Do Not Insure

Until you have seen the Double Maturity Policy of the Manufacturers' Life. Ordinary prudence suggests that you should carry some life insurance, if ever so little, and it is as well to know where the best is to be had, both for security and profit. Life insurance creates an immediate capital at a trifling outlay, which returns, as a rich and ample investment, to a man's family or himself at its period of maturity. You should find out about this Double Maturity we speak of.

- THIS IS THE PATRON SEWING MACHINE.

R. Y. MANNING, Esq., Manager of the Grange Company, Toronto:

Dear Sir, - Being down in the city some time ago, I called, amongst other places, at your store. When there you asked me as a favor to allow you to send up to my address one of your new sewing machines that you selected at the World's Fair to have it tested in this locality. Your request was granted at once, for the reason that I was acquainted with an A1 machinist of extensive practice on nearly all kinds of machines that ever came to this port. I delivered the machine and gave instructions for the party to test it thoroughly, which was done for several weeks on all kinds of work, from the finest muslin to four-ply of full cloth. The machine was so satisfactory in all kinds of work the parties kept it and sent you \$28, the price of it. Although they had a fairly good Singer, they took the choice of a better. Any one wanting an A1 machine need have no fear of buying the Patron. This test was made without either fee or reward. This machine and price is of immense importance to the buying public.

Yours truly,
GEO. COWAN, Painswick, Ont.
