JUST ISSUED.  
The **Ethics of Literary Art.**  
By **MAURICE THOMPSON.**  
CAREW LECTURES FOR 1893

These lectures, by a distinguished poet and critic, are unusually brilliant and pithy in style. They discuss with freedom and downright common sense the current question of the moral influence of literary works, especially fiction, and the general relation of literature to Christian civilization. The excesses of "the realistic school" are handled with manly vigor, and the claims of a true Christian idealism strongly upheld.  
A book for every library, private and public; and a beautiful gift-book.  
Elegantly printed on extra heavy paper, bound in dark blue cloth, gilt top, untrimmed.  
Price, \$1.20, Postpaid.
