## RESIDENTS OF GERMAIN ST. PROTEST AGAINST "FOLISHNESS"

Question of Paving is Still Far from Settled—One Resident Says Recorder Skinner Charged \$5 to Draw the Petition Which He Now Declares to be Worthless.

"The decision of the city council to ask the residents of Germain street to sign another petition for permanent pavement is altogether inexplicable," said one of the citizens interested yesterday. "About 75 per cent of the residents signed the first petition, and we think that is quite enough. One of the funny features of this very amusing business is that the recorder drew up the petition, and yet now he comes forward and says it is no good. And that too in face of the fact that he charged us \$5 for drawing it.

"Not being a lawyer the position of the council seems to me to be rather absurd. The recorder's contention is that property has changed hands, thus making the petition no good. As a matter of fact only one property in the section has changed hands, and the new owner would sign the petition if it was presented to her. And even if this new resident refused to do so, it couldn't effect the position. It would require a petition signed by 50 per cent of the residents against the paving of the street to invalidate the city's privilege of collecting half the cost from the residents and 75 per cent have signed the petition asking for pavement the fears of the council and the recorder seem to be rather groundless.

### Fundier Than an Opera.

"When the history of the movement for permanent pavement on Germain street comes to be written, it will be more amusing than an opera by Gilbert and Sullivan," said another Germain street resident. "The agitation started two years ago when Mr. Low of the Hassan Paving Company first started the idea. At that time a petition asking the council to lay Hassam paving on the street, and pledging the residents to pay half the cost was gotten up, and signed by seven-eighths of the residents on the two blocks. When the petition was presented to the council it was thrown out, because the aldermen claimed that the citizens had no right to name any particular kind of pavement.

"The property owners interested then asked the recorder to draw up a petition according to the law. He did so for the sum of \$5 and this petition was signed by every property owner who signed the former one.

When this was presented to the council, it was referred to the board of works, and after some delay that body took the matter into consideration. The upshot of its deliberations was that it asked the residents to meet at city hall and in course of time they named a day, and a large number of residents gathered, and declared that they would be satisfied if a paving suitable for a residential street was selected.

Still More Delay.  
Time rolled on. But at last the board of works took the matter up again, and it is understood requested the city engineer to call for tenders to pave the street. This request or instruction was not acted upon.

After further delay the board's attention was again called to the matter and the city engineer was instructed to name the most suitable kind of pavement and prepare estimates of the cost of the work. But nobody seems to know what became of the engineer's report. After still further delay, the board of works asked the residents to meet at city hall and to call for tenders was passed. This was done. But when tenders were opened the board thought it had declared that the residents had no right to request or make a choice of any kind of pavement, decided to appoint a committee to interview the residents and find out what kind of pavement they wanted.

The Last Straw.  
When the matter reached the council last Monday another motion was passed that a new petition be obtained, and that the residents be requested to appear before the council and state their wishes.

"It seems rather extraordinary that the recorder should state that a petition drawn by himself was no good, and the parties on Germain street cannot see the necessity of another petition being signed. He might as well say our signatures to a bill made out last year are no good this year. It seems that many aldermen have not followed up the matter closely, and so have ignored the wishes of some of the largest ratepayers in the city.

"It would be hard to find any other two blocks in the city where the residents would agree nearly unanimously to pay half the cost of permanent paving."

## CARPENTERS UNION INSTALLS OFFICERS

Union Has Had a Most Successful Year—Membership List Rapidly Increasing and Outlook is Excellent.

The regular meeting of the Carpenters and Joiners' Union was held in their hall in the Market Building last evening, there being a good attendance. Officers were installed for the current year as follows: President, Edward Parren; vice-president, Harry Pratt, recording secretary, Geo Breen; financial secretary, James Sugrue; treasurer, W. J. Myler; conductor, F. Helvet; warden, Thomas Moore; auditor, Charles Jones; trustee, John Scott.

Two new members were initiated, and six applications for membership were received. The union is steadily increasing its membership and there is more enthusiasm on the part of the members than has been apparent for some time.

## MORE CLERGYMEN FOR FREDERICTON DIOCESE

Report of Board of Missions Submitted to Executive of Synod—Church Funds Amount to \$317,090.

