

Support Canada Career Week: Nov. 2-8

Our Endeavours make for a 'career-rewarding' future

BP CANADA has grown beyond its initial expectations. Exploration and development was the constant theme we carried through the 1970's

... And as the challenging 80's emerge, we will naturally rely heavily upon our previous theme. With that in mind comes an increasing need for efficient, innovative individuals who can aid us in developing new approaches and ideas.

To continue our present development and expansion, we would like to hear from:

- Petroleum Engineers
- Geologists
- Geophysicists

We will be on campus November 2 and 3 1981 and look forward to talking to ...

... You
