## Give Edison RE-CREATIONS

EDISON RE-CREATIONS are original music, not reproduced music. They are made by an exclusive process, invented by Thomas A. Edison and used by him exclusively.

Every RE-CREATION, before it is issued, must sustain the test of comparison with the art of the original artist. That

is why it gives you all the ear can give you of the art of an artist.

Select from this list of RE-CREATIONS. It includes the most beautiful of the Christmas songs:

## Common Council Met Yesterday

At the city council meeting yesterday the N. B. Power Company's taxes for the year were fixed at \$20,800. A request on a site for an aerodrome was received.

The following resolution was adopted:

"Whereas, At the last session of the legislature it was agreed on behalf of the city, though not expressed in legislation, that conditions as to the taxation of the N. B. Power Company should practically remain as in the past, until the matter of the Carrier report should be finally decided; and

"Whereas, The Council has considered the several modes by which taxation on the company may be calculated and considers that the sum of \$17,933.21 already paid by the company is not sufficient, but that the further sum of \$2,866.79 would be a reasonable adjustment of the difficulties attending the taxation of the company for the present year.

"Therefore resolved, That the Chamberlain be instructed to accept the sum of \$20,800 in full for the taxation of the N. B. Power Company for the present year, of which sum \$17,933.21 has already been paid."

A communication was received from the Women's Canadian Club begging the establishment of a juvenile court, referred to the committee.

The Devere Aviation Company wrote making application for a site for an aerodrome, which they want the city to provide for them. The application will be considered in conjunction with a committee of the Board of Trade, which is in favor of an air service from St. John to Montreal and points in the maritime provinces.

Commissioner Fisher moved that the wages of Wm. McDonald, of the public works department, who dropped dead recently, be paid to his widow to the end of the month. This was adopted.

It was decided that the deed of the "Shanahan Annex" (so called), and lot on the Millford Road, they want, be made in the name of Augustus James Joseph Muller instead of to his mother, Mrs. Deborah Muller.

The fee simple in lot No. 842 and part lot No. 841, now under lease to the trustees of the Carleton Curling Club, will be sold to the Carleton Curling Club, Limited, for the sum of \$450, present annual rental \$24.

The agreement between the City of St. John and the Canadian Pacific Railway Company with reference to conducting a ramp about 12 feet in width to the westward of No. 3 shed and the erection of a heated shed to accommodate and handle the baggage of incoming steamship passengers was approved.

Pending the adoption of the appropriations for the year 1920 the Controller was authorized to make payments in the said year up to the following named amounts:

Fire department	\$ 6,000.00
Police department	6,000.00
Street department	12,000.00
Sewerage maintenance	2,000.00
Perry	4,500.00
Light department	10,500.00
Hydrant department	1,500.00
Schools an amount equal to 1-12th of the warrant for the year 1919.	
Hospital Commissioners, an amount equal to 1-12th of 90 per cent. of the warrant for the year 1919.	

Paraffine is very useful, and does wonders for the housekeeper, though some people look upon it as a greasy liquid unfit for cleaning purposes. A soft cloth moistened with it and used on the furniture in regular dustings will brighten the wood. Many laundresses put a little into the water in which soiled clothes are soaked, and a little added to the starch will keep the items from sticking. Paraffine is also good for cleaning enameled bedsteads, bath tubs, sinks, etc. Paint is greatly improved if cleaned with a soft cloth and paraffine, the dirt coming away without injuring the surface or spoiling the lustre.

## Ship Navigator Tells Trouble

Was So Run-Down He Had to Lay off—"Tanlac Certainly Put Me on My Feet."

John Willis, a young navigator, living at 88 McFarland street, St. John, Newfoundland, is still another who has cast to the winds his troubles and by his friends to give Tanlac an honest trial.

"Tanlac has certainly fixed me up in the shape," said Mr. Willis, who, discussing the medicine at Condon's drug store in St. John, recently, "and I believe it will do the same thing for anyone who gives it a fair trial."

Mr. Willis was for four years in overseas service with the Royal Reserve of the British Navy.

"I had soon in a badly random condition for several months," he explained. "My appetite left me, I could not eat much and lost weight continually. Sleep was almost impossible for me. I was the awake for hours and got up mornings feeling as bad as when I went to bed, or worse. My nerves became all upset and I got so weak the least exertion would leave me all out of breath. Then my stomach got out of its so that what little I did eat disagreed with me. I suffered from indigestion and if I couldn't walk a block at an ordinary pace without feeling 'all in.'"

"I dropped down fifteen pounds in weight in just a few weeks and all my energy left. I simply got to where I couldn't work and nothing seemed to do me any good. I had read a good deal about Tanlac, several of my friends had also told me about it, so I got a bottle and before it was half gone I was eating like a wolf. I am eating just as much as before now and while I have just finished my second bottle of Tanlac I have already gotten back several pounds of my lost weight and am still gaining."

"I that tired, worn-out, feeling has left me and I am just brimful of new life and energy. My nerves have quieted down so that I am now getting plenty of good, sound sleep and I am feeling so much stronger and better, in every way that I am going back on the job in just a day or so."

"Tanlac has certainly put me on my feet and I am glad to give this statement to be used in letting others know about it."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Advt.

## WEDDINGS

**McDonald-McAuley.**  
Apoahqui, Dec. 22.—The home of Mr. and Mrs. S. A. McAuley of Lower Millstream, was the scene of a very pretty wedding on Saturday, 20th, when Miss Hazel McAuley, sister of the bride, and as the first strains were heard the bride entered with her father, looking a picture of loveliness, in a gown of white tulle, with brilliant veil, and Juliet cap, crowned with orange blossoms. She carried a shower of bouquet of white roses, and was unattended. At the conclusion of the ceremony, a formal reception followed, after which the bridal party and guests were ushered to the dining room, where dinner was served at 6 o'clock.

At the close of the dinner hour, the bride retired to don her traveling costume, which was a tailored suit of navy velvet, with black hat and net veil, and black fox fur. The latter being the gift of the groom. Amid hearty good wishes the bridal party departed in their motor car to take the train at Apoahqui for a few days' visit to Fredericton.