At a meeting of the executive of the Church of England Synod held yesterday afternoon in the Church of England Institute, the Board of Missions report showed that as a result of Bishop Richardson's visit to England three or four clergymen would come in the fall to work in the diocese and it was thought that a number of young men in attendance at theological schools in England will in the near future undertake work in New Brunswick.

During the coming year from 8 to 12 students will assist in various parishes. Rev. Mr. Dibble of California, will spend the summer in the parishes of Douglas and Bright, Queens Co. Mr. Dibble was for many years in Oromocto.

Students are in attendance at the various colleges in Canada who are expected to be ordained in the course of the next five years for work in New Brunswick.

The secretary submitted his quarterly report showing that the funds for various church purposes, controlled by the synod amounted to \$317,090.

A resolution was adopted expressing regret at the death of Miss Lucy Vail Pickett with the hope that some way may be found by which the good work she had commenced as diocesan nurse might be continued and developed.

It was agreed that the reports from all the boards and standing committees of the year be published in pamphlet form for the consideration of the synod at the annual meeting to be held in St. John, August 1.

## TO DISCUSS TRANSFER OF 40 ACRE LOT TODAY

Sub-Committee Prepare Final Arguments and Provisions—Mr. Pugsley Expected Here at Noon—D. McNicoll in City.

A private meeting of the sub-committee appointed to confer with D. McNicoll, general manager of the C. P. R., and the Minister of Public Works in connection with the exchange of the 1,600 foot strip for the 40 acre lot, was held yesterday afternoon in the mayor's office. Among those present were the mayor, Ald. McGoldrick, Ald. Elkin, Ald. Likely, the recorder, the city engineer and the common clerk. All had carefully learned of the deliberations of the committee was that the question of the transfer had been discussed from every conceivable point of view, and all the arguments that might be advanced to secure from Mr. McNicoll and Mr. Pugsley such concessions as are deemed necessary to protect the city interests were properly docketed and burned up for use.

It was determined to insist that a sea wall should be constructed along the outer edge of the 40 acre lot and arrangements were made for the provision of sewers and for the carrying out of plans necessary to provide fire protection.

Mr. McNicoll arrived in the city yesterday afternoon, coming from Montreal in his private car. He will be entertained at the Union Club by Col. H. H. McLean and other prominent citizens. Hon. William Pugsley is expected to arrive here on the Maritime Express at 1 o'clock this afternoon. The conference between Mr. McNicoll, Mr. Pugsley, and the civic committee will be held this afternoon or evening.

It is understood that the board of public works will bring up some matters in connection with the winter port business at the conference.

## FIRST NATURAL HISTORY OUTING FOR SATURDAY

The members of the Natural History Society have arranged a series of outings for the season.

The first one to be held on Saturday, July 9, and the last about the first of September. Each outing will be in charge of different members. Saturday's trip, which will be in charge of Mr. Wm. R. Barritt, will be held at Woodman's Point.

The party will leave the city by the 1.15 train, for Leamy and cross there to Woodman's Point. This outing promises to be a very interesting one. Many places of historical interest will be visited, among them the old manor house of General Coffin. Dr. W. O. Raymond has been invited to attend and lecture on the historical interest of the place. Dr. Matthew will give a lecture on Geology, and Dr. Heagen, who will speak, has chosen as his subject Botany. The other outings will be held at Kennebecasis Island, Bay's Lake, Land's End, and McLaren's Beach.

## THE BAPTIST MISSION BOARDS IN NEW FIELD

The Baptists of Eastern Canada Take Over Mission Station in India—More Missionaries Going Out.

The Baptist foreign mission board held their regular monthly meeting yesterday afternoon, in their rooms, Prince William street. Among those present were, Rev. Gordon B. Barff, of Dartmouth, N. S., missionary elect to the Indian field, Mr. Barff made a good impression upon the board and took an active part in the deliberations.

