Ottawa, 7th February, 1911.

Sir,-

I am enclosing to you herewith a sample of Twine marked "Gilling No. 25" and would ask you to kindly examine it and report if it is Babours Crown quality or equal thereto. If not what is the difference in value. I also enclose samples of Holland No. 5 and Holland No. 9 and would ask you to kindly compare same with Seine Twine of the same numbers and inform the Department whether in your opinion they are as good value as the latter and if not what is the difference. Kindly also say if they are a good substitute for Seine Twine. In appearance they seem to be about equal.

Kindly return the samples.

Your obedient servant,

Asst. Deputy and Secretary.
