

# Welcome to the real world.

Are you a non-business grad looking for a career?

Then think about Procter & Gamble — one of the most successful packaged goods developers and marketers in the world, with international operations in over twenty countries.

In Canada, more than two thousand people work for Procter & Gamble. An efficient core of men and women in all areas of technical and business management lead the Company. These are the people who have made household names of such consumer products as Ivory, Crest, Tide and Pampers, just to name a few.

Procter & Gamble is actively searching for graduates from every discipline, who demonstrate innovation, leadership, interpersonal skills and a drive for excellence. We value these qualities more than a specialized education.

Procter & Gamble offers you early responsibility, high visibility and direct access to management right from day one.

You'll be welcomed to the organization with an individualized on-the-job Training Program that will give you all the tools you need to run your part of the business.

We promote only from within the company. That means your success is up to you and it's a big reason why an independent study has placed Procter & Gamble among the top people-oriented companies in the world.

Think about us.

Your Placement Office has detailed information or you can write to us care of:
