

H. of D. Whips UNB 51-46

The first game of the regular 1951-52 basketball season was played last Saturday night at the lady Beaverbrook Gymnasium and saw the University of New Brunswick suffer a defeat at the hands of the House of David. The winners topped the Red n'black by six points, winning the laughable contest 51-46. Throughout the whole game the crowd was kept in high spirits by the antics of the well known basketball clown Bobby Roth. The House of David clowned throughout most of the game and it is difficult to determine just how good they were.

The game opened with the visitor scoring almost at will while varsity missed several easy chances. At the half the bearded five were leading by a score of 33-15 taking advantage of their superior height to control the backboards easily. In the second half the visitors clowned to such an extent that varsity were almost able to tie things up. However, the House of David settled down somewhat and won by a score of 51-46.

Coach Flewelling had a comparatively green squad having only six players, Shephard, Little, Miller, Glass, Stairs and Garland from last year's squad. The high scorer for the evening was Allen of the House of David who accounted for 18 points. He was followed by Karpinski with 14 and Cohen with 12. For the losers John Little topped all scorers netting 7 points while Beanie Stairs and freshman John Abernathy followed with 6 each.

Just how well the UNB varsity basketball squad can do in serious competition will be seen a week from this Saturday when the Red n' Black five will take on the teachers from Aroostook State Normal School here.

Water Polo Starts Nov. 24

An organizational meeting was held in the Trophy Room Tuesday evening and it was decided to play the first games Saturday November 24th. On this date exhibition games will be played. This will enable new-comers to become familiar with the rules of the game.

Don Fowler and Mal Babin are again at the helm of the two residence teams while Don Bell will captain the Senior Foresters. Last year it took the whole Forestry faculty to field a team and it is pleasing to note that the Senior Foresters have fielded a team comprised of members solely from that class.

The Freshman Engineers are making a strong bid this year and have entered a team captained by

Jim Evans. The Consmen are back again this year and Captain Paul Dolan has high hopes for this team. The Consmen were always a threat in last year's play.

Eric McGillivray and Bill Spriggs, both 3rd year Foresters are forming another Forestry team and are looking for more players. Give Eric and Bill your support Foresters. Jack Paterson, second year science is forming a science team and also needs more players. His phone number is 8479. The Senior Engineers are organizing a team and Stig Harvour is doing the ground work so give Stig a rima at 5092.

The Newman Club are also considering an entry and a de-

Arts and Science Soccer Champs

Intramural Soccer

The 1951-52 intramural soccer league wound up last Thursday evening when the Arts and Science soccer team came from one goal behind to beat out the Residence by a score of 2-1. This is the second win for the Arts and Science squad in as many years. The regular league was not completed as recent rain and snow storms along with unseasonably mild weather have left College Field in poor condition. As a result it was necessary to terminate the league as quickly as possible so the top two teams, Arts and Science and the Residence met for the championship. Arts and Science had been on top in regular league play with three wins and one tie for seven points while the Residence was in second place with two wins and two ties for six points.

The championship game last Thursday was played on a very soft field and the footing was very difficult. However, the game was very closely contested and the outcome was in doubt to the end. The Residence opened the scoring
