June 14.—Jonathan F. L. Parsons, agent of the Marine and Fisheries Department for Nova Scotia, for the past fifteen years, died at his residence in the Dock Ward tonight, after a short illness. Mr. Parsons, who was sixty-eight years old, was prominent in the Conservative party in the early seventies, eighties and nineties, and was appointed to his present position two years before the accession of the present government to power. In his temperance and religious affairs he also took a prominent part. Mr. Parsons was born in Liverpool, N. S., on January 16, 1841. For several years he practiced law in this city. He was grand worthy patriarch of the Sons of Temperance in 1872-73 and then grand scribe for seven years. Mr. Parsons was long connected with the North Baptist church. He was president of the Baptist conference of the Maritime Provinces from 1888 to 1888. Besides taking an active part in religious work he was long identified with the temperance movement as lecturer, having spoken in every county of the province and in many states of the American Union. He was twice married. The second wife and three children by the first survive. Wm. R. Allison is in Foriston, Sask.

FIRE AT JERUSALEM. Word was received yesterday morning from Oak Point of a disastrous fire at Jerusalem on Saturday, when the combined dwelling and general store of Robert Barnett was completely destroyed. The fire was discovered about six o'clock in the morning in the outside kitchen of the house and is thought to have been caused by a defective stove pipe. Mr. Barnett and his wife were the only ones up at the time, the other members of the family being in bed. The alarm was given and all the inmates escaped safely, though the other members had to get out in their night clothes. The neighbors hastened to the scene and assisted in saving some of the furniture and goods from the store, but considerable was burned.
