Miss Helen Anquetil has gone to Toledo, where she will visit friends for a couple of weeks.

Dr. and Mrs. J. K. Northwood, of Washington, D. C., were guests at the Garner House yesterday.

Bill Murphy has accepted the position of head clerk in the grocery store of A. J. Wilson, Head St.

Whether the sun shines or the rain falls, the Mt. Forest-Tecumseh lacrosse game will be played to-morrow afternoon at the Fair Grounds.

Mrs. McSherry, of Chicago, Mrs. Johnson, of Detroit, and Mrs. Parker, of Toledo, are the guests of Mrs. J. H. Terry, Harvey St.

The L. O. F. excursion to Detroit has been arranged for Tuesday, August 23, via City of Chatham. Boat leaves at 7:30 a. m. and will remain one extra hour in the city. Fare for the round trip 50 cents.

Manager Babcock of the Tecumsehs has received word from President Frank, of the C. U. A., that the lacrosse game with Mt. Forest will have to be played to-morrow rain or shine.

Thos. Jacques, of Toronto, will be at Wm. Gray & Sons Co., Chatham, on Saturday, August 27th, to buy a carload of good, sound heavy draught and express horses, also good drivers. Must be sound and in good condition.

William Brown, was dismissed to-day. He was charged with hitting Sidals in the head with a rock, in the bar-room of the Park House on the night of August 1st. There was no evidence and the case was dismissed.

Mr. and Mrs. Joseph Northwood, of Washington City, are visiting the former's parents, Mr. and Mrs. John Northwood, Main street. Joe is an old Maple City boy and was always a prominent athlete. He was probably the best half-back in association football ever seen in Western Ontario.

Geo. Gray, of the T. H. Taylor Co., has returned from Muskoka, where he and Mrs. Gray have been spending a couple of weeks' holidays.

Mrs. Gray will visit in Barrie before she returns to the city. Geo. Gray, of Austin's, who has been in the same place, returned a week ago. There were not many fish in Muskoka—at least the latter Mr. Gray didn't catch many when he was there and now his name sake of the Taylor Company, has great stories of enormous catches during the past week.

He says he caught 50 bass in one day after Austin's Gray, left Muskoka, and now the latter is sorry he came home so soon.

Roy Tobey, of the Two T's, has received a letter from his partner in business, Fred Trudell, who is at present on a purchase trip to New York. Mr. Trudell writes from the Waldorf Astoria, where he is staying during his visit to New York.

Fred was passing along a street when an elevator in a nearby building fell eight stories and injured several people and killed two others. Fred was one of the first on the scene of the disaster and helped to carry away the wounded. He describes it as an awful sight but the people there are quite used to it.

On Sunday he saw a man drop dead on the street from the heat. This is also a common occurrence.

GREAT CATCH

Messrs McKay and Rutley Entertain—City Engineer with Old Time Fishing Experience.

T. J. Rutley, City Engineer Jones and A. C. McKay were out at Erie Eau fishing one day recently. They were fishing from the Bonnie Belle and as T. J. Rutley pulled in a rather fine pickerel Mr. McKay casually asked T. J. if he remembered the time that the two of them had driven out to Erie about fourteen years before and the fine catch they had secured on that occasion. Mr. Rutley actually remembered.

"I never saw such fine fishing as we had that day. Most unusual experience," remarked Mr. McKay, turning to the City Engineer. "Most remarkable, I should say. We went down to the water to catch some minnows and they certainly were there in shoals waiting to be caught. Mr. Rutley took a scoop with his landing net and brought up full of large shiners. Something had frightened the minnows and they had made the scoop and they had all raced in to the net. Why the minnows were wedged into that landing net like sardines in a box, I had to help Tom pull the net in and we had to pry them out, one at a time. Quite a number were sunken and we, of course, threw them away. When we counted our catch, which we had put in a tub, we found that we just had 75 big shiners. They were dandy. We put the tub of minnows in a boat and went out to fish at one of the bays. We had scarcely got baited up and ready to fish when an eight-pound pickerel jumped out of the water and by mischance and our good luck, fell right in our tub of minnows. The pickerel thought he had struck a free lunch and he absorbed those minnows like a Chatham Old Boy, at the Garner Hotel, on Reunion day.

"That big pickerel ate so many minnows—he put away the whole 75—that he couldn't move. He was gorged and unable to flop back in to the water. Naturally we secured him and having cut him open got our 73 minnows back. This had all happened so quickly that the minnows hadn't had time to die and all were alive except one that Tom injured when cutting the fish open. You notice that I say 73 minnows, each of us had one on our line and I don't want to exaggerate any. There are so many people ready to doubt a fish story. With the two minnows we had on our lines, we now only had 71 altogether, we started in to fish for black bass and every minnow was good for a fish. At the end of the day we just had 71 fine large black bass and the eight-pound pickerel. The bass averaged 4-1/2 pounds each, most of them over 12."

About this time, Mr. Jones began to get interested. He looked up at the canny Scotchman a second, an eyelid fluttered and then he devoted his attention once again to his piscatorial occupation.

"Bull" Reports Unters.
Winnipeg, Aug. 17.—The weather is cooler, but the rain holds off and conditions are favorable for the ripening of grain. The C.N.R. weekly reports issued yesterday are generally favorable. All the districts covered report the crops much benefited by the warm spell. The feature of the Chicago bull market has been the reports of rust damage to Canadian wheat, especially in the Boundary district and on the Portage Plains. There is possibly some slight truth in the former, but the Portage Plains story, affecting as it does the richest district in Manitoba, is a fabrication from beginning to end. There is no suspicion of rust in that district.

Criminals Sentenced.
Hamilton, Aug. 17.—Judge Snider dealt with criminal cases yesterday. Jake Burgess, arrested in Toronto for stealing a watch from an Indian named Peter Schuler, was sent to Kingston Penitentiary for two years.

William Davey, who stole a pair of boots from Thomas Appleton, will do three months' Jefferson Lee, a bell boy at the Waldorf, was allowed out on deferred sentence. He had spent time in jail awaiting trial on the charge of criminally assaulting Isabella Grant.

BROKE BOOM

W. M. Drader is complaining about boys who take the logs out of his booms to play on and then don't put them back. Yesterday, the boys broke the boom, and, as a result, the mill had to be shut down while the men went out to repair the boom. It took three or four hours to get the logs all back and the boom repaired. Some of the logs came near getting away. Mr. Drader will pay a reward for any information that will enable him to prosecute the boys who are responsible. The boys go down to swim and as soon as the millmen start across they flee so that it is practically impossible to catch the boys.
