

THREE DAYS AND NIGHTS IN WOODS, 11-YEAR OLD MAMIE GALLIVAN LIVES

Missing Brookville Girl Found Thursday Afternoon—Threatened With Pneumonia Following Exposure—Says She Wandered the Woods and Had No Food—Wonder Expressed That She is Not More Emaciated—The Story a Strange One.

Mamie, the 11 year old daughter of Michael Gallivan of Brookville is safe at home after an experience which, according to her story, is remarkable. She has been missing since Monday last and all that time, three days and three nights, she says she spent in the woods without food and shelter. By some her story is questioned for they look upon it as little short of miraculous that she could endure such hardships and live. She certainly is very sick, it is said, and is threatened with pneumonia but is not greatly reduced in flesh.

About 4 o'clock Thursday afternoon the girl was found by her brother Michael, a lad of about thirteen years. He was attracted by the barking of the house dog which was in the woods apparently some little distance from the house. When he went in search of the dog, so persistent was the barking, when nearly at the spot, he called to him and the animal ran in response. Just then the boy saw his name called and looking around he found his missing sister half reclining in the ground at the place where the dog had been.

The girl was helped to the house and there cared for by Miss Estabrook, a city nurse who was spending some time at Drury's Cove. The child complained of severe pains in the chest, was inclined to be feverish and was weak. At a little food but was not peacefully hungry. Resting on a couch she said, but not very coherently, of her experience. She had gone into the woods, she said, and become lost and could not find her way. She said she had had no food, had drunk water from a lake on whose bank was a house—evidently Auburn Lake—had been visited each day by the dog, but had been unable to follow the animal on its return to the house. When she had left she had taken with her an extra dress and she said she had left in the woods.

The child was apparently so weak, however, that questioning her seemed very inadvisable, and there was more anxiety to assist her towards health and strength than to glean from her the story of her experiences while in the woods since Monday last.

Dr. J. M. Barry was summoned from the city, and Rev. Father O'Neill, of Silver Falls, was called because there was fear that her life was in danger. The girl was fairly strong, but even with greater strength than hers it would have been hard to have withstood exposure of three days and nights in the woods, with congestion of the lungs when he examined her.

Empire Day at Gagetown.
Gagetown, N. B., May 24—The Gagetown Grammar School had a very pleasant time yesterday in the celebration of Empire Day. A large representation of the ratopayers of the district were present and listened with evident interest to the songs, recitations and essays given by the pupils. The exercises were all in keeping with the purpose of the day and were enlivened by a spirit of loyalty and patriotism in the minds of the young. On the blackboard were drawings of maps by the pupils, showing the different portions of the empire upon which the sun never sets. Other maps, which were certainly of a high order of merit, were on exhibition among the audience.

DOCTORS AGREE MILK IS LIKELY CAUSE

Medical Society Informally Discusses the Typhoid Cases
Do Not Believe Disease Can Be Traced to the Water—Case of Sickness on Farm Where Suspected Milk May Come From.

No fresh cases of typhoid were reported yesterday and active steps are still being taken to arrive at the source of the disease. At a meeting of the St. John Medical Society Wednesday evening an informal discussion on the typhoid situation took place. The doctors expressed the opinion that the source of the disease was doing all that was possible to combat the disease. It was also unanimously agreed that the water supply was not responsible for it, but in view of the fact that the same milk dealer had supplied infected houses at opposite ends of the city the disease would probably be traced to milk.

At a meeting of the board of health on Wednesday the situation was thoroughly looked into. There was some idea of ordering the dealer whose milk is supposed to be the source of the disease to discontinue serving his customers, but it was suggested that the opinion of Col. J. R. Armstrong, the legal adviser of the board, should first be obtained. Col. Armstrong decided that it would be advisable to defer action and no order was issued. It is now said the dealer is being supplied with fresh milk.

The dealer in question was drawing part of his supply from a farm in Kings county and a case of supposed typhoid meningitis there is now suspected of being typhoid. The board decided to send T. M. Burns, the secretary, to investigate the matter. Mr. Burns went yesterday to a target and butte. He is rapidly falling and will soon reach normal height.
Miss Phillips, a trained nurse from Hartland, is visiting friends in town. The dominion government, it is reported, is corresponding with local landholders regarding the purchase of a tract suitable for a target and butte. It is the intention of the government to construct targets having an extreme range of 1,000 yards.

HAWKE AWARDED \$60 DAMAGES IN SUIT AGAINST RYAN
At Dorchester on Wednesday the action of J. T. Hawke, of Moncton, against Mayor Ryan of Moncton was concluded. Mr. Hawke, it will be remembered, sued for \$1,000 damages for an assault committed on him by Mayor Ryan while Mayor Ryan was in the council chamber, where Mr. Hawke had gone to report the proceedings for the papers. Mr. Ryan ordered him to leave, and when Mr. Hawke refused unless all reporters were excluded, the mayor personally ejected him following him down the stairs.

FOUR GLOUCESTER FISHERMEN DROWNED
Bathurst, N. B., May 24—A sad and dropping accident occurred at Maudslay, near Moncton, Gloucester county, on Tuesday afternoon. Four men belonging to Inkeram, named Casey, Anson and two Noels, employees of Joshua Winslow's lobster factory, went in a small boat to attend to the lobster traps. The boat either capsized or was held in a fast by him, and thus the men were drowned. Three of the bodies have been recovered.

STEPHEN O'MEARA APPOINTED HEAD OF BOSTON POLICE

BOSTON, May 24—(Special)—Stephen O'Meara, a native of Charlottetown, P. E. I., has been appointed head of the Boston police.
Stephen O'Meara was born at Charlottetown, P. E. I., July 26, 1854, and came to Boston with his parents when but ten years of age. After a short residence at Boston he came to St. John, N. B., and was graduated from the Harvard Grammar school after making an excellent record. Early manifesting a pronounced vocation for the law, he contributed to the *Charlottetown Chronicle*. He became city editor of the *Journal* in 1879, after an experience of five years as legislative reporter at the State House and three years at City Hall.

In 1881 he became news editor, and publisher of the same paper from 1885 to 1890 when he bought a majority interest in the ownership. In 1902 he sold his interests in the *Journal*. In the fall of 1904 he entered the political arena as a congressional candidate in the Eleventh district against Eugene N. Foss. Although defeated, his effort was not without its reward, for he gained the warm personal esteem of many voters with whom he came in contact.

He was for three terms president of the Boston Press Club. He held membership for many years in the Algonquin, Exchange, St. Botolph and Union clubs. He is also a member of the Bostonian Society, the Commercial Association, the Middlesex Club and the Republican Club of Massachusetts.
He was for a long period treasurer of the National Association of Pressmen, and was at one time a director of the National Associated Press, its first vice-president and member of the executive committee. He was the first teacher of shorthand in a public school in this country, conducting large classes in the Boston Evening High School, beginning in 1883. He has been teaching shorthand in this city for fourteen years. In 1889 he received the honorary degree of master of arts from Dartmouth College.

Lunney Porter.
St. Martins, May 23—Lunney Porter, a young man about twenty-five years of age, one of the Baines' Corner patients, died Tuesday afternoon. Mr. Porter had, to all appearances, recovered from the disease, but he gradually kept getting weaker and on Tuesday, at about 3 p. m., he died about 3 p. m. The rest of the Baines' Corner patients are improving. Deceased leaves two sisters, Belle and Mabel, and one brother, Robert.
