Lastly, that the declivity on the South West of the Toll Bridge over the River Montmorency between l'Ange Gardien and Beauport ought to be widened and rendered less steep, which may cost £25.

There are but few important observations to submit with respect to that portion of your District of which you have confided the superintendence to me. Any I might make would bear only upon general subjects universally understood. I feel it however to be proper to make in favor of the inhabitants of Malbaie a representation similar to that which I have already made with respect to the three Parishes beforementioned, namely that as they intend to erect a Bridge nearly 300 feet in length over the River dividing their Parish in two, it would perhaps be just and proper to aid them in their laudable intention. According to the Statements before me, it appears that they have an opportunity of contracting for a Sum not exceeding £300 Currency, the materials to be furnished and conveyed to the spot by themselves. I drew up a Procès Verbal of the said Bridge which was ratified at the last general Session of the Peace.

Quebec, 9th June, 1815.

SIR,

The Act passed in the last Session of the Provincial Parliament, intituled, "An Act for the improvement of the internal communications in this Province," directing the Commissioners appointed by His Excellency the Administrator in Chief for carrying the said Act into execution in the District of Quebec, to acquire information relative to the duties thereby imposed upon them, and to the improvements to be made within the District of Quebec for the purpose of facilitating internal communications, and upon the probable expence of the work to be done relative to such improvements, and directing the said Commissioners to report to His Excellency the Administrator in Chief and to both Houses of the Provincial Parliament, at its next Session, the Improvements which shall have been made in the District of Quebec under the aforesaid Act, with such other remarks and information as they shall consider it proper to make or give relative to the improvements to be made in the internal communications of the District of Quebec;
