MONEY ON CALL AT 4 1-2 P. C.

THE COTTON MARKET.

New York, N. Y., Nov. 8.—Cotton—Spot closed quiet: fifteen points lower. Middling uplands, 14.20; middling gulf, 14.46. Sales, 700 bales.
Galveston—Quiet, 13 7-8.
New Orleans—Quiet, 14 1-8.
Savannah—Steady, 13 3-4.
Charleston—Quiet, 13 3-4.
Memphis—Quiet, 14 5-8.
Consolidated—Net receipts for 3 days, 113,100; exports to Great Britain, 68,812; to France, 22,332; to Continent, 14,909; to Japan, 100. Stock, 864,434.

CHICAGO CATTLE.

Chicago, Ill., Nov. 8.—Cattle—Receipts, 23,000. Market 5.60 to 9.10. Steers, 5.60 to 9.10.
Hogs—Receipts, 28,000. Market 1.5 cents higher. Choice heavy, 8.05 to 8.12 1-2.
Sheep—Receipts, 30,000. Market, steady. Sheep 4.00 to 5.25; lambs 6.50 to 7.40; yearlings, 5.00 to 6.35.

WHEAT WEAKENS.

Chicago, Ill., Nov. 8.—Continuance of an enormous movement of wheat in this country had a weakening effect on the wheat market here today and resulted in final losses of 1-2 to 7-8 cents compared with Saturday's close. Corn was dragged down by a bearish government report and closed easy, but provisions were firm.

CONDITIONS OF MARKET IMPROVING

By the Associated Press.

New York, Nov. 8.—The initial upward impetus to stocks today came from professional buying to cover short contracts and was based on the decision of the Imperial Bank of Germany to leave its minimum discount rate unchanged. On Saturday there had been reports that the rate would be raised today and would compel the Bank of England to take similar action on Thursday. With the satisfaction of the demand from uncovered shorts the stock market fell into sluggish neglect, restrained apparently by the remaining uncertainty over the international money situation.

The closing was easy. The weekly report of the Imperial Bank of Germany while showing an improvement in conditions, went but a short way towards making up the decoloration of the previous week in connection with the November settlements. The influence of the cotton speculation upon the international exchanges became perceptible today in connection with the violent slump in the prices of cotton. Cable remittances by foreigners to replenish margins on cotton holdings caused a decline of several points in cables on London, while other prices were unaffected yet. The published outline of some of the subjects to be treated in the president's message to congress recalled attention to the approach of the assembling of that body and to the regulative measures that may be directed against corporations by the legislation of the session. A notably strong feature of the day's market was Amalgamated Copper. The influence back of this movement was the persistence of rumors both from abroad and from domestic sources of the progress towards a working agreement of the various important interests amongst the copper producers. A lull in the sales of pig iron since the first of November was another item of the day's news which may have aggravated the selling pressure on United States Steel. The late rise in call loans to five per cent. also was against the market. Foreign exchange rose strongly in face of the stiffening of the money market and New York exchange at Chicago fell back to 45 cents discount per $1,000.

Bonds were steady. Total sales, par value, $3,033,000.

U. S. bonds were unchanged on call.

JUDSON & CO.

CLOSING STOCK LETTER.

By direct private wires to J. C. Mackintosh & Co. St. John, N. B.

New York, Nov. 8.—Today's stock market began with some promise of activity and strength, there being a general indication on the part of those who sold stocks Saturday to recover their lines upon learning that the Bank of Germany had failed to increase its rate of discount.

As the session advanced, however, big interest languished and before the close a majority of the early advances of prices had been lost. Such advances as were retained were confined largely to the industrial specialties, many of which scored gains ranging from stout fractions to a full point. A rise in call money to 5 per cent. during the afternoon imparted further heaviness to an already dull market, but the pressure as a whole came from the professional interest. The public, from all appearances has heeded the admonition of conservative bankers against any sustained operations for the rise in the face of possible upsets in the money market and the likelihood of more restrictive legislation at the next session of Congress.

NEWS SUMMARY.

By Direct private wires to J. C. Mackintosh and Co.

Americans in London irregular without definite general trend.

Government crop report and cotton ginning report will be published today.

London settlement begins tomorrow.

American Ice securities companies earnings for past fiscal year estimated at 3 per cent.

American Cotton Oil Co. year breaks all previous records, showing 10¼ per cent. on common.

Surplus for Steel common in current quarter estimated at 4.13 per cent.

London market generally heavy and inclined to sell off.

October transactions in pig iron largest on record.

Substantial increase in loans and heavy loss of cash features of the bank statement.

Twelve industrials declined .47 per cent.

Twenty active rails declined .58 per cent.

LAIDLAW & CO.

MONTREAL MARKET NOTES.

