

To Our Readers:

We greatly regret that owing to an unfortunate clerical mistake, urgent notice was sent to some subscribers for THE HOMILETIC REVIEW whose subscriptions have just expired, requesting "immediate payment." These we tender our regrets. The notice was intended for a few persons only, whose subscriptions have been outstanding several years and who persistently ignore repeated requests for payment. We adopt this plan to make amends, as it is almost impossible for us to tell by whom the notice referred to was received.

"THE POEMS OF RICHARD REALF," an attractive collection of exceedingly choice poetry, is now ready. Most of the selections are published for the first time in this collection. *The Christian Work*, New York, says: "A score of poems are worthy to rank with Thomas Hood's 'Song of the Shirt.'" See announcement on page 2.

"THE IMPERIAL REPUBLIC" is the title of an important and timely new book just published. The work embraces a stirring and powerful argument in favor of the extension of United States Territory. See page 2.

Special attention is called to the valuable features of "THE NEW VOICE." Carefully read the announcement on page 22.

For Other Items of Especial Interest, See Pages 1-33.
