

## THE BRIGHTEST DAY FOR EVERY WOMAN

Comes With Good Health Through the Use of Dr. Williams' Pink Pills

Her brightest day for every girl and every woman is the day when she looks well, feels well and is well, but with most of the fair sex such days are rare. Instead they suffer from a painful languor, have a terrible weakness in the back, headaches that make everything seem blurred, and a ceaseless aching in the limbs. These and other trials afflict girls and women through the lack of rich, red blood nature. Dr. Williams' Pink Pills are calling for. Dr. Williams' Pink Pills have given the joy of real robust health to thousands of women who are happy today because these Pills actually make the rich, red blood that makes weak ones well and strong. This statement has been proven over and over again. Here is further proof from Mrs. C. J. Brook, Manitow, Man., who says: "After a busy term on second class work, followed only by a short time of relaxation, and a strenuous two and a half months normal course, in March, 1906, I began teaching school. I had a heavy rural school, with a large attendance, and consequently a large number of grades, thus I found the work a great nervous strain. This added to the overwork of study, previous to teaching, soon resulted in a 'run down' condition. When vacation time came I did not pay much attention to my condition as I thought the holidays would restore me, but as I resumed work again I soon found this was not the case. One morning when I came to breakfast everything reeled before me and I almost fainted away. The lady with whom I was boarding advised me to take Dr. Williams' Pink Pills. She always spoke very highly of them, her daughter having used them with the most beneficial results following a severe attack of inflammatory rheumatism. I decided to take her advice, and had only taken a few boxes when I began to improve in health—and such an appetite as I had. I rapidly gained health, my face had a healthy glow, and I gained in weight. I have since often recommended Dr. Williams' Pink Pills to others who have used them with equally beneficial results, and I believe the Pills to be a standard remedy for the ills for which you recommend them."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### SUCH A SIMPLE MATTER.

A benevolent old gentleman stopped at the sight of two similar-looking infants in a baby carriage. "Ah, twins!" he said to the nurse. "And how do you know them apart? Which is which?" "This one," answered the nurse, pointing, "is this, and that one is that."

"Quite so," said the gentleman. "But"—indicating the second one—"might not this one be this also?" "It might," replied the girl; "but then that one would be that."

"And how do you manage to separate them?"

"We put one in one room, and the other in another."

"Indeed! And which one do you put in one room?"

"Sometimes this one, and sometimes that."

"And how do you know which one you're putting in which room?"

"We look and see which one is in the other room, and then we know that the other is in this room."

"Good!" said the gentleman. "But if one of them was in the house, and the other was away somewhere, would you be able to tell which was in the house?"

"Oh, yes, sir," replied the girl earnestly. "All we would have to do would be to look at him, and then we'd know that the one we saw was the one in the house, and then, of course, the one away somewhere would be the other. There are only two of them, you see, which makes it very easy."

## CLEVER SWINDLER ESCAPES.

Captivating German Maidens' Hearts His Specialty.

A notorious swindler of a high order of talent, whose specialty was the marriage line, and whose most recent alias was General Count von Passy, has just made his escape from the prison at Heilbronn, Germany.

On a recent morning his cell window, which looks out on a narrow lane, was found open, the iron bars securing it being filed through and the count gone. It is presumed that he had assistance from outside. He found time before leaving prison to write a polite note to the Crown Prosecutor, begging forgiveness for causing this official so much trouble.

"The fact is," wrote the count, "that I am obliged to attend to certain very important matters, and must therefore renounce your hospitality."

"Count von Passy" first became prominent about five years ago as Major von Schiemangk. An American major of cavalry he called himself. He donned a uniform which was that of the United States cavalry, plus several bits of gold lace and numerous gilded buttons, which were not in the army regulations. He explained afterward with shocking cynicism that ladies liked these gilded additions, and that they enabled him to reach their hearts more speedily. Be this as it may, he carried on his adventures for some time with impunity and was said to have netted considerable sums from guileless maidens and widows.

At last he made the acquaintance of the widow of a naval officer, who was on the point of handing him over 3,000 marks as guarantee money, when she thought better of it and asked for the assistance of the police. The result was disastrous for the major, and sentence of three years' imprisonment was evidence of the manner in which the Court of Justice viewed his enterprise. Last August he was liberated from ways spoke very highly of them, her daughter having used them with the most beneficial results following a severe attack of inflammatory rheumatism. I decided to take her advice, and had only taken a few boxes when I began to improve in health—and such an appetite as I had. I rapidly gained health, my face had a healthy glow, and I gained in weight. I have since often recommended Dr. Williams' Pink Pills to others who have used them with equally beneficial results, and I believe the Pills to be a standard remedy for the ills for which you recommend them."

The "count" is described as a man of the most engaging personality, with the frank and easy bearing of a soldier. He is at his best when narrating his military experience in the Philippines, which he may have seen on the map.