By direct private wires to J. C. Mackintosh & Co.

Montreal, Nov. 8.—Mr. C. H. Cahan, K.C., is back from Toronto but had no comment to make on the Steel-Coal situation.

A Toronto news says: "Mr. E. R. Wood and Sir Henry Pellatt are going to Montreal this week to interview Mr. James Ross in regard to the proposed merger."

A director of the Coal Co. says today that he understood that Mr. Ross was still indisposed and would likely go to Atlantic City this week.

At a meeting of the Canadian Light and Power Co. directors held at the company's works, St. Timothe, on Friday, it was decided to increase the number of directors from seven to nine, and Mr. Nathaniel Curry, president Rhodes Curry Co., president and general manager of the Canadian Car and Foundry Co., director of the Bank of N. S., and Mr. J. M. Wilson, president Bovin Wilson Co., and a director of the Hochelaga Bank, were elected directors.

A director of the Richileu and Ontario directors meet on Thursday to declare the dividend. It will likely be unchanged, but the March dividend will probably be on a six per cent. basis.

CANADIAN PRODUCE MARKETS

Special to The Standard.

Toronto, Nov. 8.—The country grain markets were all strong on Saturday and the general stiffening in prices. While there is a good demand again today for Ontario wheat, the coarser grains are scarcely as badly wanted as they were at the end of the week. Corn is an exception as there are buyers in the market for it.

Ontario wheat—No. 2 mixed, winter wheat, $1.02 to $1.04 outside; No. 4 white, $1.03 to $1.04 outside.

Manitoba wheat—Spot No. 1 northern, $1.01½; No. 2 northern, $1.01 for November delivery; No. 1 northern, 1.01½; No. 2 northern, -1.01 on track at lake ports.

Oats—Canadian western No. 1, 39¼ cents, No. 2, 39 cents; No. 3, 39 cents on track at lake ports; No. 2 white, 37 to 35 cents outside, 39 to 40 cents on track at Toronto.

Millfeed—Manitoba bran, $21 per ton; shorts, $23 to $24 on track at Toronto.

Ontario bran, $22; shorts, $24 on track at Toronto, bags included.

Montreal, Nov. 8.—A fair volume of trade is passing in the local flour market. Local stocks show an increase of $8000 bbls over the previous weeks. Prices are steady. Manitoba spring wheat patents, first, $5.70; Manitoba spring wheat patents, seconds, $5.20; winter wheat patents, $5.50 to $5.60; Manitoba strong bakers, $5; straight rollers, $5.10 to $5.25; straight rollers in bags, $2.40 to $2.50.

Trade in the local millfeed market is fairly active. Prices are unchanged. Ontario bran, $21 to $22; Ontario middlings, $23.50 to $24; Manitoba bran, $21; Manitoba shorts, $23 to $24; pure grain mouillie, $32 to $33; mixed moullie, $25 to $27.

A fair demand for baled hay prevails. Prices are firm without change. No. 1 hay, $12.50 to $13; extra No. 2 hay, $11.50 to $12; No. 2 hay, $10.50 to $11; Clover, mixed, $9.50 to $10; clover, $9 to $9.50.

Last week's total egg receipts were 1548 cases, as compared with 4998 cases for the same period last year. There is a firm tone to the local market owing to the light receipts. Prices are unchanged. Sales of selected stock were made at 27 to 28 cents and No. 1 candled at 25 to 28 cents per dozen.

There is an easier tone to the local potato market owing to liberal supplies. Prices are steady. Green mountains, in car lots, on track, are selling at 55 cents, while Ontario at 45 to 50 cents, and Quebec varieties at 45 cents per bag.

CLOSING COTTON LETTER.

By direct private wires to J. C. Mackintosh & Co. St. John, N. B.

New York, Nov. 8.—The government report of amount of cotton ginned to Nov. 1st, was published this morning, showing that 7,012,000 had been ginned to that date. According to estimate of a 7,000,000 bale crop for that state. Oklahoma had ginned 200,000 bales more than last year, while Georgia had ginned virtually the same number as in the 13,800,000 crop. In only two states had there been ginned less than the 11,400,000 crop year of 1907. The street interpreted this report as bearish and there was a rush to sell cotton at the opening which caused initial quotations to be from 20 to 40 points lower with the Dec. option, showing the greatest weakness. There was some aggressive buying on the decline, by the Southern bulls, who were able somewhat by bear profit taking, under which prices recovered 20 points or more, and this advantage was held until the end. The new crop months were neglected and therefore did not sympathize to any extent with the general weakness. Good weather was reported over the belt, and the travelling representative of a well known local spot house who originally estimated the Texas crop at 2,250,000 today modified his figures to 2,075,000, an amount more in consonance with the government ginning returns. There were numerous reports of an impaired spot demand and an eager offering of the staple by people who had been foolishly holding their cotton for from 16 to 20 cents. The market has softened and is technically in much stronger position, but the bull contingent has been badly disorganized and it means a question if the leaders will be able to effectively rally their forces after so crushing a reversal as they have lately sustained.