Rev. G. A. Glendenning, the missionary on furlough, who has just returned from the world's missionary conference held in Edinburgh, Scotland, was also present. While in Scotland he was successful in completing the details of a scheme whereby the mission boards of the Maritime Provinces and Ontario and Quebec, became the joint owners of a large missionary plant located at Vizagapatnam, India, consisting of missionary bungalow, a high school and a hospital. This property formerly belonged to the London Missionary Society, and the price paid for it was about \$18,000. The London society found it necessary to abandon work in this field, owing to financial difficulties.

Rev. F. E. Bishop, chairman of the home mission board, who was present, delivered an interesting address. The financial statement showed an increase in collections for missionary purposes of \$2000 more than during the corresponding period last year. The board will send nine missionaries to India this fall. Rev. W. E. Higgins, who has been field secretary for the Maritime Provinces, will take up work in India, and will be accompanied by his wife.

Rev. I. C. Archibald and wife, who have been in India here, will also leave to return in the fall. Rev. Malcolm Orchard, of Fredericton, and Rev. Gordon B. Barff, will be two new missionaries, and it is expected will be married and take their wives with them. Miss Helen Blackadar, of Springfield, N. S., will also become a missionary in India.

## ORANGEMEN WILL HOLD PICNIC AT "THE FERNS"

Arrangements for July 12 Completed Last Evening—Will Parade from Rodney Wharf—Committees.

At a meeting of the Twelfth of July Committee from the St. John County Lodges east and west in the Frontiers' Hall, Wednesday last, evening, with a full attendance, it was decided to change the picnic grounds to the "Ferns" where a 10-cent admission fee will be charged. Refreshments, meals and all the usual picnic games and dancing will be provided. The following committees all of which have been strengthened by the addition of many additional members, will have charge: Sports committee—Wm. J. Smith, Edward Long.

Refreshments Committee—C. B. Ward, Wellington Turnbull.

Band Committee—Geo. A. Earle, Thos. Stout.

Advertising Committee—C. M. Lingley, W. I. Fenton.

Entertainment Committee—George A. Blair, Robt. Merryweather.

Grounds Committee—George H. Kilpatrick, Ald. Jas. Sprout, W. J. Fenton, H. Ballingham and H. N. Spinyer.

Officers of committee—H. N. Spinyer, chairman; Wm. M. Campbell, secretary; Ald. J. B. M. Bax, treasurer.

The Carleton Cornet Band will play for the parade and give concerts on the grounds in the afternoon and evening.

Members of the various lodges will meet in their lodge rooms about 9 o'clock on the morning of the twelfth for roll call and preparation for the parade. At 10.30 a. m. the various sections will assemble on Rodney Wharf, West End. The lodges from Musquash and Lorneville, accompanied by the Prentice Boys will arrive at Sand Point slip in motor boats about 10 a. m. to take part in the parade which will be led by J. B. M. Bax, Carleton County Master East, mounted on a white horse. The Fairville contingent will march from Fairville headed by the Carleton Cornet Band. The Carleton Lodge True Blue No. 11 expects to have the pipers.

## CHILDREN SPENT HAPPY WEEK IN THE COUNTRY

First Contingent Under King's Daughters' Plan Returned from Round Hill, Kings Co., Yesterday—Picture of Health

Eight delighted children returned from Round Hill, Kings County on the steamer Champlain yesterday, after having spent one of the happiest weeks of their lives in the country under the auspices of the Fresh Air Committee of the King's Daughters' Guild. They were in charge of Miss Barlow of the committee, who had gone up the day before in order to bring them home.

The moving spirit in obtaining temporary homes for the tots was Mrs. E. D. Whelpley, to whom one of the members of the guild had written and who had promised to secure as many places as she was able.

Last Tuesday week the party went up, with Miss Wood to look after them. Miss Wood was entertained by Mrs. Whelpley and the children were driven to their various stopping places, the following being the kind hostesses: Mrs. W. L. Pierce, Mrs. E. B. Jones, Mrs. W. A. Seely, Mrs. Daniel Richards, Mrs. Geo. Pickett, Mrs. Isaac Gardiner, Mrs. Thomas Whelpley and Miss Eva Richards.

The party consisted of seven girls and two boys, whose ages ran all the way down from 12 to six. The features of their stay were driving, fishing and eating being especially noticeable. Rich cream, butter and farm products and good air have brought a rich, ruddy hue to the children's cheeks.
