Kilburn News

Mrs. John W. Grant of Kilburn, N. B., recently received a letter from a chum of her son, the late Lance Corporal Robert Grant of the 46th Batt., which will prove of interest to his friends:

Brance, Feb. 3, 1918

Dear Mrs. Grant:—I have often thought of writing to you and know that I should have done so. I had lots of time while in the hospital but was not sure of your address and the rest of the time it was just neglect. I know that Pte. Stonebridge writes to you, and he often lets me read your letters.

As you want to know, Mrs. Grant, I can tell you Bob was killed with a machine gun bullet in the head. It was a fatal place and he did not suffer at all. I did not see him afterward for I was in a different section, immediately on his right, but one of the boys stayed with him a few minutes. He was not disfigured at all, only a small hole.

If Bob sent you any pictures while we were in camp, you will likely have one of me. If you have no late pictures of him I could get my mother to send you one. I left nearly all of my photo's at home, so I have not one of him here.

The weather has been very kind to us lately, but two weeks ago the mud was awful. Mud and wet weather are so depressing to one's spirits that I will gladly welcome the summer.

Pte. Stonebridge and I are in the same section. We are runners, or messengers.

I like to read your letters, Mrs. Grant. They are so much like those I get from my mother. They very often drive away a bit of the blues. I really don't know what we would do out here if it were not for the mail. Encouragement from real friends is such a helping hand.

My youngest brother enlisted some time ago and mother was very much put out about it. He is only 17 and I hope he will take my advice and go home for a while, at least of course, mother could claim him but she thinks perhaps that is not her duty. I would mind if father was living, but it leaves her so lonely.

I am sure you know what a noble son you had in Bob, and I can say that everything I knew of him was absolutely to his credit. He was a man among men in the Battalion.

I will close for now as I am a very poor hand at writing a letter. I would like to hear from you if you have time to write. I am sure mother would have written if she had known your address.

Your Sincere Friend,

Pte. Archie W. Smith.

Mrs. Grant has also received a letter from Pte. Stonebridge stating that a monument has been erected on Vimy Ridge in memory of the men of the 46th Battalion, who fell in action there last April.

Nothing Can Compare With It

Mr. Fred Adams, New Rise, S. writes: "I have tried many medicines for coughs and colds but never found anything compare to Dr. Chase's Syrup of Linseed and Turpentine. We have had the greatest satisfaction with the medicine for it never fails to relieve a cough or loosen it."

A.W. CHASE, M.D.
Practising Physician
Ann Arbor, Mich.
1863

"WHO IS THIS DR. CHASE?" we are sometimes asked by persons who know his medicines, but are not familiar with his interesting life story.

The boyhood days of Dr. A. W. Chase were spent in the vicinity of Buffalo, N.Y., and as he had early decided to be a medical doctor, he took the first opportunity of attendance at the University of Michigan, located at Ann Arbor.

After graduation he began the practice of medicine in Ann Arbor, Mich., and at the time represented in the illustration, his reputation as a physician of exceptional skill had spread far beyond the confines of his State, and people came to him for treatment from many miles around.

As he was accustomed to travel across western Ontario to his native city of Buffalo, he frequently stopped over at Canadian towns and cities for special consultation, and in this way made many friends in Canada.

The character and personality of Dr. Chase was such that to

know him was to love him. He merited confidence and respect, and made lasting friends wherever he went.

And thus it happened that when the illness placed his most successful professional career on the market, so that the people might obtain more readily, they met with a reception in Canada as well as in the United States.

This letter from Mr. Parke will give you an idea of how Dr. Chase's medicines became known throughout Canada.