### SUFFERED GREATLY FROM COLIC

Mrs. Aime Guenette, L'Immaculee Conception, Que., writes: "My little boy suffered greatly from colic. I gave him castor oil and other medicines without helping him in the least. One day I saw Baby's Own Tablets advertised, so I wrote for a box. I found them so good that I always keep them in the house and would use no other medicine for baby." The experience of Mrs. Guenette has been that of thousands of other mothers. Not only do the Tablets cure colic, but they cure constipation, vomiting, indigestion, make teething easy, banish worms and make baby bright, active and happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Husband—"After all, civilization has its drawbacks. People in the savage state seldom get ill." Wife (sweetly)—"I wonder if that's the reason you are so healthy?"

### KEEP MINARD'S LINIMENT IN THE HOUSE.

FERDINAND THE FAITHFUL. Warily Ferdinand the frayed trudged up the garden path, and took off his hat to the woman at the door.

She eyed him keenly, and a quick flash of recognition passed over her countenance.

"Look here," she said, "you called at this house in the depth of last winter."

"I did, ma'am," he sorrowfully admitted.

"And I gave you a good square meal on condition that you swept the snow out of my backyard."

"That's right, ma'am."

"And when you had the meal you sneaked off without doing it."

Ferdinand passed the back of his hand tremulously over his eyes.

"Yes, ma'am," he said brokenly, "and my conscience smote me for the mean trick. That's why I've tramped all the way back under the scorching sun to finish the job."

## THE POSTMASTER TELLS HIS FRIENDS

THAT THEY SHOULD USE DODD'S KIDNEY PILLS FOR KIDNEY ILLS.

He had Backache for a long time but Dodd's Kidney Pills cured it. That is why he recommends them.

Dyment, Ont., May 15, (Special)—John Olberg, postmaster here, and well-known throughout this entire neighborhood, is telling his friends that Dodd's Kidney Pills are the cure for all forms of Kidney Disease. And when they ask how he knows, this is the answer he gives: "I was troubled with Backache for a long time and Dodd's Kidney Pills cured it. That's why I recommend Dodd's Kidney Pills to all sufferers from Kidney Disease."

And the postmaster is not the only one in this neighborhood who has found relief from their Kidney ills in the old reliable remedy, Dodd's Kidney Pills. Others there are whose Rheumatism has been relieved, whose Dropsy has vanished, and whose Urinary Troubles have been cured. For if the disease is of the Kidneys, or caused by the Kidneys being out of order, Dodd's Kidney Pills never fail to cure it.

### THE LISTENER.

"That woman who lives next door, James," said Eliza, the young married woman, to her husband, "is the laziest, dreadfulest, most gossiping person I have met during my whole life. She does nothing but talk, morning, noon, and night. I am perfectly certain that she can never get any work done."

"Ah," replied her husband, "I thought she was a chatterbox. And to whom does she talk all day long?"

"Why, my dear, to me, of course," was the reply. "She talks to me over the garden wall."

The schoolmaster was explaining the circulation of the blood. "If I were to stand on my head, the blood would rush to my head, wouldn't it?" No one contradicted him. "Now," he continued, "when I stand on my feet, why doesn't it rush to my feet?" "Because," said the bright boy suggested, "your feet ain't empty!"

## A SURPRISE PARTY.

An Incident of the Early Days of the Northwest.

The Canadian Pacific Railway, it is announced, will open up in the spring fifty new towns situated on branch lines. The great Northwest is becoming one of the settled countries of the world. The necessities for "roughing it" are growing less. To-day the traveller finds a far different country from that described by J. A. Lees and W. J. Clutterbuck in "B. C. 1887." Among some of the anecdotes related by them is the following. It is the old story of the tenderfoot, but with a new ending.

A Britisher, settled out there, appeared one Sunday in a "stove-pipe" hat. The citizens expressed their appreciation by pouncing out of corners and other places of vantage, and bonneting the "info-lun-ate wearer. The first "topper" as thus reduced to pulp. However, the undaunted proprietor appeared the next Sunday with a lovely new one, which one of the "boys" marked as his prey when they came out of church.

The joker was a tall man. He swung his hand aloft and brought it flat down on the hat with wonderful emphasis. The populace yelled with delight. The joker yelled also, but from a different cause. The worthy stickler for "stove-pipe" hats had skillfully inserted tacks beneath and through the crown of his head-gear in such a way that they stuck upward through the nap. Now, if he chooses to keep his hat on during the service no one remonstrates.

Trial is Inexpensive.—To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parnelee's Vegetable Pills is recommended, should the sufferer be unacquainted with them. The trial will be inexpensive and the result will be another customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.

### SUBMARINES AND WIRELESS.

The British Admiralty has decided to equip certain classes of submarine naval boats with wireless telegraph apparatus. Experiments last year convinced the officials that the plan is feasible. No difficulty was found in receiving messages from a distance of fifty miles in every direction but there was considerable difficulty in sending messages from the submerged vessels. This has been overcome, it is thought, by the plan of giving each boat a mast and gaff for supporting the aerial wires, means being provided for lowering the mast to the level of the upper deck when not in use. Water tight sockets in the upper deck permit the passage of the wires down to the instruments in the hull of the vessel.