FRIEND OF THE MAYOR IN DURANCE VILE

Pete Smith Made Somewhat of An Impression in New York Until They Learned That the 'Mayor' was Hughie Smollins

New York, Nov. 8.—"Go ahead and arrest me, but the Mayor will get me out!"

On his way to Essex Market Police Court yesterday afternoon after he had been arrested for trying to get on an elevated train while in an intoxicated condition, Peter Smith, 28 years old, of No. 246 Bradhurst avenue, made the above announcement to the populace. He said it so often that Policeman Bergmann, who arrested him, began to believe he really had a friend in the person of the Mayor in custody.

"Who is this fellow?" asked Magistrate O'Connor, when Smith was stacked up against the bar.

"I'm a friend of the Mayor," sputtered Smith.

"What's your name?"

"Ask the Mayor," was the response. "I guess he is a friend of the Mayor, all right, Your Honor," whispered the policeman. "He says he was with him all night."

"They must have been in a damp place," said the Court. "This fellow's legs are beginning to warp. Where do you live?"

"A few blocks away from the Mayor," said Smith with a sticky smile.

"You tell me your name without any further nonsense, or it will go hard with you," Magistrate O'Connor shouted.

"The Court was losing patience.

"Well, if you insist, I'm Pete Smith. But I'm only a common citizen. Say, ought to meet the Mayor."

"What Mayor are you bleating about?" roared the Court.

"And who's Hughey Smollins?"

"There's only one Mayor, and that's Hughey Smollins," answered Smith.

"He's a guy we elected Mayor of Manhattanville, and he's all to the good said Smith. "He's down town here, somewhere."

Magistrate O'Connor hung a dollar fine on "Mayor" Smollins' friend, which he couldn't pay, and the Manhattanville Board of Estimate will be deprived of one of its members for a few days.

DARK CRIME SCENTED IN VENERABLE CHEESE

Contents of a Trunk Landed at New York Cause Suspicion of a Tragedy Abroad---Police Treated to Surprise.

New York, Nov. 8.—There was a suspicion at the Barge Office yesterday that all was not right with a trunk which had come from one of the Mediterranean ports, addressed to Antonio Riggo, Park avenue and West Twenty-second street, Coney Island and which had been brought over from Ellis Island. Every one seemed to feel there was something wrong with that trunk and it was shoved from one place to another, but it always made its presence felt.

Separated from all the other baggage, it was attracting attention on its merits when Dr. Amon R. Jenkins, who has an office in the Flatiron Building went to the Barge Office late in the afternoon. His olfactory organs were in fine working shape, and when his attention had been called to the trunk he declared it was a matter that should be investigated by the police, and it was not improbable that a murder had been committed and a body was in the receptacle.

To The Police.

After a hurried consultation it was decided to give the trunk to the police. A patrol wagon was summoned and the trunk was hurried to the police station at No. 170 Fulton street, where by this time there were reporters and artists without number.

"Is it all?" gasped the lieutenant at the desk as the wind blew over the trunk before him.

"We think it is a Black Hand murder," said one of the men who had followed the patrol wagon.

The trunk was carried into the back room, the windows were raised, and the policemen and reporters stood around, fearing the worst and waiting for the trunk to be opened to reveal it. The lock was forced and then, as the crowd drew back waiting for the thrill, the cover was lifted and there was revealed one large Italian cheese, dead, but with every evidence that it had died from old age rather than from violence.

The trunk and contents were returned to the Barge Office, and the owner will confer a favor on the employes if he will remove it.

C. P. R'S INCREASING BUSINESS IN WEST

Montreal, Nov. 8.—The C. P. R. has been making and breaking freight traffic records at Winnipeg this season ever since the grain movement began, and now has touched a new high water mark. Twenty-four hours a total of 2,350 freight cars were handled in and out through the Winnipeg terminals, this not including the regular passenger traffic which was also heavy. Had these cars been placed in one single string they would have made a train of cars 31 miles in length.

During the day, 1,613 cars were received and 1,746 were forwarded of the cars forwarded, 1,026 were loaded and 587 empty. Of the cars received, 1,353 were loaded and 398 were empty. Movements from other points on the system were in proportion and all indicate an exceedingly heavy traffic.

Baron Pentland.

London, Nov. 3.—It is persistently reported that Baron Pentland will succeed Earl Grey, as Governor General of Canada, and that Mr. Gladstone will go to South Africa and Lord Crewe to India.