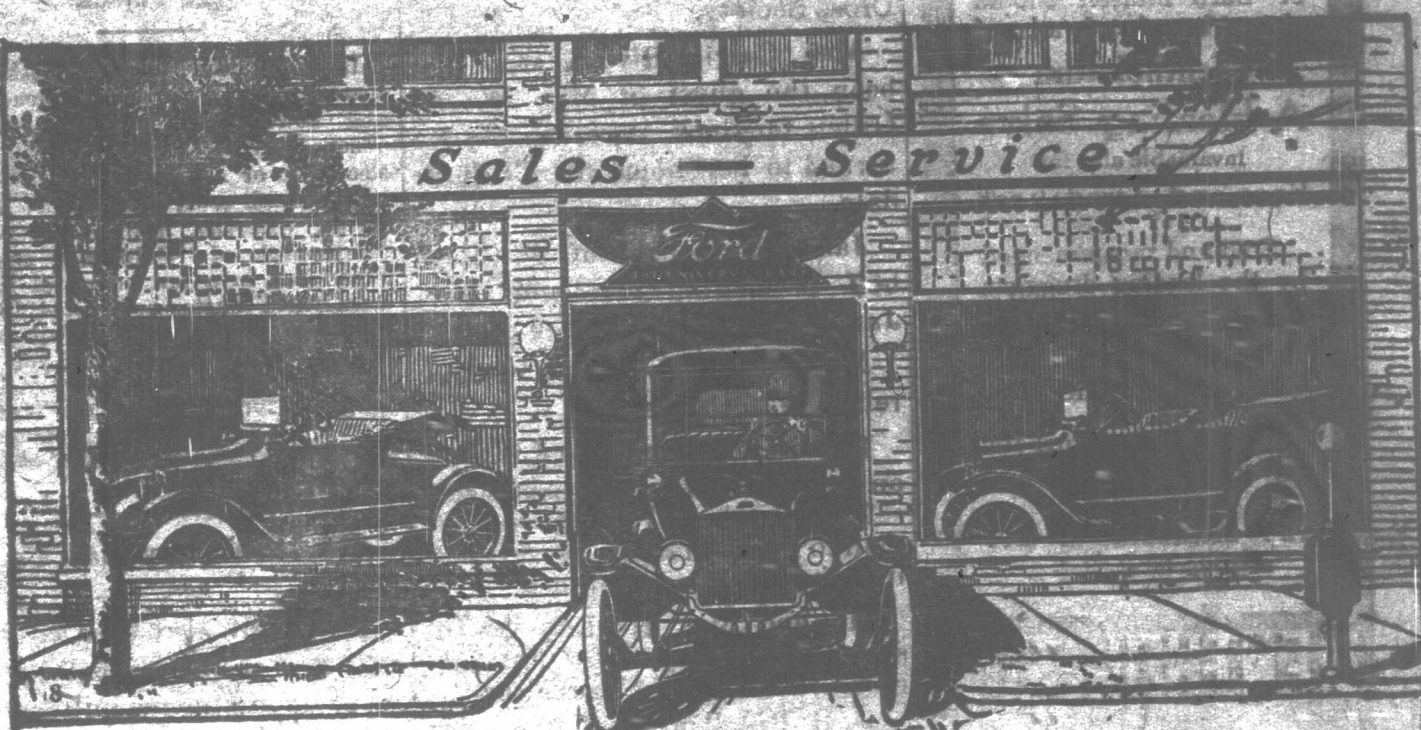

Went to Dr. Chase in 1897

"In the year 1897 I was very bad with my kidneys. I could not work or sleep, and being lame, sore and painful all the time. I carefully followed the directions of our family doctor, but was unable to do the least good. At this time Dr. A. W. Chase was becoming known as an especially successful physician, and on the advice of my uncle, Charles Williams, I went to Dr. A. W. Chase at Ann Arbor, Michigan, and he gave me a box of his pills for kidney disease.

You can scarcely imagine how much good they did me. They helped me so much that I went back to the doctor and bought a dozen boxes. In my mind there is not a medicine half so good as Dr. A. W. CHASE'S KIDNEY-LIVER PILLS for kidney trouble and headache. We always keep them in the house as a family medicine, and I would not think of using any other. Dr. A. W. Parke, Surgeon, Bay, Ont.

Note that the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box of his medicines.

Dr. A. W. Chase's medicines are for sale by all dealers or sent on receipt of price by Edmanston, Bates & Co., Ltd., Toronto.
