One of the Big Hits of the Exhibition for 1910

COME AND SEE US

Of course you intend to be in Winnipeg for the big Industrial Exhibition, July 13-23

WE are taking this opportunity to cordially invite you to make our Exhibit your headquarters while in the City.

We will have a monster collection of new Doherty Goods, both at the Fair Grounds and at our Western Branch Retail Store. Our Fair Exhibit will contain a complete line of Doherty Instruments, and will be even more elaborate than our Exhibit last Fall at the Toronto Show, which was favorably commented on from coast to coast.

We will also show Doherty Organ No. 1, built in 1875 by W. Doherty, the President of our Company, and will leave it for you to judge whether the Doherty is worthy of your consideration as a marvel of durability.

To Doherty Dealers, Doherty owners and our friends throughout the Dominion we extend a Cordial Greeting and Hearty Welcome
