ing Business.

ax, April 4, 1910.
letter from our
ssue of the West-

ern Home Monthly which brought quick results, it has encouraged me to write. This town, though small, is noted for its beautiful and clever girls. But by the time I arrived they were all spoken for.

I have reached the golden year, and I want to be married. Most of the correspondents to this paper are young farmers, but I am a business man, and am in a position to support a wife comfortably. My salary is quite sufficient, besides my little deposit, for a rainy day is not to be despised.

I am five feet ten inches, have wavy hair, am fair with dreamy eyes. My mirror reflects a handsome face. My habits are temperate. I enjoy a smoke but drink nothing stronger than cold tea. I am fond of sport and music. Now girls, I am in earnest "this time" so get busy and write to,
"Cholly with the Golden Hair."

A Chance for the Bachelors

Franklin, Man., May 19, 1910.
Sir.—I have been a reader of your paper for a long time and have taken much interest in your matrimonial correspondence department, and must say it is very interesting. I will now proceed to give the customary description of myself. I am five feet six inches tall have lovely brown hair, violet blue eyes, weigh about one hundred and thirty pounds, and have never been kissed.

I am fond of all amusements such as dancing, playing cards, or any outside sports. I am very musical and can play the piano, also the violin, and can sing a little. Well, so much for that, I am afraid your readers will be thinking me a very conceited miss, but I am not. Now I am not writing with a view of matrimony, but would not mind corresponding with a nice-looking young man not over twenty years of age, and who does not smoke, chew, swear, or drink anything stronger than weak tea. He must also be musical. Now I must close as my letter is getting rather long. I will sign myself,
"Wild Rose."

Good Wishes for Homesteaders.

Carberry, Man., May 14, 1910.
Sir.—This is my second letter to the Western Home Monthly. First, let me thank all the kind readers who wrote to me. I am sorry to say I could not find time to answer all of them. So I hope when they read this they will forgive me. I wonder how many have read "Fair play for Canadian women," by Grace Hopewell in the March number and what do they think of it. For myself I think that Canadian women should have a homestead. There are lots of them more capable to work one than a lot of the men. They lack the strength but have the knowledge. I think it is not fair play for any kind of a foreigner to be allowed to have one. Far better to give the women of our country a chance, than to bring so many low-classed people in. Some of them may be alright but they will never make as good a country as the British would. What do all the readers think? There is one who calls himself "Hazel Stubbs." He thinks some of the girls are hard on the bachelors. Well can you wonder at them, when he says "give a wife some encouragement by giving her fowl money." Did you ever hear the like? I think "Hazel Stubbs" is like a great many more men of the present day. There are a lot of them far too selfish to take a wife, because they think it would cost so much more to keep her. They never think that she keeps herself and more than often helps to keep her husband. I don't want you all to think I am crank, but I would like to see fair play on both sides. Well my letter is getting long so I had better quit or the editor will think I have too much to say. Hoping all the homesteaders will have a good crop this year, and wishing the Western Home Monthly every success.
"Isabel Carnaby."

Corns cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Cure is within reach of all.

The CAPITAL is the Cream Separator that will "Buy Itself" For You

As soon as you have read this advertisement, sit down and write a post card for The Capital book—the book that not only tells the story of the easy-running, cream-saving separator, but that tells how you can put The Capital in your own dairy practically without costing you a cent.

The book also tells all about the wonderful Capital gears, about their perfect meshing and non-wearing qualities—how they run in oil—how an automatic clutch stops them running the minute you let go of the handle—and about how they give the light, three-and-a-half-pound bowl, 7,000 revolutions a minute.

It tells how and why The Capital skims closer—why The Capital wastes less than one-fifth the cream that other separators waste—and then explains how the machine can be made sweet and clean in two minutes after you are through using it.

This book is full of hard-and-fast facts—separator facts—which every dairyman owes it to himself to know; facts which will prove a revelation to the dairyman who is not familiar with The Capital.

Write for the book to-day—NOW.

It is far better to be An Old Man Who Feels Young than A Young Man Who Feels Old

HERE IS AN OLD YOUNG MAN

Here are the books that give the secret of perpetual youth. Let me send them to you, free.

HERE IS A YOUNG OLD MAN

Years count for nothing when you have the vitality. You can feel young all your life when there is ample nerve force to back your courage. Let me make you a "HEALTH BELT MAN." Let me supply you with that vim, vigor and manly strength which conquers all obstacles. A man at 60 should be in the prime of life; early decline unfits you for the world's work. I have talked with more than 100,000 debilitated men; the lack of vital vigor is responsible for most failures; you can't command the attention and admiration of women or even men if you lack personal vitality. My HEALTH BELT fills you full of vital force; it strengthens weakened parts; it gives you courage to meet squarely any eyes which may look into yours. You become as attractive in your personal influence as the strongest, most full-blooded man you know. Thousands upon thousands have been cured

by my HEALTH BELT. Worn nights for two or three months, it sends the continuous tonic current of electricity into your system all the time you are sleeping. No privations, no medicines, no restrictions, excepting that all dissipation must cease. Cures weak back in one night; benefits from first hour. It has special attachments which carry the current to the weakened parts. Used by both sexes for rheumatism, kidney, liver, stomach, bladder disorders, etc. James Robb, Glenboro, Man. writes: "Your Health Belt restored me to manly vigor. Use my name as you see fit." If in or near this city, call and try the Belt in my office, otherwise send for the free book, which explains all and tells you how, for a few dollars, my Health Belt will give you back your manhood. No charge for advice at office or by mail. Use the coupon if more convenient.

FREE UNTIL CURED

You can have the Belt on trial until cured, before paying for it, or if you prefer to pay cash you get a discount.
