

REMEMBER THE "SUCCESS" THE BEST MANURE SPREADER MADE IN THE WORLD.

Some Reasons why the "Success" Has the Largest Sale:

- LIGHTEST DRAFT—direct chain drive makes draft 25% less.
- DRIVE CHAIN is very heavy steel pinned and not a link has ever broken.
- BATER FREEING DEVICE insures easy and safe start and dispenses with the cumbersome end board.
- REAR AXLE is larger than all others and one-third stronger.

GEAR AND SPROCKET keyed on axle at either end and machine drives from both ends.
 ADJUSTABLE RAKE makes manure fine or coarse as desired. Will permit stones or other foreign substances to pass over the beater without causing a break.
 APRON RETURN causes bottom to automatically return after load is discharged.
 FOLLOW BOARD carries load against cylinder and insures even spread from start to finish.
 CHANGE OF FEED made by a single movement of one lever.
 STRENGTH—The "Success" is famous for durability and is strongly guaranteed.
 Made in four sizes—30, 40, 50 and 70 bushels capacity.
 You must buy a "Success" to get the best. It is the result of twenty-seven years' experience of the oldest and largest makers of manure spreaders in the world.

GUELPH, London, Ontario, Canada.

ROCK SALT for horses and cattle, in tons and carlots. Toronto Salt Works, Toronto

Tolton's No. 1 Double Root Cutter

Points of merit.

1. To change from pulping to slicing is but the work of a moment.
2. There are two separate wheels, one for pulping and the other for slicing.
3. The united force of both wheels is always used in doing the work in either capacity.
4. The hopper is between the wheels and does not choke.

The Only Double Root Cutter Manufactured.

Fitted with Roller Bearings, Steel Shafting, and all that is best and best in principle, material and construction.

OTHER SPECIALTIES—Pea Harvesters, Clover Bunchers, Haying Tools, and all Steel Seed Harrows. Send for descriptive Circular.

TOLTON BROS., LIMITED, GUELPH, ONT.
