quilt, and very easy to make. Start at the center and have ground work dark. The double Irish Chain pattern is very

pretty, and it is better to make it of two kinds of calico of the same pattern, having as colors red and blue alternate blocks, set together with blue.

There are many other patterns, namely: Churn-dash, Album, Monument, Necktie, Lost Ship, Steps of Jerusalem, and several other patterns I could procure if any-one desires them.

The Scrap Bag.

A Laundry Hint.

Save time on washing by keeping a bag of mosquito netting on hand into which all small articles such as collars may be placed before putting them into the boiler.

When Heating Irons.

Turn an old pan or kettle over irons which are being heated and they will get hot much quicker. This also keeps the room cooler.

Tumblers that Stick.

When one tumbler sticks in another so that they cannot be pulled apart without danger of breaking, fill the upper one with very cold water up to the sticking point and set the lower one in warm (not too hot) water. The upper one will contract, the lower expand, and so they may be easily separated.

To Cool Water.

To cool water in a pitcher without ice, wrap the pitcher in a wet towel, and set it in a cool, drafty place.

To Color Shoes.

To color white canvas shoes, paint them with water-color, as dyeing is likely to shrink them. To clean white kid shoes, rub with a cloth wet with gasoline and dipped in powdered chalk. Dry in an airy place, but not in the sun.

To Work Buttonhole in Lace.

Baste small squares of thin lawn under each place to be worked, then cut the buttonholes and work as usual, cutting away the superfluous lawn afterwards. Also put tiny bits of lawn under each button.

Milk for Starch.

Instead of starching very fine white articles, dip them in skim milk. They will be stiff enough, and will not stick to the irons.

Tempering Irons.

Heat new irons very gradually and let them stay hot for several hours without using, then let them cool gradually and set them away in a dry place.

A Handy Funnel.

Half an egg-shell with a small hole in the bottom makes a very good funnel if one has no other about.

Some More Hot-Weather Recipes.

Chocolate Ice Cream.—Stir 6 tablespoons grated chocolate into a cup of fresh milk; mix well; add 2 cups sweet cream, sweeten to taste, and freeze.

Frozen Custard.—Let 2 pints of milk almost come to a boil in a double boiler. Beat the yolks of 6 eggs with 3 small cups sugar, then add the milk gradually. Fold in the whites of the eggs beaten stiff. Put all in a saucepan and stir until creamy. When quite cold, stir in 2 pints of cream, and freeze. You may stir in berries or bits of fruit of any kind if you choose.

Rice Blanc-Mange.—Put 6 ounces rice in a pan with 1 pint water and let simmer slowly in the oven 2 or 3 hours. Add ½ pint rich milk or cream, sugar and flavoring to taste. Let boil up over the fire, and then pour into a mould. When quite cold, serve with a little preserve or jelly.

Lettuce Salad.—Arrange the lettuce in a glass bowl with the leaves standing up. Have a dressing made as follows: Rub a bowl with a slice of onion. In it mix ½ teaspoon salt and a dash of cayenne. Add 1 tablespoon vinegar and 2 or 3 tablespoons salad oil or melted butter. Stir over very cold water until thick, then pour lightly over the lettuce leaves.
